---

### **DUTIES, FUNCTIONS & RESPONSIBILITIES OF THE BOARD**

**Fiduciary Duty.** The Board acts on behalf of the Bank and as such, it is vested with the fiduciary duties of loyalty and care for which Board members should act on a fully informed basis, in good faith, with due diligence, and in the best interest of the Bank and all shareholders. (Recommendation 2.1, SEC CCG)

**Key Functions.** The Board shall fulfill certain functions, including the following:

- Review and guide corporate strategy, risk management policies and procedures, annual budgets and business plans, and monitor their implementation;
- Set financial objectives, monitor implementation and corporate performance; and

For the roles and responsibilities of the Chairperson in Recommendation 2.3, please refer to Section 5.

**Responsibilities.** The Board is collectively responsible for the sustainable long-term shareholder value of the institution, sustain its competitiveness, profitability and industry leading position in a manner consistent with its corporate objectives.

It leads in establishing the tone and practices of good corporate governance at the top. It sets the Group's corporate values and high ethical standards of business conduct for itself and all members of the Group. Through its oversight, monitoring and review functions, the Board ensures that the Group is being run in a sound and prudent manner on a going concern basis in order to fulfill its obligations to all majority and minority shareholders while upholding and protecting the interests of different constituencies. To this end, the Board exercises the following responsibilities:

- 1. Management Succession Planning.** The Board, in coordination with the Corporate Governance Committee, shall ensure that the Bank has in place an appropriate and updated succession planning for key executives to address emergency in the event of extraordinary circumstances and ensure continuity of operations. (Recommendation 2.4, SEC CCG)

On the retirement age of directors, however, the Board recognizes the fact that chronological age is not the main factor in determining effectiveness of the director in discharging its duties and responsibilities. Rather, the Board will lose valuable wisdom from the senior directors. By law, once directors are elected by shareholders, they could not be removed because of age. Hence, the Board decided to hold in abeyance the implementation of the retirement age policy for directors.

- 2. Remuneration and Other Incentives of Directors and Senior Management.** The levels of remuneration of the Bank shall be sufficient to attract and retain experienced and professional directors and officers needed to run the Bank successfully. The board of directors shall approve a remuneration and other incentives policy that is appropriate and consistent with the Bank's operating and risk culture, long-term business and risk appetite, performance, and control environment. Said policy shall cover all employees and should be designed to encourage good performance that supports the long-term interest of the Bank and its stakeholders. It shall be aligned with prudent risk taking and explicitly discourage excessive risk taking as defined by internal policies. The Compensation Committee shall monitor and review the remuneration and other incentives policy including plans, processes and outcomes, at least annually, to ensure that it operates and achieves the objectives as intended. .

The Bank shall consider the following in the design of the remuneration and other incentives policy:

- a. The remuneration and incentives package shall take into account the employee's position, role, responsibilities and activities in the Bank. It shall also consider the risks that the employee takes on behalf of the Bank. In this regard, it should be sensitive to prospective risks and risk outcomes that have been realized and considers the overall performance of the Bank.

b. Remuneration and incentive pay-out schedule should be sensitive to the time-horizon of risk. The policy may include provisions that defer payment until risk outcomes are better known or provisions under which remuneration and incentives may be reduced or reversed if new facts emerge showing that the remuneration and incentives paid was based on erroneous assumptions, such as misreporting or if it is discovered that the employee has failed to comply with internal policies or legal requirements.

c. Remuneration of employees in risk control functions (i.e., Internal Audit, Compliance, and Risk Management Functions) shall be based on the achievement of their objectives and shall be independent of the business lines which they oversee.

d. The remuneration and other incentives policy for directors should be consistent with the long-term interest of the Bank, does not encourage excessive risk-taking, and is not in conflict with the director's fiduciary responsibilities. It shall be submitted for approval of the stockholders.

The Bank's annual reports and information statements shall include a clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, paid to, or estimated to be paid to, directly or indirectly to all individuals serving as the CEO or acting in a similar capacity during the last completed fiscal year, and the Bank's four (4) most highly compensated executive officers other than the CEO who were serving as executive officers at the end of the last completed year. (Recommendation 2.5, SEC CCG)

- 3. Selection, Nomination and Election of Board Members.** The Nominations Committee is tasked to undertake the process of identifying the qualifications of directors aligned with the company's strategic direction. In evaluating the suitability of individual board member and promoting diversity in the composition of the Board, the Nominations Committee should take into account the relevant qualifications of every candidate nominated for election such as among others, physical/mental fitness, relevant educational and professional background, personal track record, experience/training, commitment to contribute, willingness to serve and interest to remain engaged and involved without undue prejudice to race, gender, ethnic origin, religion, age or sexual orientation. At least one of the non-executive directors should have prior working experience in the financial industry or a relevant business group. For the reelection of incumbent directors, the Nominations Committee should also consider the results of the most recent self-assessment of the Board and peer evaluation, director's attendance record in meetings, participation in Board activities and overall contribution to the functioning of the Board. A former partner or employee of the Bank's current external auditing firm will not be qualified for nomination as member of the Board. The Nominations Committee will use to the extent possible, external search firm or external data bases in selecting the pool of candidates for the members of the Board. Any stockholder, whether majority or minority has the right to nominate candidates for seats in the Board of Directors who possess all the qualifications and none of the disqualifications of Directors as prescribed in the Bank's By-Laws and the rules of BSP and SEC. Election/appointment of directors shall be subject to the confirmation by the Monetary Board. The process of nominating a person to the directorship position during the Annual Stockholders' Meeting is discussed in the Information Statement (SEC Form 20-IS) filed and disclosed to the Securities and Exchange Commission and sent to the shareholders and/or posted on the website and the Philippine Stock Exchange. The registration process to participate and vote during the Annual Stockholders' Meeting is provided in the Notice of Annual Stockholders' Meeting. Related party transactions, whose value may exceed 10% of the Bank's total assets, require review of an external independent party to evaluate the fairness of its terms and conditions and approval of 2/3 vote of the Board, with at least a majority of the independent directors voting affirmatively. (SEC Memorandum Circular No. 4, Series of 2019)

The Related Party Transactions policy applies to BDO Unibank, Inc., its subsidiaries and affiliates, as applicable and intended to ensure that every related party transaction is conducted in a manner that will protect the Bank from conflict of interest which may arise between the Bank and its Related Parties; and proper review, approval, ratification and disclosure of transactions between the Bank and any of its related party/ies as required in compliance with legal and regulatory requirements.
