Corporate Secretary

BRIEF DESCRIPTION OF AGENDA ITEMS

- I. **Call to order.** The Chairperson, Ms. Teresita T. Sy, will formally open the 2020 Annual Stockholders’ Meeting (ASM) of BDO Unibank, Inc. (“BDO”).
- II. **Proof of notice and determination of existence of quorum.** The Corporate Secretary, Atty. Edmundo L. Tan, will certify that notice requirements for the 2020 ASM have been complied with in accordance with BDO’s By-Laws, Revised Corporation Code of the Philippines, and the Securities and Exchange Commission (SEC), and will attest whether a quorum is present for the valid transaction of the ASM and all matters included in the Agenda.
- III. **Approval of the Minutes of the Annual Stockholders’ Meeting held on April 22, 2019.** Copies of the Minutes are available for examination during office hours at the Office of the Corporate Secretary and at BDO’s website <www.bdo.com.ph/2019ASMminutes>. Stockholders will be asked to approve the Minutes. Below is the text of the proposed resolution:

“RESOLVED, That the Stockholders of BDO Unibank, Inc. approve, as they hereby approve, the Minutes of the Annual Stockholders’ Meeting held on April 22, 2019.”
- IV. **President’s Report and approval of BDO’s Audited Financial Statements (AFS) as of December 31, 2019.** The Report presents the highlights of the performance and achievements of BDO in 2019. It includes the summary of the AFS which is incorporated in the Definitive Information Statement (DIS) posted in BDO’s website <www.bdo.com.ph/2020DIS>. Copies of the AFS are also submitted to the SEC and Bureau of Internal Revenue.
- V. **Open Forum.** Every stockholder may raise any relevant question or express any appropriate comment. Stockholders are given the opportunity to send their questions and/or remarks prior to the meeting by sending an email to <irandcorplan@bdo.com.ph> not later than 2:00 p.m. of June 16, 2020. Questions which cannot be read and answered during the meeting will be replied to by BDO through the Stockholders’ email addresses.
- VI. **Approval and Ratification of all Acts of the Board of Directors, Board Committees and Management during their terms of office.** All actions and proceedings, criteria and process for the Board of Directors’ evaluation as published in BDO’s website, including approvals of significant related parties’ transactions, of the Board of Directors, the Board Committees, and the Management of BDO from the last Annual Stockholders’ Meeting of BDO held on April 22, 2019 will be presented to the stockholders for their approval and ratification. These collective actions are the main keys to the impressive performance of BDO in 2019.
- VII. **Election of Directors.** The Chairman of the Nominations Committee will present to the stockholders the nominees for election as members of the Board of Directors of BDO, including the independent directors. The profiles of the nominees to the Board of Directors are provided in the DIS posted in BDO’s website <www.bdo.com.ph/2020DIS> for reference of the stockholders.

- VIII. **Approval of the Amendments to BDO's Articles of Incorporation and By-Laws to conform to the Revised Corporation Code of the Philippines and BDO's current operations and structure as well as enhance corporate governance.** Approval and ratification by the stockholders representing at least two-thirds of the outstanding capital stock will be sought to amend the Articles of Incorporation and By-Laws of BDO in order to update its processes and structure, enhance corporate governance, and conform to the requirements under the Revised Corporation Code and other relevant regulatory issuances. The Board approved and endorsed to the stockholders for their approval and ratification the proposed amendments at its meeting on October 26, 2019 through the adoption of Resolution Nos. 242-2019 and 242-A-2019, the full text of which is provided in the DIS posted in BDO's website <www.bdo.com.ph/2020DIS>.
- IX. **Appointment of External Auditor.** The Board Audit Committee of BDO would accept and screen the nominees for external auditor of BDO. It will make the appropriate recommendation on the appointment of one auditing firm as external auditor of BDO. The recommended external auditor will be presented to the stockholders for their approval.
- X. **Other business that may properly be brought before the meeting.** All other matters that arise after the Notice of Meeting and Agenda have been sent out or raised throughout the course of the meeting may be presented to the stockholders for consideration. Stockholders may raise such matters as may be relevant or appropriate to the occasion.
- XI. **Adjournment.** After consideration of all business, the Chairperson shall declare the meeting adjourned. This formally ends the 2020 Annual Stockholders' Meeting of BDO.

BDO DIVIDEND POLICY STATEMENT

BDO recognizes the importance of providing a stable and sustainable dividend stream consistent with its commitment to stockholders. Since December 2013, the Bank has been paying regular cash dividends of Php 0.30 per quarter, or an annual equivalent of Php 1.20 per share and will endeavor to do so while maintaining financial stability.

The Board of Directors may, at its discretion and depending on the business results for the year and capital needs of the business, declare and approve the distribution of additional special dividends to all stockholders normally announced at the Annual Stockholders' Meeting.

Stockholders will receive an e-mail reply from BDO's Office of the Corporate Secretary within three (3) business days from receipt. The Office of the Corporate Secretary's email reply will either confirm successful registration and provide the link/meeting details to BDO's 2020 ASM OR require submission of deficient documents. If you have not received any email reply within three (3) business days from receipt, please call tel. nos. 8840-7610 or 8878-4208.

Important Reminder: Please refrain from sending duplicate and inconsistent information/documents as this can result in failed registration. All documents/information shall be subject to verification and validation by the Company.

Step 2: Voting in Absentia Procedure

Stockholders who have successfully registered shall be notified via email from the Office of the Corporate Secretary of their log-in credentials for the ASM. Registered stockholders can then cast their votes for specific items in the agenda by accomplishing the print-out of BDO's ballot form. The ballot form can be accessed and downloaded from BDO's website <www.bdo.com.ph/ASMBallot>.

1. Upon accessing and downloading the ballot, the stockholder can vote on each agenda item on the ballot print-out. A brief description of each item for stockholders' approval are appended as Annex A to the Notice of Meeting.
 - 2.1 A stockholder has the option to vote "Yes", "No", or "Abstain" on each agenda item for approval.
 - 2.2 For the election of directors, the stockholder has the option to vote for all nominees, withhold vote for any of the nominees, or vote for certain nominees only.

Note: A stockholder may vote such number of his/her shares for as many persons as there are directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected (11 Directors) multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit, provided, that the total number of votes cast shall not exceed the number of shares owned by the stockholder.

2. Once the stockholder has finalized his vote, he can proceed to submit his ballot by sending in JPG or PDF format to <corporate_secretary@bdo.com.ph> **no later than June 15, 2020.**

If sending via email, should be clear scanned copies in JPG or PDF format, with each file size no larger than 2MB.

Step 3: ASM Livestream

The ASM will be broadcasted live and stockholders who have successfully registered can participate via remote communication. Details of the meeting will be sent to stockholders in the emails provided by BDO. Instructions on how to access the livestream will also be posted at <www.bdo.com.ph/2020ASM>.

Video recordings of the ASM will be adequately maintained by the Company and will be made available to participating stockholders upon request. Stockholders may access the recorded webcast of the ASM by sending an email request addressed to <corporate_secretary@bdo.com.ph>.

Open Forum

During the virtual meeting, the Company will have an Open Forum, during which, the meeting's moderator will read and where representatives of the Company shall endeavor to answer as many of the questions and comments received from stockholders as time will allow.

Stockholders may send their questions in advance by sending an email bearing the subject "ASM 2020 Open Forum" to <irandcorplan@bdo.com.ph> not later than 2:00 p.m. of June 16, 2020. A section for stockholder comments/questions or a "chatbox" shall also be provided in the livestreaming platform.

Questions/comments received but not entertained during the Open Forum due to time constraints will be addressed separately by BDO through the stockholders' email addresses.

For any clarifications, please contact our Office of the Corporate Secretary through <corporate_secretary@bdo.com.ph>.

For other ASM-related queries, stockholders may contact BDO at <corporate_secretary@bdo.com.ph> or Investor Relations at <irandcorplan@bdo.com.ph>.

Item 2. Rights of Shareholders; Dissenter's Right of Appraisal

BDO Unibank, Inc. (BDO) respects the inherent rights of shareholders in accordance with law. BDO recognizes that all shareholders should be treated fairly and equally whether they are controlling or minority, local or foreign. To ensure this, the By-Laws of BDO provide that all shares of each class should carry the same rights, and any changes in the voting rights shall be approved by shareholders.

When a proposed corporate action would involve a substantial and fundamental change in BDO in the cases provided by law, a stockholder may exercise his appraisal rights. Pursuant to Section 80 of the Revised Corporation Code of the Philippines, a stockholder may exercise his appraisal right by dissenting on any of the following corporate actions and demanding payment of the fair value of his shares:

- (1) In case an amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence;
- (2) In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets as provided in the Corporation Code;
- (3) In case of merger or consolidation; and
- (4) In case of investment of corporate funds for any purpose other than the primary purpose of the corporation.

The procedure for the exercise of a stockholder's appraisal right is as follows:

- (1) A stockholder shall have dissented to such corporate action;
- (2) Within thirty (30) days after the date on which the vote was taken, the dissenting stockholder shall make a written demand on BDO for payment of the fair value of his shares.

Failure to make the demand within such period shall be deemed a waiver of the appraisal right.

- (3) Within ten (10) days after demanding payment for his shares, the dissenting stockholder shall submit to BDO the certificate(s) of stock representing his shares for notation thereon that such

shares are dissenting shares. His failure to do so shall, at the option of BDO, terminate his appraisal rights.

- (4) No demand for payment as aforesaid may be withdrawn by the dissenting stockholder unless BDO consents thereto.
- (5) If the corporate action is implemented or effected, BDO shall pay to such dissenting stockholder, upon surrender of the certificate(s) of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of a merger if such be the corporate action involved.
- (6) If within a period of sixty (60) days from the date the corporate action was approved by the stockholders, the dissenting stockholder and BDO cannot agree on the fair value of the shares, it shall be appraised and determined by three (3) disinterested persons, one of whom shall be named by the stockholder, another by BDO, and the third by the two (2) thus chosen.
- (7) The findings of a majority of the appraisers shall be final, and their award shall be paid by BDO within thirty (30) days after such award is made. No payment shall be made to any dissenting stockholder unless BDO has unrestricted retained earnings in its books to cover such payment.
- (8) Upon payment of the agreed or awarded price, the stockholder shall forthwith transfer his shares to BDO.

No matter will be presented for shareholders' approval during the annual meeting that may give rise to the exercise of the right of appraisal.

Item 3. Interest of Certain Persons in or Opposition to Matters to be Acted Upon

- (a) No director or officer of BDO since the beginning of the last fiscal year, or any nominee for election as director, nor any of their associates, has any substantial interest, direct or indirect, by security holdings or otherwise, in any matter to be acted upon at the meeting, other than election to office.
- (b) No director of BDO has informed BDO in writing that he intends to oppose any action to be taken by BDO at the meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders

- (a) Voting securities entitled to be voted at the meeting:

Title of Each Class	Number of Shares (as of May 15, 2020)	Number of Votes Outstanding
Common Shares	4,382,770,313	One (1) vote per share, except in the election of directors where one share is entitled to as many votes as there are directors to be elected.
Series A Preferred Shares	515,000,000	
Total	4,897,770,313	

(b) Record date

Only stockholders of record in the books of BDO as of the close of business on May 22, 2020 are entitled to notice of, and to vote at, the annual meeting.

(c) Election of directors and voting rights (cumulative voting)

Each shareholder holding Common Shares and Series A Preferred Shares (each, a “**Voting Share/s**”) as of May 22, 2020 is entitled to as many votes as there are directors to be elected. Thus, if there are eleven (11) directors to be elected, each Voting Share is entitled to eleven (11) votes. Such shareholder may cumulate and cast all his votes in favor of one candidate or distribute them among as many candidates as he shall see fit, provided that the total number of votes cast by him does not exceed the number of shares owned by him multiplied by the number of directors to be elected.

In light of the community quarantines imposed over various areas of the country and to ensure the safety and welfare of stockholders and everyone involved, this year’s Annual Stockholders’ Meeting will be conducted virtually on a livestreaming platform accessible to registered stockholders, the details of which can be found in <www.bdo.com.ph/2020ASM>. The Company will record the video of the proceedings and maintain a copy with the Office of the Corporate Secretary. After the meeting, stockholders may access the recorded webcast of the ASM by sending an email request addressed to <corporate_secretary@bdo.com.ph>.

The shareholder holding Voting Shares may nominate directors and vote by remote communication, in absentia, or by proxy. Stockholders may submit their registration for remote communication, or duly executed and signed proxies on or before June 1, 2020 to the Corporate Secretary at 14th Floor, North Tower, BDO Corporate Center, 7899 Makati Avenue, Makati City via courier delivery or by email to <corporate_secretary@bdo.com.ph>. Successfully registered stockholders of record opting to vote in absentia may access the ballot from BDO’s website < www.bdo.com.ph/ASM ballot > and submit by sending a JPG or PDF form to <corporate_secretary@bdo.com.ph> no later than June 15, 2020. Stockholders of record opting to vote by proxy may download and print the proxy form from BDO’s website <www.bdo.com.ph/2020proxyform>.

A forum for the validation of proxies chaired by the Corporate Secretary or Assistant Corporate Secretary and attended by BDO’s stock and transfer agent shall be convened on June 4, 2020, 10:00 o’clock a.m., at the 14th Floor, North Tower, BDO Corporate Center, 7899 Makati Avenue, Makati City. Any questions and issues relating to the validity and sufficiency, both as to form and substance, of proxies shall only be raised during said forum and resolved by the Corporate Secretary. The Corporate Secretary’s decision shall be final and binding on the shareholders, and those not settled at such forum shall be deemed waived and may no longer be raised during the meeting.

(d) Security ownership of certain record and beneficial owners and management:

1. Security ownership of certain record/beneficial owners

As of May 15, 2020, the following are known to BDO to be directly or indirectly the record and/or beneficial owners of more than 5% of BDO’s voting securities:

NOTE: *BDO is not dependent on the services of any particular employee and does not have any special arrangements to ensure that any employee will remain with BDO and will not compete upon termination.*

(1) Significant Employees

BDO's senior executive officers are enumerated under Item 5 (b). BDO has no employee who is not an executive officer expected to make a significant contribution to BDO's business.

(2) Family Relationships

Mr. Gabriel U. Lim, Senior Vice President, and Stella L. Cabalatungan, Executive Vice President, are siblings.

(3) Involvement of directors/executive officers in legal proceedings

To BDO's knowledge, none of the directors or executive officers is named or is involved during the last five (5) years in any legal proceedings which will have any material effect on BDO, its operations, reputation, or financial condition.

To BDO's knowledge, none of its directors and senior executives have been subject of the following legal proceedings during the last five (5) years:

- (a) bankruptcy petition by or against any business of which such director was a general partner or executive officer either at the time of bankruptcy or within two (2) years prior to that time;
- (b) a conviction by final judgment, in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign;
- (c) to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities;

(d) being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading, market or self-regulatory organization, to have violated the securities or commodities law or regulation, and the judgment has not been reversed, suspended or vacated.

(4) Certain Relationships and Related Transactions

In the ordinary course of business, BDO has loan and other transactions and arrangements involving BDO's products and services, with its subsidiaries and affiliates and with certain directors, officers, stockholders and related interests (DOSRI) and parties. These loans and other transactions and arrangements involving BDO's products and services, are made on substantially the same terms as those given to other individuals and businesses of comparable risks.

Policies and procedures have been put in place to manage potential conflicts of interests arising from related party transactions, such as credit accommodations, products or services extended by BDO to directors or officers in their personal capacity or to their company and related interests and parties. BDO's Executive Committee approves these transactions. Where appropriate, the Related Party Transactions Committee endorses related party transactions to the Board. These transactions are then elevated to the Board for independent review and confirmation. All directors, except the interested party, could scrutinize the details of the transactions to ensure that these are done on an arms-length basis and in accordance with regulations. The details of the deliberations are included in the minutes of the Board and Board Committee meetings. Approved related party transactions are properly tagged for monitoring and reporting of exposures. BDO then submits the significant related party transactions to the BSP where BSP approval is required.

The General Banking Law and BSP regulations limit the amount of the loans granted by BDO to each subsidiary or affiliate, which are not related interests of the directors, officers and/or stockholders of BDO, to not more than 10% of BDO's networth, with a further ceiling of not more than 5% of BDO's networth for unsecured loans. Total outstanding loans to all subsidiaries and affiliates shall not exceed 20% of BDO's networth.

The amount of individual loans to DOSRI, of which 70% must be secured, should not exceed the amount of the deposit and book value of their investment in BDO. In the aggregate, loans to DOSRI generally should not exceed the total capital funds or 15% of the total loan portfolio of BDO, whichever is lower.

Please refer to Notes 2.17 and 26 of the Notes to Financial Statements. Said Financial Statement is attached to this Information Statement as **Annex "A"**.

(5) Disagreement with a Director

No director has resigned or declined to stand for re-election to the Board of Directors since the date of the last annual shareholders' meeting because of a disagreement with BDO on any matter relating to BDO's operations, policies or practices.

Item 6. Executive Compensation

It is the objective of BDO to attract, motivate and retain high-performing executives necessary to maintain its leadership position in the industry. To be competitive in the marketplace, BDO offers a

remuneration package composed of fixed salary, benefits and long-term incentives. Below are the compensation details of the directors and key executive officers of BDO.

Each director shall receive a reasonable *per diem* for attendance in every Board meeting. The President is authorized to fix and/or increase the fees and other remuneration of any Director or any other officer of BDO as may be deemed necessary, subject to Board approval. The Board of Directors of BDO approves all compensation and remuneration schemes for all the executive directors and senior officers of BDO. As provided by law, the total compensation of directors shall not exceed ten percent (10%) of the net income before income tax of BDO during the preceding year.

Each director receives a per diem allowance of ₱10,000 for attending board meetings and ₱5,000 for committee meetings. There is no distinction on the fee for a committee chairman and member. The above table contains the details of the compensation of directors and officers of BDO. In view of possible security risks, BDO opted to disclose these on an aggregate basis as a group. Other than these fees, the non-executive directors do not receive any share options, profit sharing, bonus or other forms of emoluments.

BDO may grant to the directors any compensation other than *per diems* by the approval of the shareholders representing at least a majority of the outstanding capital stock.

The Compensation Committee determines and proposes for Management and Board approval the salaries and compensation schemes for all executive directors and senior officers of BDO. The Compensation Committee meets at least once a year to discuss matters pertaining to the determination of salaries and compensation schemes and proposals for any changes in the remuneration of executive officers of BDO.

The members of BDO's Compensation Committee are as follows:

1. Gilberto C. Teodoro, Jr. - Chairman (Independent Director)
2. Jesus A. Jacinto, Jr. - Member
3. Teresita T. Sy - Member
4. Josefina N. Tan - Member

(3) Employment contracts and termination of employment and change-in-control arrangements

There are no special contracts of employment between BDO and the named directors and executive officers, as well as special compensatory plans or arrangements, including payment to be received from BDO with respect to any named director or executive.

Item 7. Independent Public Accountants

BDO's present external auditor, Punongbayan & Araullo, Grant Thornton will be recommended to the shareholders for re-appointment as the external auditor for the ensuing year. Representatives of the said firm are expected to be present at the annual meeting, and they will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from the shareholders.

Punongbayan & Araullo, Grant Thornton was first appointed external auditor of BDO in 2000 and has not resigned, been dismissed, or its services ceased since its appointment. BDO has had no material disagreement with Punongbayan & Araullo, Grant Thornton on any matter of accounting principle or practices or disclosures in BDO's financial statements. Item 16. Matters Not Required to be Submitted

There is no action to be taken with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, By-laws or Other Documents

Shareholders have the right to approve or disapprove any proposed amendments to the Articles of Incorporation and By-laws of BDO.

To be presented for shareholders' approval at this year's annual meeting are the amendments to BDO's Articles of Incorporation and By-Laws to conform to the Revised Corporation Code of the Philippines and BDO's current operations and structure as well as enhance corporate governance.

Approval and ratification by the shareholders will be sought to amend the Articles of Incorporation and By-Laws of BDO in order to update its processes and structure, enhance corporate governance, and conform to the requirements under the Revised Corporation Code and other relevant regulatory issuances.

The Board approved and endorsed to the stockholders for their approval and ratification the proposed amendments at its meeting on October 26, 2019 through the adoption of Board Resolution Nos. 242-2019 and 242-A-2019, as follows:

Resolution No. 242-2019

RESOLVED, That the Board of Directors of BDO Unibank, Inc. (the "Bank") approve, as it hereby approves, the amendments to the Bank's Amended Articles of Incorporation, as follows:

SECOND - x x x x x

- d) To establish, with approval of the Monetary Board of the *Bangko Sentral ng Pilipinas*, branches or offices anywhere in the Philippines *and/or abroad*;
- e) To do and perform such acts as are necessary and incident to the purpose for which the corporation is organized, and such acts as are *of legal* interest to the business of an expanded commercial bank and consistent with the powers of corporations organized under the laws of the Republic of the Philippines, *including but not limited to investments with any institution within or without the Philippines*;

x x x x x

THIRD - That the principal office of *BDO Unibank, Inc.* shall be at BDO Corporate Center, 7899 Makati Avenue, in Makati City, Philippines, **0726**;

FOURTH - *That the Bank shall have perpetual existence.*

RESOLVED, FURTHER, That all references to "Central Bank" or "Central Bank of the Philippines" and "corporation" in the Amended Articles of Incorporation of the Bank be, as they shall be, changed to "*Bangko Sentral ng Pilipinas*" and "*BDO Unibank, Inc.*", respectively.

RESOLVED, FURTHERMORE, that the President (with full power of delegation or substitution), and/or the Corporate Secretary/Assistant Corporate Secretary of the Bank be authorized and empowered, for and on behalf of the Bank, to sign, execute, deliver and cause the submission of any documents necessary for the amendment of the Articles of Incorporation with the Securities and Exchange Commission, and/or other regulatory authorities such as the *Bangko Sentral ng Pilipinas*, and to do any and all acts, necessary and proper, to give the foregoing resolutions force and effect.

RESOLVED, FINALLY, That the foregoing resolution be, as it shall be, endorsed to the Stockholders for approval and ratification.

Resolution No. 242-A-2019

RESOLVED, That the Board of Directors of BDO Unibank, Inc. (the "Bank") approve, as it hereby approves, the amendments to the Bank's Amended By-laws, as follows:

ARTICLE I
HEAD OFFICE AND BRANCHES

SECTION 1. Head Office. The head office of *BDO Unibank, Inc. (the "Bank")* shall be located *at BDO Corporate Center, 7899 Makati Avenue, Makati City, Philippines, 0726.*

SECTION 2. Branches. Branches and/ or extension offices may be established at such places as the Board of Directors may fix, with the prior approval of the *Bangko Sentral ng Pilipinas.*

ARTICLE II
STOCK AND STOCK CERTIFICATE

x x x x x

SECTION 4. Transfer of Stock. x x x x x

Shares of stock shall be transferred by delivery of the certificate duly indorsed by the owner or his attorney-in-fact or other person legally authorized to make the transfer, but no transfer shall be valid until the transfer is annotated in the stock and transfer book. The persons in whose names the shares of stock are registered in the said book shall be deemed the owner thereof for all purposes.

x x x x x

SECTION 6. Loss of Stock Certificates. In case of loss or destruction of any certificate, a duplicate may be issued in accordance with the provisions of the Corporation Code of the Philippines, any amendments or supplements thereto. Before the issuance of a new certificate in case of loss or destruction, the Board of Directors may require such guaranty as it may deem necessary *and* sufficient.

SECTION 7. Closing of Stock and Transfer Book. For the purpose of determining the stockholders entitled to notice of or to vote at any stockholders' meeting, or entitled to receive dividends, or for any other purpose, the stock and transfer book shall be closed for such period *as* the Board of Directors may from time to time fix, and during such period no registration of transfers of stock shall be made. In lieu of closing the stock and transfer book, the Board of Directors may fix in advance a certain date as the record date for any such determination of stockholders.

x x x x x

ARTICLE IV
MEETING OF THE STOCKHOLDERS

SECTION 10. Place. All meetings shall be held *in any of the principal offices of the Bank, or, if not practicable,* at any venue in Metro Manila.

x x x x x

SECTION 14. Annual Meeting. The annual meeting of the stockholders shall be held during business hours on *any day in April* of each year, *or if not practicable, on such date as may be fixed by the Board of Directors*.

x x x x x

SECTION 16. Notice of Meeting. Notice of annual meeting or special meeting of stockholders shall be sent either by:

- (a) Mail, facsimile transmission, electronic mail, *or other modes as may be allowed under applicable law, rules and regulations*, to each stockholder no less than fifteen (15) days prior to the date set for each meeting, which notice shall state the day, hour and place of the meeting; *or*
- (b) Publication in newspapers of general circulation published in Metro Manila not less than fifteen (15) days prior to the date set for the meeting, which notice shall state the day, hour and place of the meeting;

In special meeting, the notice shall be sent not less than ten (10) days prior to the date set for such meeting and shall also state the purpose or purposes for which it is called. The requisite of notice of meeting, whether annual or special, may however be waived by the stockholders: Provided, that attendance by a stockholder at a meeting shall constitute his/her waiver of notice of such meeting.

Failure of or defect in the notice shall not, however, invalidate any annual meeting of the stockholders or any of the proceedings had thereat, if the business transacted is within the powers of the Bank and all the stockholders were present or represented at the meeting nor shall any defect in the notice or failure to state the purpose or purposes for which a special meeting is called invalidate the same, except when so provided by law.

SECTION 17. Order of Business. The order of business at the annual meeting and, as far as possible, at other meetings of the stockholders shall be:

- 1. Call to Order
- 2. Proof of Notice of Meeting *and Determination of Existence of Quorum*
- 3. *Approval of the Minutes of the Previous Annual Stockholders' Meeting*
- 4. *Report of the President and Approval of the Audited Financial Statements of the Preceding Fiscal Year*
- 5. Approval and Ratification of all *Acts* of the Board of Directors, *Board Committees* and Management during their terms of office
- 6. Election of Directors
- 7. Appointment of External Auditor
- 8. *Other Matters*
- 9. Adjournment

x x x x x

The Bank's Board of Directors may constitute a Nominations Committee for the determination of the qualification of nominees for directors composed of at least three (3) members, *majority* of whom *are* independent directors. *The Chairman shall be an independent director*. The Committee shall promulgate the guidelines or criteria to govern the conduct of the nominations. The decision of the Committee as

concurrent in by a vote of a majority of its members shall be final and binding on the stockholders and may no longer be raised during the stockholders' meeting.

x x x x x

ARTICLE V
BOARD OF DIRECTORS

x x x x x

SECTION 20. Election and Tenure of Office. The members of the Board of Directors shall be elected annually by the stockholders, for a term of one (1) year, and shall serve until their successors shall have been duly elected and qualified in accordance with the *Revised* Corporation Code.

SECTION 21. Chairman and Vice Chairman. x x x x x

The Chairman shall preside at all meetings of the stockholders and the Board of Directors and shall have such powers and duties as the Board of Directors may prescribe. The Vice Chairman and in the absence of the Chairman, shall act in his stead and shall exercise and perform such powers and duties pertaining to the latter as conferred by these By-laws and the resolutions of the Board *of Directors*.

SECTION 22. Regular and Special Meetings. The regular meeting of the Board of Directors shall be held at least once a month, on such date/time and place as may be fixed by *the* Board *of Directors*.

x x x x x

SECTION 23. Notice of Meeting. Notice shall not be necessary in the regular meetings of the Board *of Directors*. In special meetings, notice shall state the date, time and place thereof, and the purpose for which it is called. *Such notice shall be sent to each* Director at least *two (2)* days before the date of meeting. However, when the urgency of the meeting requires, *notice shall be sent in an expeditious manner as may be allowed under applicable law, rules and regulations*. The presence of a Director at the meeting shall be deemed a waiver of any failure, defect or irregularity of the notice with respect to him.

SECTION 24. Order of Business. x x x x x (*deleted*)

SECTION 24 (renumbered). Quorum. The Directors shall act only as a Board *of Directors* and the individual Directors shall have no power as such. *At least two-thirds (2/3)* of the Directors shall constitute a quorum at any meeting for the transaction of any business, but a less number may adjourn any meeting from time to time, and the meeting may be continued as adjourned without further notice. Unless there be a quorum at any meeting, no business may be transacted. Every decision of *at least two-thirds (2/3)* of such quorum duly assembled as *a* Board on any question or matter submitted to the Board *of Directors* shall be valid as a corporate act.

The Directors who cannot physically attend or vote at board meetings can do so through remote communication such as videoconferencing, teleconferencing, or other alternative modes of communication that allow them reasonable opportunities to participate in accordance with applicable law, rules and regulations.

SECTION 25 (renumbered). Vacancies. For regular vacancies or vacancies in the Board of Directors occurring during the year for any cause, *such vacancy* may be filled for the unexpired term of their office by appointment made by the remaining directors, if still constituting a quorum, and the person so appointed shall hold office until his successor shall have been duly elected by the stockholders and qualified. Should the number of Directors be reduced to less than a quorum, vacancies in the Board of Directors shall be filled at a special stockholders' meeting duly called for that purpose.⁴

However, for emergency vacancies or when the vacancy prevents the remaining directors from constituting a quorum and emergency action is required to prevent grave, substantial and irreparable loss or damage to the Bank, such vacancy may be temporarily filled from among the Senior Officers of the Bank by unanimous vote of the remaining directors. The action by the designated director shall be limited to the emergency action necessary, and the term shall cease within a reasonable time from the termination of the emergency or upon election for the replacement director at the special stockholders' meeting duly called for the purpose in accordance with the preceding paragraph, whichever comes earlier.

SECTION 26 (renumbered). Directors' Fees and Other Remuneration. x x x x x

SECTION 27 (renumbered). Presiding Officer. The Chairman, or, in his/her absence or inability, the Vice Chairman, shall be the Presiding Officer of the Board of Directors.

In the event of the absence, death, incapacity, or permanent disability of both the Chairman and Vice Chairman, the Directors present shall determine who among themselves shall preside over the meeting of the Board of Directors.

SECTION 28 (renumbered). Powers. The Board of Directors shall direct, oversee, and supervise under its collective responsibility the corporate affairs of the Bank. The powers of the Board of Directors shall include, but shall not be limited to, the following:

- (a) to appoint *such classes of* officers as may be deemed necessary for the proper and efficient administration of the Bank;
- (b) to dismiss any *senior* officer for just cause;
- (c) to fill up any vacancy or vacancies in the Board of Directors occurring during the year. When the remaining members of the Board of Directors do not constitute a quorum, the Chairman or, in his/her absence, the Vice Chairman or any other directors designated by the directors present shall call a special stockholders' meeting to fill up the vacancies. The Directors so elected shall hold office until their successors are duly elected and qualified;
- (d) to create additional positions for officers if and when the volume of business of the Bank demands;
- (e) to appoint agents, correspondents, and depositories, and to designate the points where they are to be situated;
- (f) to promulgate rules and regulations to implement the provisions of these By-laws;

- (g) to pass upon the annual budget of the Bank, which shall be submitted by the Management at least two (2) weeks before the beginning of the succeeding fiscal year;
- (h) to approve loan applications *in accordance with applicable law, rules and regulations and internal policies of the Bank*;
- (i) to delegate to the Chairman, Vice Chairman, President or to any officer or to any committee of its powers whenever deemed necessary for the best interests of the Bank, subject to such conditions or limitations as the Board *of Directors* may impose;
- (j) from time to time to make such rules and regulations and to introduce amendments thereto as are not inconsistent with these By-laws for the management of the Bank's business and officers; *and*
- (k) *to exercise other powers as may be allowed under applicable law, rules and regulations.*

SECTION 29 (renumbered). Executive Committee. The Board of Directors may create an Executive Committee *composed of at least five (5) members, three (3) of whom must be Directors and the remaining members may be from senior management*. The members of the Executive Committee shall serve for such period as the Board *of Directors* may determine.

The presence of *at least a majority of the* members shall be sufficient for the transactions of business by the Committee.

SECTION 30. Management Committee. x x x x x (*deleted*)

SECTION 30. Trust and Other Fiduciary Business. *Trust and other fiduciary business of the Bank shall be carried out through a trust department which shall be organizationally, operationally, administratively, and functionally separate and distinct from, other departments and/or businesses of the Bank. The trust department, Trust Officer and other subordinate officers of the trust department shall only be directly responsible to the Bank's Trust Committee which shall in turn be only directly responsible to the Board of Directors.*

The Board of Directors shall ensure an appropriate degree of independence between the activities of the Bank proper and its trust department.

The Board of Directors shall designate the Trust Officer who shall be vested with the management of day-to-day fiduciary activities.

The qualifications, duties and responsibilities of the Board of Directors, Trust Committee, Trust Officer and other officers of the trust department shall be in accordance with applicable laws, rules and regulations.

SECTION 47 (renumbered). Design. The Board of Directors shall by resolution prescribe a corporate seal which shall be in such a design as the Board of *Directors* may choose.

RESOLVED, FURTHER, That all references to “Central Bank” or “Central Bank of the Philippines” and “corporation” in the Amended Articles of Incorporation of the Bank be, as they shall be, changed to “*Bangko Sentral ng Pilipinas*” and “*BDO Unibank, Inc. (the “Bank”)*”, respectively.

RESOLVED, FURTHERMORE, that the President (with full power of delegation or substitution), and/or the Corporate Secretary/Assistant Corporate Secretary of the Bank be authorized and empowered, for and on behalf of the Bank, to sign, execute, deliver and cause the submission of any documents necessary for the amendment of the By-Laws with the Securities and Exchange Commission, and/or other regulatory authorities such as the Bangko Sentral ng Pilipinas, and to do any and all acts, necessary and proper, to give the foregoing resolutions force and effect.

RESOLVED, FINALLY, That the foregoing resolution be, as it shall be, endorsed to the Stockholders for approval and ratification.

Required vote: Vote of shareholders representing at least two-thirds of outstanding capital stock.

Proposed changes shall not have any effect on the current rights enjoyed by shareholders but will enable BDO to update its processes and structure, enhance corporate governance, and conform to the requirements under the Revised Corporation Code and other relevant regulatory issuances.

Item 18. Other Proposed Action

Other than the matters indicated in the Notice and Agenda included in this Information Statement, there are no other actions proposed to be taken at the annual meeting.

Item 19. Voting Procedures

At the 2020 Stockholders’ Meeting, holders of a majority of BDO’s issued and outstanding voting shares who are present via remote communication or represented by proxy shall constitute a quorum for the transaction of business. A majority of votes shall decide any matter submitted to the shareholders at the meeting, except in those cases where the law requires a greater number.

In the election of directors, the shareholders are entitled to cumulate their votes as discussed in Part B, Item 4(c) of this Information Statement.

BDO’s Corporate Secretary is tasked and authorized to count votes on any matter properly brought to the vote of the shareholders, including the election of directors. Stock Transfer Service, Inc., BDO’s stock transfer agent, in conjunction with Punongbayan & Araullo, Grant Thornton, BDO’s external auditor, both independent parties, are tasked to count votes on any matter properly brought to the vote of the shareholders, including the election of directors.

Stockholders as of May 22, 2020 who have successfully registered their intention to participate in the annual meeting via remote communication, and to vote *in absentia*, duly verified and validated by the BDO, shall be provided with log-in credentials to securely access the voting portal.

The detailed guidelines for participation and voting for this meeting are set forth in the "Guidelines for Participation via Remote Communication and Voting in Absentia" included in this Information Statement.

Shareholders holding BDO common shares and Series "A" preferred shares as of May 22, 2020 are entitled to vote on the following matters which are also indicated in the Notice and Agenda included in this Information Statement:

1. Approval of the minutes of the previous annual meeting held on April 22, 2019

The minutes of BDO's annual meeting held on April 22, 2019 is attached to this Information Statement as **Annex "A"** for review of the shareholders. Shareholders' approval of the minutes will be sought at this year's annual meeting.

Required vote: A majority vote of shareholders present or represented at the meeting.

2. Audited Financial Statements as of December 31, 2019

BDO's Audited Financial Statements as of December 31, 2019, together with the Supplementary Schedules, is attached as **Annex "C"** to this Information Statement for review of the shareholders. This will enable the shareholders to assess the financial performance of BDO for the period covered by said financial statements. Shareholders' approval of the financial statement will be sought at this year's annual meeting.

Required vote: A majority vote of shareholders present or represented at the meeting.

3. Approval and ratification of all acts of the Board of Directors, Board Committees and Management during their terms of office

During their term, the Board approved resolutions and authorized actions in connection with their mandate to direct, manage and supervise the affairs and operations of BDO. The acts of the Board of Directors, its Committees, and Management listed in Part D, Item 15, during their terms of office, will be presented to the shareholders for approval and ratification. In compliance with the PSE Disclosure Rules, the Securities Regulation Code and its implementing rules, and in keeping with the policy on transparency as embodied in BDO's Manual on Good Corporate Governance, BDO regularly and promptly discloses actions taken by its Board and Management. While shareholders' approval of such acts is not required under the Corporation Code and regulatory issuances, BDO believes it to be sound corporate governance to present these to the shareholders for approval and ratification.

Required vote: A majority vote of shareholders present or represented at the meeting.

4. Election of Directors

At the annual meeting, shareholders will be asked to elect the directors for the ensuing year. A shareholder may cumulate his vote as discussed in Part B, Item 4(c) of this Information Statement.

Required vote: Candidates receiving the highest number of votes shall be declared elected.

5. Amendments to BDO's Articles of Incorporation and By-Laws to conform to the Revised Corporation Code of the Philippines and BDO's current operations and structure as well as enhance corporate governance.

At the annual meeting, approval and ratification by the stockholders will be sought to amend the Articles of Incorporation and By-Laws of BDO in order to update its processes and structure, enhance corporate governance, and conform to the requirements under the Revised Corporation Code and other relevant regulatory issuances. The Board approved and endorsed to the stockholders for their approval and ratification the proposed amendments at its meeting on October 26, 2019 through the adoption of Board Resolution Nos. 242-2019 and 242-A-2019, the full text of which is provided in Item 17 herein.

Required vote: Vote of shareholders representing at least two-thirds of outstanding capital stock.

6. Appointment of External Auditor

Pursuant to BDO's Manual of Corporate Governance, the Board, upon the recommendation of the Board Audit Committee, shall recommend to the shareholders, appointment of an external auditor to undertake independent audit and provide objective assurance on the manner by which the financial statements are being prepared and presented to the shareholders.

At the annual meeting, the shareholders will be requested to approve the re-appointment of Punongbayan & Araullo, Grant Thornton as external auditor of BDO for the ensuing fiscal year.

Required vote: A majority vote of shareholders present or represented at the meeting.

MANAGEMENT REPORT

I. CONSOLIDATED AUDITED FINANCIAL STATEMENTS

The consolidated financial statements of BDO Unibank, Inc. (**BDO** or the “**Bank**”) for the year ended 31 December 2019 are incorporated herein by reference.

II. INFORMATION CONCERNING DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

The financial statements of the Bank for the year ending 31 December 2018 and 31 December 2019 have been audited by Punongbayan and Araullo, Grant Thornton in accordance with generally accepted accounting principles. The Bank has not had any disagreements with any of its former or present accountants on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which led to a change in external auditors and if not resolved to the satisfaction of any of these accountants, would have caused the latter to make reference to the subject matter of the disagreement in connection with its report.

III. MANAGEMENT’S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

(1) Management’s Discussion and Analysis

Balance Sheet – March 2020 vs. December 2019

Cash and Other Cash Items decreased 20% to P51.1 billion, from a high year-end 2019 level owing to deposits generated during the Christmas season.

Due from BSP went up 17% to P362.7 billion mainly from deposit growth.

Due from Other Banks increased 11% to P43.4 billion due to higher placements and working balances with correspondent banks.

Net Loans and Other Receivables inched up 2% to P2.3 trillion coming from increases in Customer Loans, Interbank Loans and Securities Purchased Under Reverse Repurchase Agreements (SPURRA). Other Receivables, on the other hand, went down 25% partially offsetting the growth.

Other Resources declined 16% to P31.9 billion due to lower volumes of outstanding credit card transactions as of the cut-off date.

Total Deposits grew 4% to P2.6 trillion as Demand and Savings deposits hiked 26% and 5%, respectively. Time deposits, on the other hand, went down 9%.

Bills Payable grew 19% to P198.6 billion following the issuance of the P40.1 billion fixed rate bonds in February 2020.

The Bank redeemed its P10.0 billion Subordinated Notes Payable in March 2020.

Other Liabilities went down 12% to P99.0 billion mainly due to mainly to lower levels of accounts payable and bills purchased contra-account.

Balance Sheet – March 2020 vs. March 2019

Total Resources expanded 9% year-on-year period to P3.3 trillion as Customer Loans increased 11% funded by deposits, the bond issuance and re-invested profits.

Cash and Other Cash Items rose 20%, year-on-year, mainly from deposit growth.

Net Loans and Other Receivables rose 11% owing to an increase in Customer Loans to P2.2 trillion. Likewise, Interbank Loans, SPURRA and Other Receivables went up 11%, 66% and 9%, respectively.

Bank Premises and Net Finance Lease inflated 37% to P45.8 billion due to reclassifications from Investment Properties as well as the full implementation of the new PFRS 16 lease accounting standard. The Bank only adopted partial modified retrospective application of the standard to selected subsidiaries in the first quarter of 2019.

Consequently, Investment Properties dropped 15% to P16.9 billion.

Deferred Tax Assets rose 7% to P8.8 billion resulting from the Bank's retirement obligation.

Other Resources declined 8% mainly due to lower outstanding credit card transactions as of the cut-off date.

Deposit Liabilities grew 9% year-on-year, as Demand and Savings deposits expanded 62% and 12%, respectively. Time deposits, on the other hand, dropped by 12%, partially offsetting the growth.

Bills Payable rose 13% to P198.6 billion from the issuance of the P40.1 billion fixed rate bonds in February 2020.

The Bank redeemed its P10.0 billion Subordinated Notes Payable in March 2020.

Insurance Contract Liabilities surged 26% to P41.7 billion on higher BDO Life business volumes.

Total Equity grew 10% to P372.2 billion from continued profitable operations.

Income Statement – March 2020 vs. March 2019

The Bank reported a Net Income attributable to Equity holders of the Parent Company of P8.8 billion, a 10% decline from the P9.8 billion for the same period last year.

Net Interest Income expanded 19% to P33.0 billion owing to higher margins and an increase in the Bank's interest-earning assets.

The Bank set aside P2.3 billion as Provision for Impairment Losses, 76% higher than the previous year's P1.3 billion.

Other income slid 39% to P9.0 billion from the following:

- Trading Loss of P4.6 billion compared to a Trading Gain of P1.3 billion for the same period last year primarily attributed to BDO Life's unit-linked portfolio as affected by over 30% decline in the equity markets. However, this has a corresponding decline in insurance policy reserves.
- Trust Fees grew 9% to P922 million on higher level of funds managed.
- Foreign Exchange (FX) Gain dropped 68% to P291 million on adverse market movements owing to the pandemic.
- Insurance Premiums hiked 20% to P3.9 billion owing to higher BDO Life business volumes.
- Other Income went up 8% to P1.3 billion mainly from higher income from associates.

Operating Expenses dropped 5% to P26.8 billion on account of the following:

- Employee Benefits rose 9% due to salary increases as well as a higher manpower count from business expansion.
- Occupancy expenses slid 12% following the newly implemented lease accounting standard.
- Litigation/ Assets Acquired expenses went up 15% from higher costs relating to litigation and maintenance of acquired assets.
- Policy Reserves were reversed by P1.5 billion on BDO Life's unit-linked funds following adverse market movements. Insurance Benefits and Claims jumped 51% from higher BDO Life business volumes.
- Security, Clerical and Janitorial expenses as well as Other Operating Expenses grew 9% and 19%, respectively, owing to an expanded distribution network and increased business volumes.

Tax Expense climbed 30% to P4.2 billion on a higher taxable income base.

Comprehensive Income – March 2020 vs. March 2019

From a Net Income of P8.8 billion, Total Comprehensive Income for the first quarter of 2020 registered at P3.1 billion, comprised of a P3.4 billion decline in gains on FVOCI Securities, a negative P3 million translation adjustment related to foreign operations, a negative P513 million remeasurement on life insurance reserves, a P1.8 billion drop in unrealized gain on equity investments at FVOCI as well as a negative P8 million share in Other Comprehensive Income (OCI) of subsidiaries and affiliates.

This represents a 74% decline from the Total Comprehensive Income of P11.8 billion for the same period last year, inclusive of a P9.7 billion Net Income, a P3.9 billion increase in gains on FVOCI Securities, a P13 million translation adjustment, a negative P2.3 billion remeasurement on life insurance reserves, a P504 million increase in unrealized gain on equity investments at FVOCI and a P1 million share in OCI of subsidiaries and affiliates.

Net Interest Margin improved to 4.36% from growth in interest-earning assets as well as an improvement in funding mix.

Liquidity Ratio went down, year-on-year, to 29.51% owing to customer loan growth.

Debt to Equity and Assets to Equity declined to 783.04% and 883.04%, respectively, as both total equity and total asset growth outpaced the increase in liabilities.

Interest Rate Coverage rose to 267.47% on the improvement in funding cost.

Profit Margin dropped to 17.60% owing to lower non-interest income.

Capital Adequacy Ratio, covering credit, market and operations risk went down to 13.82% as growth in risk-weighted assets outpaced the increase in total qualified capital.

Basic earnings per share went down by P0.23 year-on-year to P1.92 for the first quarter on lower Net Income.

Balance Sheet - 2019 vs. 2018

Total Resources grew 6% to P3.2 trillion as both Investment Securities and Gross Loans climbed 13% and 9% to P435.9 billion and P2.2 trillion, respectively. Cash and Other Cash Items went up 19% to P64.1 billion from deposit expansion. Due from BSP went down 13% to P309.0 billion owing to the reduction in reserve requirement implemented during the year. Due from Banks slid 30% to P39.0 billion on lower placements and working balances with correspondent banks.

Bank Premises and Net Finance Lease inflated 38% to P46.6 billion due to the newly implemented lease accounting standard as well as reclassifications from Investment Properties. Consequently, Investment Properties dropped 15% to P16.9 billion. Deferred Tax Assets rose 7% to P8.9 billion resulting from the Bank's retirement obligation. Other Resources went up 7% to P37.8 billion primarily owing to higher levels of outstanding credit card transactions.

Deposit Liabilities grew 3% to P2.5 trillion as Demand and Savings deposits expanded 29% and 6%, respectively. Meantime, Time deposits declined 10%, year-on-year as the Bank reduced its reliance on more expensive funding sources. Bills Payable hiked 17% to P167.5 billion from the issuance of the P35.0 billion fixed rate bonds. Insurance Contract Liabilities soared 49% to P42.5 billion on higher BDO Life business volumes. Other Liabilities climbed 23% to P113.0 billion due to the recognition of finance lease payment payable from the newly implemented lease accounting standard as well as increases in accounts payable and other accrued expenses, outstanding checks as of the cut-off date.

Total Equity increased 13% to P370.6 billion from the Bank's continued profitability.

Contingent Accounts – 2019 vs. 2018

Total Contingent Accounts grew 14% to P2.2 trillion due to material movements from the following accounts:

- Trust Department Accounts hiked 15% to P1.3 trillion from a larger portfolio of funds managed.
- Unused L/Cs, Outstanding Guarantees Issued and Export L/Cs Confirmed surged 10%, 72% and 27% to P53.7 billion, P2.9 billion and P7.9 billion, respectively, owing to higher volume of trade transactions.
- Late Deposits and Payments Received went up 19% to P3.2 billion as more transactions were received from clients after clearing cut-off time.
- Increased treasury trading activities yielded growth in Spot and Forward Exchange Bought and Sold. Meantime, Interest Rate Swap Receivable and Payable declined year-on-year.
- Other Contingent Accounts climbed 15% to P415.6 billion from expansion in Committed Credit Lines.

Income Statement – For the years Ended December 31, 2019 vs. 2018

The Bank recorded a Net Income attributable to Equity holders of the Parent Company of P44.2 billion in 2019, 35% higher than previous year's P32.7 billion. Net Interest Income climbed 22% to P119.9 billion owing to an expansion in margins as well as growth in interest-earning assets. The Bank prudently set aside P6.2 billion in provisions for loans, securities, ROPA and other assets.

Other income also hiked 22% to P60.6 billion as Service Charges, Trust Fees, and Insurance Premiums increased 16%, 7%, and 25%, respectively, showing strong growth across the Bank's main business lines. The Bank likewise recorded a Trading Gain of P1.9 billion vis-à-vis a Trading Loss of P1.6 billion the previous year.

Operating Expenses went up 17% to P115.2 billion owing to the following:

- Employee Benefits rose 16% from salary increases and an increasing manpower count coming from business expansion.
- Taxes and Licenses jumped 21% attributed to Gross Receipts Tax (GRT) on higher income.
- Insurance expenses increased 9% following continued deposit expansion.
- Policy Reserves soared 71% reflecting higher business volumes of BDO Life.
- Security, Clerical and Janitorial expenses as well as Other Operating Expenses went up 7% and 20%, respectively, owing to an expanded distribution network as well as increased business volumes.

foreclosures and dacion payments. Deferred Tax Assets grew 12% to P8.3 billion resulting from the Bank's retirement obligation.

Deposit Liabilities climbed 14% year-on-year to P2.4 trillion fueled by a 33%, 7% and 27% expansion in Demand, Savings and Time deposits. Bills Payable rose 10% to P143.6 billion primarily owing to the \$150 million green bond in February 2018. Insurance Contract Liabilities went up 10% to P28.5 billion attributable to higher BDO Life business volumes. Other Liabilities grew 12% to P92.0 billion primarily due to higher levels of accounts payable, accrued expenses, bills purchased contra-account and retirement benefit obligation.

Total Equity hiked 10% to P328.1 billion from continued profitable operations.

Contingent Accounts – 2018 vs. 2017

Total Contingent Accounts went up 8% to P1.9 trillion owing to the following:

- Trust Department Accounts expanded 11% to P1.2 trillion on account of higher levels of managed funds.
- Export L/Cs Confirmed grew 163% to P6.2 billion with increased volume of trade transactions .
- Bills for Collection as well as Late Deposits and Payments Received rose 109% and 86% to P10.7 billion and P2.7 billion, respectively, owing to higher volume of outstanding transactions as of year-end 2018.
- Other Contingent Accounts climbed 13% to P361.2 billion on higher committed credit lines.
- Increased treasury trading activities resulted in growth in Spot Exchange Bought, Forward Exchange Sold and Interest Rate Swap Receivables and Payables. Meantime, Spot Exchange Sold, Forward Exchange Bought as well as Interest Rate Futures Sold dropped year-on-year.
- Outstanding Guarantees Issued went down 92% to P1.7 billion as of the cut-off date.

Interest Rate Coverage Ratio improved to 308.2% from a higher pre-tax income.

Profit Margin went down to 19.1% as cost growth outpaced revenue growth.

(2) Past and Future Financial Condition and Results of Operations

BDO Unibank, Inc. (BDO) recorded a net income of P44.2 billion in 2019 from P32.7 billion in 2018 on the strong performance of its core recurring income sources. The results exceeded the Bank's P38.5 billion guidance and translate to a Return on Common Equity (ROCE) of 12.8% from 10.7% the year before.

Net interest income went up to P119.9 billion from P98.3 billion. Net Interest Margin improved on continued CASA growth and improving loan mix in favor of consumer and middle market customers. Customer loans rose by nine 9% to P2.2 trillion on broad-based growth across market segments. Total deposits grew by three 3% to P2.5 trillion, bolstered by the eight 8% increase in low-cost Current Account/Savings Account (CASA) deposits that comprised 73% of total deposits.

Non-interest income reached P60.6 billion, led by fee-based income with P35.3 billion and insurance premiums with P14.8 billion. Trading and forex gains settled at P5.7 billion. Overall, gross operating income went up to P180.5 billion.

Operating expenses amounted to P115.2 billion, in line with the Bank's continuing business and network expansion, as well as higher volume-related expenses (specifically, taxes and licenses and policy reserves at BDO Life). The Bank maintained its conservative credit and provisioning policies, setting aside P6.2 billion in provisions, even as gross non-performing loan (NPL) ratio was steady at 1.2% and NPL cover remained high at 164.7%.

Total capital base increased to P370.6 billion, with Capital Adequacy Ratio (CAR) and Common Equity Tier 1 (CET1) ratio at 14.2% and 12.7%, respectively, both comfortably above regulatory levels.

Moving forward, BDO's robust business franchise, extensive distribution network, solid balance sheet and focused growth strategy place the Bank in an advantageous position to tap growth opportunities and development thrusts in line with government priorities while remaining resilient to domestic and external challenges.

Prospects for the Future/Plans of Operation

Philippine economic growth this year is expected to be driven by upbeat government spending with the early passage of the 2020 budget, firmer household consumption on favorable demographics, and supportive monetary policy, with inflation seen settling within the BSP's 2%-4% target. The country's outlook upgrade from "stable" to "positive" by Fitch Ratings, brings the Philippines closer to a ratings upgrade, underscoring the country's solid macroeconomic fundamentals.

Downrisks to the outlook, however, are the impact of the Taal volcano eruption, the uncertainty in government contracts, and the potential economic fallout on the global economy generated by a prolonged duration of the 2019 coronavirus disease (COVID-19). Philippine economic pace is seen to continue in 2020, in line with modest global growth prospects. BDO will continue to have sustained, albeit tempered loan growth while asset quality is generally expected to remain benign.

IV. DESCRIPTION OF THE GENERAL NATURE AND SCOPE OF THE BUSINESS OF THE BANK AND ITS SUBSIDIARIES

(1) Business Development

Form and Year of Organization

BDO Unibank, Inc. (BDO or the "Bank"), originally known as Acme Savings Bank, was acquired by the SM Group in 1976. The SM Group is one of the largest conglomerates in the Philippines, with substantial interests in financial services, real estate development, and tourism and entertainment, founded around its core business in commercial centers and retailing. BDO listed its shares on the Philippine Stock Exchange (PSE) on 21 May 2002.

BDO is now the market leader in most of its core business lines following its merger with Equitable PCI Bank (EPCI) in May 2007. The Bank offers a complete array of products and services, i.e. Retail Banking, Lending (Corporate, Commercial, Consumer, and SME), Treasury, Trust, Credit Cards, Corporate Cash Management and Remittances. Through its subsidiaries, the Bank offers Leasing and Financing, Investment Banking, Private Banking, Bancassurance, Insurance Brokerage and Stock Brokerage services. It has one of the largest branch networks, with 1,434 operating domestic branches (including 263 BDO Network Bank, Inc. (BDO Network) (formerly One Network Bank, Inc.) branches) and two full-service branches in Hong Kong and Singapore. As at 31 December 2019, its network includes 22 overseas remittance and representative offices across Asia, North America, Europe and the Middle East, and 4,466 automated teller machines (ATMs) (including 241 BDO Network ATMs) and 562 cash deposit machines.

Over the past several years, the Bank has experienced significant growth. This resulted from organic growth arising from a wider array of products and services, as well as through mergers and acquisitions of banks. Sustaining earlier gains, the Bank is currently the largest bank in the Philippines in terms of assets, loans, deposits and trust assets as of 31 December 2019.

(2) Business of Issuer – Description of the Business and its Significant Subsidiaries

(i) Principal Products and Services

Deposits

BDO offers a wide array of Peso, Dollar, and Third Currency deposit products and services catering to a broad and diversified client base. These products cut across all age groups and customer profiles (such as kids, young professionals, entrepreneurs, OFWs and their beneficiaries and retirees). Further details on the Bank's various deposit products can be accessed at its website www.bdo.com.ph.

Remittance

BDO's strength in providing top remittance services lies in its extensive international reach spanning Asia, Europe, North America, and the Middle East. On the distribution side, a strong domestic coverage consisting of the Bank's wide branch network and remittance partners that include, among others, ShoeMart (SM), thrift banks, pawnshops, as well as other financial service partners, complements the Bank's international presence. BDO also has tie-ups with SM and its partner establishments, as well as food outlets (like Jollibee and Max's) that provide clients with unique value-added services such as gift and food remittance delivery.

Trust Services

BDO has created and grown its trust services and investment product offerings to provide solutions for every kind of client or investor need under a trust or an agency agreement. It is currently the dominant player in the local trust industry and is the first local financial

institution to breach the PhP 1 trillion assets under management (AUM) threshold as of end-2016. In the Unit Investment Trust Fund business, BDO also has a lion's share, a testament to its investment expertise.

Treasury

The Bank provides treasury products and services to clients ranging from retail, middle market and large corporates, both onshore and offshore. These services include purchase and sale of foreign exchange, fixed income securities as well as offering hedging tools (in the form of derivatives) to mitigate the clients' interest and foreign exchange risks. As the bank is committed to be its clients' partner for growth, the bank holds periodic economic briefings and forums to keep its clients abreast of the financial market conditions. This also serves as a venue for the bank to listen to the clients' needs and offer solutions. On several occasions, the Bank has been recognized and has been a recipient of various awards in the area of foreign exchange and fixed income securities.

Transaction Banking

BDO's transaction-based services provide high value-added cash management government entities, and small- and medium-enterprises (SMEs). The Bank's electronic banking services, which include the Bank's over 4,466 ATMs nationwide (inclusive of 241 ATMs under BDO Network) and 562 cash deposit machines, as well as browser-based, mobile app, and landline banking facilities, allow customers to access their accounts and perform an extensive range of banking transactions at their convenience anytime and anywhere. Meanwhile, the Bank's debit card facility lets customers enjoy the convenience of hassle-free cashless payment and easy cash access using either pre-loaded or account-funded cards

Credit Cards

In the credit card industry, BDO issues the most brands in the country, namely Mastercard, Visa, JCB, UnionPay, Diners Club and American Express, including corporate and tie-up cards with different companies.

The bank likewise dominates the merchant acquiring business in the Philippines with BDO POS terminals being the only terminals in the industry to accept the six (6) credit card brands and all locally issued ATM/Debit Cards.

Investment Banking

Through its subsidiary, BDO Capital & Investment Corp., the Bank provides expertise and optimal solutions to address the capital raising needs of corporations and government entities plus meet the investment needs of retail and institutional investors. The Bank's strong origination and structuring capabilities, robust distribution network, dominant presence in both the equities and capital markets, and established track record all highlight BDO's brand of investment banking.

Insurance

The Bank provides its clients non-life and group life insurance through BDO Insurance Brokers, Inc., a wholly owned subsidiary. The Bank also has a bancassurance license with BDO Life that permits it to market and sell individual life insurance products through its nationwide network, permitting customers access to a wide array of insurance products.

Trade Services

Trade finance plays a key role in the Bank. BDO's commitment to the trade business is reflected in its significant investments in technology, processing capabilities and people. BDO's strategy is to be able to provide a variety of trade solutions that fit clients' requirements at the least cost possible. We take a proactive role in finding out what our clients need and customize trade solutions to meet these needs.

Given BDO's leading standing in the industry and broad client coverage, BDO is able to capture a significant market share of customers' trade finance transactions.

BDO has the ability to offer competitive pricing because of its access to low-cost funding as well as preferential pricing from its network of correspondent bank relationships.

Trade transactions are being serviced in 5 Trade Processing Centers geographically located across the country with 3 centers in Metro Manila and one each in Cebu and Davao. These centers are manned by around 100 employees who are trained in all aspects of international trade processing. Moreover, each center has a dedicated Customer Service team who are equipped to provide prompt response to clients' inquiries and concerns. We have also implemented groundbreaking services in the Philippines which include weekend banking and extended banking hours for our domestic branch network.

BDO is also able to service trade requirements of clients who would like to open their Letters of Credit offshore through the trade capabilities of BDO Hong Kong branch.

BDO offers a wide variety of documentary products and services including: 1) Letters of Credit (LC); 2) Import LC Openings and Negotiations; 3) Domestic LC; 4) Standby LCs; 5) Trust Receipt Financing; 6) Export Letters of Credit; 7) Export LC Advising and Confirmation; 8) Export Advances; 9) Export Bills Purchase; 10) Non-Letters of Credit; 11) Open account remittances; 12) Documents against Acceptance; and, 13) Documents against Payment.

International Desks

The International Desks (IDesks) of BDO's Institutional Banking Group comprise teams of relationship managers with international and local banking experience, dedicated to address the financial needs of foreign companies and nationals conducting business and/or with business interests, or residing in the Philippines, as well as embassies, diplomats, multilateral organisations, foreign chambers of commerce and international schools. IDesks' teams have been organized along geographic lines: ASEAN, China, EU, Japan, South Korea, North America/Australia and New Zealand, and Taiwan. Furthermore, several IDesks team members speak Japanese, Korean and the Chinese dialects of Mandarin and Fookien. In addition, IDesks' Multilateral and ECA (Export Credit Agency) Desk manage and facilitate specialized guarantee facilities and wholesale long term loan facilities for eligible clients and projects sourced from multilateral organizations such as the Asian Development Bank and the World Bank's International Finance Corporation; international export credit agencies such as the Japan Bank of International Cooperation and the Korea Export Import Bank; and domestically from the specialized lending facilities of the Development Bank of the Philippines, Land Bank, and the Social Security System.

Leasing

BDO Leasing and Finance provides leasing and financing products to commercial clients. Leasing products include direct leases and sale and leaseback arrangements. Its financing products consist of commercial and consumer loans, installment paper purchases, receivables discounting and factoring. Assets financed include automobiles, trucks, office equipment, industrial, agricultural and office machinery, real property, and financial assets such as receivables.

(ii) Distribution Methods of Products or Services

The Bank's products and services are available mainly through the branches, but select services are also accessible through other channels such as call centers, mobile and landline telephones, internet, and point-of-sale terminals. The Bank's extensive distribution network provides it good market coverage that is superior to many of its competitors. Aside from a branch in Hong Kong and Singapore, and a consolidated domestic network of 1,434 operating domestic branches (inclusive of 263 branches of BDO Network Bank, Inc.), the Bank has 4,466 ATMs (inclusive of 241 ATMs under BDO Network Bank) and 562 Cash Deposit Machines as of 31 December 2019.

(vii) Governmental Approval of Principal Products or Services

The Bank secures approval from the Bangko Sentral ng Pilipinas (BSP) for all its products and services, as required.

(viii) Effect of Existing or Probable Governmental Regulations on the Business

Being a banking institution subject to the General Banking Law and banking regulations, BDO is under the supervision of the BSP, whose approval BDO requires to undertake certain activities. BDO strictly complies with the BSP requirements in terms of reserves, liquidity position, limits on loan exposure, cap on foreign exchange holdings, provision for losses, anti-money laundering provisions and other regulatory requirements.

(ix) Estimate of Amount Spent for Research and Development Activities

This is not applicable to the Bank.

(x) Total Number of Employees

The Bank has a total of 38,510 employees as of 31 December 2019 broken down as follows:

	Non-Officers	Officers	TOTAL
Total for Parent Company	17,898	14,733	32,631
Head Office	2,739	8,173	10,921
Branches	15,159	6,560	21,719
Total for Subsidiaries	1,862	4,017	5,879
TOTAL EMPLOYEES	19,760	18,750	38,510

The Bank has an existing Collective Bargaining Agreement (CBA) with the NUBE-Banco De Oro Employees Association covering substantially all of the Bank's staff level employees, except those as expressly excluded in the Agreement. The Agreement is effective for a period of five (5) years from 1 November 2015 to 31 October 2020, in so far as Union representation is concerned.

The Bank has not suffered any labor strikes in the past 30 years, and considers the maintenance of harmonious relations with its employees and the Union as one of its key human capital agenda.

(xi) Risk Management

Risk management at BDO begins at the highest level of the organization. At the helm of the risk management infrastructure is the Board of Directors who is responsible for establishing and maintaining a sound risk management system. The Board of Directors assumes oversight over the entire risk management process.

The Board of Directors has the ultimate responsibility for all risks taken by the Bank. It regularly reviews and approves the institution's tolerance for risks, as well as, the business strategy and risk philosophy of the Bank. It takes the lead in disseminating the institution's risk philosophy and control culture throughout the organization. It approves strategies and implementing policies affecting the management of all types of risks relating to the Bank's activities. It sets the risk-based organizational structure that will implement and ensure the effectiveness of the overall risk control system of the Bank. Towards this end, it is regularly updated on developments that could materially affect the Bank's liquidity position or the value of its resources. Likewise, the Board is responsible for overseeing the investment and credit activities of the Bank.

The Board of Directors has created committees tasked with key functions in the over-all risk framework of the Bank. The Risk Management Committee (RMC) is responsible for the development and oversight of the Bank's risk management program. The Executive Committee (EXCOM) has responsibility over the approval processes of the Bank's loans and investments, property-related proposals, as well as, other credit-related issues over a prescribed amount delegated by the Board of Directors. The Asset and Liability Committee (ALCO) is tasked with managing the Bank's balance sheet and off-balance sheet activities, maintaining adequate liquidity, ensuring sufficient capital and appropriate funding to meet all business requirements within regulatory limits. The Risk Management Group (RMG) is mandated to adequately and consistently evaluate, manage, control, and monitor the overall risk profile of the Bank's activities across the different risk areas (i.e. credit, market, liquidity, and operational risks).

The Bank operates an integrated risk management system to address the risks it faces in its banking activities, including credit, market, liquidity, and operational risks. The Bank's Risk Management Committee has overall responsibility for the Bank's risk management system and sets risk management policies across the full range of risks to which the Bank is exposed. It is responsible for approving the risk management plan developed by management, defining the policies, limits, and strategies for managing and controlling the major risks of the Bank. It oversees the system of limits of discretionary authority that the Board of Directors delegates to management under its purview, ensures that the system of limits of discretionary authority remains effective, that the limits are observed, and immediate corrective actions are taken whenever limits are breached. It is also responsible for evaluating the risk management plan as needed to ensure its continued relevance, comprehensiveness and effectiveness.

The Risk Management Committee is a Board-Level Committee composed of four (4) members of the Board of Directors, with Jones M. Castro, Jr. (Independent Director) as Chairman, and Nestor V. Tan, Christopher A. Bell-Knight and Dioscoro I. Ramos as members.

(3) Dividends

The Bank's Board of Directors is authorized to declare dividends annually. Stock Dividend declarations require further approval of stockholders representing not less than two-thirds (2/3) of all stocks outstanding and entitled to vote. Such stockholders' approval may be given at a general or special meeting duly called for the purpose. Dividends may be declared only from surplus profits after making proper provisions for necessary reserves in accordance with applicable laws and the regulations of the BSP.

On January 30, 2016, the Board of Directors of BDO approved the declaration of annual dividends on preferred shares at the rate of 6.5% per annum for a total dividend amount of P339 million. The dividends were paid on February 16, 2016.

The Board of Directors approved the declaration of quarterly cash dividends in the amount of P0.30 per common share for the first, second, third and fourth quarters of 2016 on February 27, 2016, May 28, 2016, August 27, 2016 and December 3, 2016, respectively. The dividends were paid on March 28, 2016, June 27, 2016, September 26, 2016 and December 29, 2016, respectively.

On February 3, 2020, the Board of Directors of BDO approved the declaration of annual dividends on preferred shares at the rate of 6.5% per annum for a total dividend amount of P339 million. The dividends were paid on February 21, 2020.

The Board of Directors approved the declaration of quarterly cash dividends in the amount of P0.30 per common share for the first quarter of 2020 on February 27, 2020. The dividends for most stockholders were paid on March 27, 2020. However, given the declaration of President Rodrigo R. Duterte placing the entire Luzon area in the Philippines under “enhanced community quarantine” to contain the spread of COVID-19, resulting in temporary work suspension of non-essential services, distribution of cash dividends to all stockholders of record on payment date posed a great challenge. However, BDO continues to manage the challenges of cash dividend payment distribution amidst the COVID-19 situation and shall carry out its best efforts to release all payments for cash dividends as soon as practicable, following the lifting of the enhanced community quarantine.

On February 11, 2019, the Bank issued P35.0 billion worth of senior fixed rate bonds with a rate of 6.42% per annum which will mature on August 11, 2020. The bond issuance is part of the Bank’s efforts to diversify its funding sources and support its business expansion.

On May 7, 2018, the Bank issued P8.2 billion worth of long-term negotiable certificates of deposit with a rate of 4.375% per annum which will mature on November 7, 2023.

On December 8, 2017, the Bank announced that it issued its first green bond, raising US\$150 million to expand financing for private sector investments that help address climate change. The issuance, which is the first green bond issued by a commercial bank in the Philippines, has the International Finance Corporation (IFC) as sole investor in the bond.

On August 31, 2017, the Bank issued \$700 million in Fixed Rate Senior Notes under the Bank’s Medium Term Note Program. The issue is part of the Bank’s liability management initiatives to tap longer-term funding sources to support the Bank’s lending operations and for general corporate purposes.

On August 18, 2017, the Bank issued P11.8 billion worth of Long Term Negotiable Certificates of Deposit (LTNCDs) to mature in 5.5 years, as part of the Bank’s efforts to lengthen the maturity profile of its main funding source.

VII. COMPLIANCE WITH LEADING PRACTICES ON CORPORATE GOVERNANCE

Corporate governance in BDO is about effective oversight, voluntary compliance and sustainable value creation to promote the best interest of its various stakeholders.

BDO Unibank, Inc. affirms its deep commitment to a high standard of corporate governance practice firmly anchored on the principles of accountability, fairness, integrity, transparency and performance consistently applied throughout the institution that supports our corporate objective of delivering long-term value. BDO's good market reputation has been built on the solid foundation of an ethical corporate culture and responsible business conduct, underpinned by a well-structured and effective system of governance. BDO has continued to comply with the SEC Code of Corporate Governance for Publicly-Listed Companies and provisions of BSP Circular 969 on Enhanced Corporate Governance Guidelines for BSP-Supervised Financial Institutions in its Corporate Governance Manual, which form part of its continuing commitment to comply with the latest rules and regulations. It has also continued to follow the international best practices of corporate governance issued by globally recognized standards setting bodies such as the Organization for Economic Cooperation and Development (OECD) and the ASEAN Corporate Governance Scorecard which serve as essential points of reference.

This report describes the highlights of our corporate governance practices throughout the financial year ended December 31, 2019.

1. Composition of the Board - The Board is composed of 11 members and aided by 3 Advisors. The members of the Board are all professionals with expertise in banking, accounting and finance, law, merchandise marketing, strategy formulation, bank regulations, information technology, sustainability, and risk management. It is led by a Non-Executive Chairperson with 6 Independent Directors, 2 Non-Executive Directors and 2 Executive Directors who are the Vice Chairman and the President & CEO. Independent Directors comprise the majority (54.50%) members of the Board, thus exceeding the requirement of the Securities and Exchange Commission (SEC) and the Bangko Sentral ng Pilipinas (BSP) as well as meeting global best practice. Non-Executive Directors including Independent Directors comprise 82% of board strength, more than the requirement of the BSP of at least majority of the Board. This provides independent and objective judgment on significant corporate matters and ensures that key issues and strategies are objectively reviewed, constructively challenged, thoroughly discussed and rigorously examined. The Board Advisors are considered as integral part of the Board whose influence are akin to a Director. Their opinions and recommendations are taken into consideration by the Board members. The presence of a female Board advisor provides an independent view of the Bank and complements the two (2) female non-executive directors.
2. Composition of the Committees - Eight of 9 Board committees namely Risk Management, Board Audit, Corporate Governance, Related Party, Information Technology Steering, Nominations, Compensation, and Trust are chaired by Independent Directors. This provides independent and objective judgment on significant corporate matters and ensures that key issues and strategies are objectively reviewed, constructively challenged, thoroughly discussed and rigorously examined;
3. Audited financial statements were disclosed to the public on February 28, 2019 within 60 days from year end, following the best practice recommendation of the ASEAN Corporate Governance Scorecard, for five (5) consecutive years already;
4. Executive Sessions of Independent/Non-Executive Directors - The Independent and

Non-Executive Directors, chaired by Lead Independent Director Jones M. Castro, Jr. conducted, conducted 3 executive sessions with the External Auditor, Chief Risk Officer, Chief Compliance Officer and Chief Internal Auditor without the presence of management to discuss various matters or issues outside the regular committee meetings of the Audit and Risk Management Committees. The results of these sessions were discussed with the Bank's Executive Directors; and,

5. Annual performance self-assessment - In 2020, the Bank commissioned PricewaterhouseCoopers (PwC) to facilitate the Board Effectiveness Evaluation in compliance with the SEC Code of Corporate Governance in order to further align its governance framework with the principles of the said Code and global best practices. Part of the engagement of PwC is to facilitate a self and peer evaluation process on the Board, Board Committees, and individual directors. The results thereof are validated through focused interviews with individual directors. In 2019, the Corporate Governance Committee spearheaded the annual Board evaluation survey covering the performance in 2018 of the Board of Directors, Board Committees, Senior Management, each Director, and Board Advisors. The tabulated results were then referred to the Board. The overall assessment showed that the Board continues to operate on a very high standard of independence, committees function effectively and senior management has the relevant professional experience, necessary skills and ability to manage the Bank while the directors have rigorously maintained independence of views and the relationship between the Board and committee members remain strong.

This report sets out the main corporate governance practices of the Bank in relation to the following OECD guiding principles:

Rights and Equitable Treatment of Stakeholders

Shareholders

The Bank respects the inherent rights and recognizes the roles of various stakeholders in accordance with law. To this end, it has put in place various governance practices, policies and programs for the protection of shareholders' rights and promotion for exercising those rights in accordance with OECD principles, such as the right to buy, sell or transfer securities held, the right to receive dividend, the right to vote for the appointment of the external auditor, the right to participate in the decision-making for corporate matters, the right to propose agenda item in the shareholders' meeting and the right to attend the shareholders' meeting. As a matter of policy, all stockholders (retail and institutional) on record are encouraged to attend, personally or by proxy, the annual stockholders' meeting to ensure their participation and active involvement in the affairs of the Bank. Shareholders will be given equal opportunities to raise questions, make suggestions and recommendations pertaining to the operations of the Bank. They can assign proxies to vote on their behalves if shareholders could not attend the stockholders' meeting.

For the convenience of shareholders to exercise their right to attend the stockholders' meeting, the venue, date, time and agenda of the annual meeting, explanation of each agenda item requiring shareholders' approval, method of voting results will be announced in advance. In 2019, the Notice of Annual Stockholders' Meeting, which contains details and rationale for each agenda item, was released on March 21, 2019, or 31 days prior to the date of the Meeting.

The Annual Stockholders' Meeting was held on April 22, 2019 and was attended by the Board Chairperson, President & Chief Executive Officer, Directors and chairpersons of various Board Committees. The shareholders were allowed to cast their votes on each director and on each agenda item presented to them for approval. They were also given the opportunity to ask questions, express opinion and make suggestions on various issues. Please see the minutes of the

2019 Annual Stockholders' Meeting for detailed Questions and Answers, the voting results showing the Approving, Dissenting and Abstaining Votes cast by the shareholders on each agenda item in www.bdo.com.ph/company-disclosures/ownership.

Quarterly declaration of cash dividends is approved by the Board of Directors and is immediately disclosed to the Philippine Stock Exchange (PSE) and the Securities and Exchange Commission (SEC). This disclosure is readily available at the websites of the PSE and the SEC, as well as of the Bank. During the Annual Stockholders' Meeting, the President reports to the stockholders the financial performance of the Bank for the year. In addition, the Bank files with the PSE and SEC quarterly reports on its financial performance.

The Bank recognizes that all shareholders should be treated fairly and equally whether they are controlling or minority, local or foreign. To ensure this, the Amended By-Laws of the Bank provides that all shares in each class should carry the same rights and any changes in the voting rights to be approved by them. The Bank accepts the votes cast by nominees and custodians in behalf of the beneficial owners as valid. Shareholders could exercise their right of appraisal in case of amendment to the Articles of Incorporation that has the effect of changing or restricting their rights.

Investors

BDO adopts a pro-active relationship with its stockholders through Investor Relations' (IR) comprehensive engagement program. IR articulates the Bank's strategic direction as well as financial and operating results by joining conferences and roadshows in key global financial markets and conducting various one-on-one meetings, conference calls and briefings with institutional investors, analysts, and credit rating agencies. IR also reaches out to retail investors by participating in retail conferences and roadshows organized by local brokers. The Bank has in the past likewise joined virtual investor conferences catering to American Depositary Receipts (ADR) investors in the United States. From time to time, IR is joined by other members of the Senior Management team in meetings and corporate access activities in order to impart more insights on BDO's operations.

Relevant information is also shared through official disclosures posted via PSE Edge and company website. In 2019, the following were the significant programs and events done by Investor Relations:

1. Meetings, Conferences and Roadshows

IR engaged with close to 500 investors through one-on-one meetings, conference calls, roadshows, and conferences locally and abroad last year.

2. Analyst briefings

IR held two analyst briefings in February and July in 2019 during which the Bank's senior management presented and answered queries on the Bank's 2018 and first half of 2019 financial results, operations and recent developments. Video coverage of the analysts' briefings last year are posted under the Investor Relations section of the Bank's website.

3. Media briefings/press conferences

IR held a media briefing/press conference in the morning prior to the Bank's Annual Stockholders' Meeting on April 22, 2019, during which the BDO President updated the press on the Bank's financial results as well as answered queries relating to the Bank.

4. Regular feedback from investors and analysts to Senior Management and the Board.

IR regularly conveyed feedback from investors and analysts to Senior Management and to the Board for a better appreciation of market sentiment towards the Bank, through periodic updates on shareholder developments, industry analysis reports, and write-ups and comments about the Bank.

5. Coordination with other units for the disclosure of public information about the Bank

IR recognizes the need for accurate and updated information of the Bank's financial condition and all matters affecting the Bank. It coordinates with the Corporate Secretary's Office and Marketing Communications Group (MCG) to ensure the timely disclosures and posting of material and relevant information.

IR directly liaises with its stock transfer agent on matters relating to stockholders' claim for cash dividends, updating of contact information and requests for documents and/or information regarding their stockholdings.

Shareholders could request relevant information from the Corporate Secretary or Investor Relations Unit through the contact details provided in the Bank's official website. The minutes of the 2019 Annual Stockholders' Meeting is available in our corporate website at www.bdo.com.ph./company-disclosures/ownership.

Customers

Our clients provide the Bank the business for which we are most thankful. BDO is committed to meet their needs by providing them with high quality customer service and relevant products and services.

BDO is also committed to treat clients fairly. The minimum standards to ensure that clients are treated fairly are the following:

- Communications are fair and not misleading.
- Ensure that clients are given clear and concise information, including the risks involved, before they enter into financial products and services.
- Products and services are suitable and appropriate, taking into account the needs of the clients, their financial and risk profile and objectives.
- Complaints should be handled in a prompt, friendly, fair and effective manner.

As a continuing compliance with BSP Circular 857 which is the Regulations on Financial Consumer Protection in the Philippines, the Bank has monitored and profiled the client inquiries/requests/complaints together with resolutions/actions taken. The Bank has been proactive in resolving with complaints. The Bank has established a Consumer Assistance Management System to address customer concerns. Effective recourse is one of the five (5) areas of BSP's Consumer Protection Framework, and BDO has been seriously devoting resources to ensure that customer issues are resolved in a timely manner. It has also implemented the Framework and Policy on Social Media Risk Management in compliance with BSP Circular 949.

The Bank has in place a Data Privacy Management Program (DPMP), which serves as the framework for protecting the data privacy rights of the Bank's data subjects, to ensure compliance with the Philippine Data Privacy Act (PDPA). The Bank appointed a Data Protection Officer (DPO) who is registered with the National Privacy Commission (NPC). Compliance Officers for Privacy (COPs) in each business and support units (BSUs) were appointed to ensure

proper coordination in the implementation of any initiatives related to the DPMP. The required data processing systems were also registered with the NPC. The Data Privacy Policy, Privacy Statement, and Breach Reporting Procedures were established, including the templates for Consent, Data Sharing Agreement, and Outsourcing Agreement. Furthermore, conduct of Privacy Impact Assessments (PIAs) by critical units were completed to assess privacy risks in order to ensure that the necessary security measures are in place to mitigate risks to personal data and uphold data privacy rights of individuals. Privacy risk monitoring were also enhanced using the existing risk management tools of the Bank. Currently, the Bank is completing the PIAs for the rest of the units and implementation of necessary security measures is being monitored. To ensure continuous education within the Bank, the Data Privacy Training and Awareness Program has been rolled out, consisting of regular conduct of classroom and e-learning courses as well as breach reporting exercises/drills.

The Bank has also recently intensified data privacy awareness with the in-depth training for COPs and complaints management training for Customer Contact Center personnel. The Risk Management Committee (RMC) of the Board is regularly updated with respect to the progress of the Bank's compliance to the PDPA. In view of its commitment to comply with data privacy requirements, and as part of its continuing assessment and development efforts, the Bank actively participates in data privacy forums of the NPC and liaises with other DPOs of the Bankers Association of the Philippines (BAP).

In living the "We Find Ways" service credo, BDO is committed to meet the clients' needs by providing them with high quality customer service and relevant products and services such as protection services to the emerging Filipino middle class through BDO Life. It continues to invest heavily in technology to improve products and processes particularly on personal online banking, expand electronic channels, electronic payments, enhance anti-fraud features of electronic money instruments like shift to EMV cards, develop modern payment platforms and expand use of digital media. Clients can look forward to a more convenient banking experience as the Bank exerts efforts to leverage the use of digital technology in making available its products and services across various channels.

As of December 31, 2019, BDO Unibank Group had 1,436 branches (including two foreign branches), 4,466 automated teller machines (ATMs) and 562 cash accept machines (CAMs). This is a milestone affirming the Bank's commitment to make banking reachable to Filipinos and our way of creating opportunities for more people to experience the rewards of having a bank that takes care of their financial needs.

Creditors, Counterparties and Suppliers

The Bank is committed to meet its contractual obligations with all creditors and counterparties based on the covenants agreed with them. On 11 February 2019, the Bank issued P 35 B worth of Senior Fixed Rate Bonds to diversify the Bank's funding sources and support business expansion. On 5 April 2019 and 27 September 2019, the Bank issued Long Term Negotiable Time Deposits (LTNCD) worth P7.3 B and P6.5 B, respectively, as part of the Bank's efforts to diversify the maturity of funding sources and support business expansion plans.

In the conduct of its business dealings, the Bank undertakes to honor all binding trade-related agreements and conditions on the basis of widely accepted industry practices, mutual understanding and cooperation with counterparties. In accordance with law, they will be given priority in payment of the Bank's obligations in the normal course of business and in the event of liquidation.

For suppliers, it has established appropriate policies that govern the vendor accreditation, selection, bidding and approval processes. The Bank strictly prohibits the solicitation and

acceptance, directly or indirectly, of any gift (including entertainment services or activities), gratuity, commission or any form of payment from client, business partners, suppliers and third party service providers in exchange for any unnecessary favorable treatment.

Employees

The Bank puts very high value to its human resources. To ensure the protection and well-being of the employees, the Bank has implemented policies and programs that cover the following areas:

a. Code of Conduct and Business Ethics

As a financial institution, BDO believes that practicing right conduct and ethical behavior inspires and strengthens the confidence of all our stakeholders.

The Code outlines the principles and policies that govern the activities of the institution, sets forth the rules of conduct in our work place and the standards of behavior of its directors, officers and employees in their activities and relationship with external shareholders. These reflect the core values the institution subscribes to and promotes.

The Code applies at all times to all members of the Board of Directors and BDO Unibank Group employees in their dealings with clients, suppliers, business partners and service providers. It covers the Bank's commitment to a gender friendly workplace, concern for occupational health, safety and environment, transparency, integrity and accountability, compliance with laws and regulations, standards of behavior and personal conduct and ethics of doing business.

b. Training and Development

BDO continues to provide training opportunities aligned to business requirements and employees' potentials and capabilities. Training programs include orientation for new hires, job specific technical training, management and leadership training programs which aim to develop and enhance the knowledge, skills, managerial and leadership capability, attitude and mindset of employees. The Bank allocates every year a training budget for these developmental programs. In 2019, the average training hours for internal and external training of staff, managerial and senior officers were 67.49, 62.67 and 44.01, respectively. In terms of actual number of employees trained, staff was at 22,908, managers at 19,145 and senior officers at 2,614. Improvements in the design and delivery of eCourses and targeted training programs continue to ensure more effective retention of the knowledge learned. Culture and values, service excellence, regulatory requirements, job knowledge as well as leadership development continue to be the focus in 2020 to sustain availability of ready talents that support business growth.

The continuing education program for Directors is an ongoing process to ensure the enhancement of their skills and knowledge. Every year, all Directors and key officers are given updates and briefings, and are required to attend a corporate governance seminar on appropriate topics to ensure that they are continuously informed of the developments in the business and regulatory environments, including emerging opportunities and risks in the banking industry. All directors of BDO Unibank complied with the annual corporate governance training requirement of four (4) hours for 2019. Ten (10) directors of BDO Unibank attended the in-house corporate governance seminar last 24 July 2019 in Makati City. It concentrated on cybersecurity in the Philippines and blockchain technology/cryptocurrencies, to equip themselves on emerging risks as banks move to the era of digital banking. One (1) director attended an external corporate governance

training, which focused on boardroom realities, fighting red tape, and governance advocacies.

c. Employee Welfare

BDO is committed to promote the physical, social and mental well-being of its employees. It aims to provide a workplace free from discrimination and all forms of physical, sexual and psychological abuse including harassment, bullying and intimidation. The Bank established the Policy on Disclosure of Sensitive/Confidential Matters to Management to give employees the opportunity to communicate, with protection from reprisal, legitimate concerns about illegal, unethical or questionable practices in the workplace.

d. Health and Safety

BDO is committed to maintain a positive, harmonious and professional work environment with due importance accorded to occupational health and safety of the employees and related external constituencies.

The continuing activities to promote health and safety are the following:

- No Smoking Policy in all head offices and branches is strictly enforced;
- No firearms allowed in all offices and branch premises;
- Use of CCTV as a deterrent to possible criminal activities such as hold-ups/robberies;
- Fire prevention measures and safety/evacuation drills for fire and earthquakes;
- Installation of access ramps for persons with disability in our buildings and branches to make our offices safe and accessible to PWDs;
- Regular safety inspections in corporate offices and branches nationwide to rectify immediately all noted unsafe conditions; and
- Emergency Response Teams to ensure availability of emergency response personnel in time of disaster.

In 2019, the Bank conducted the following initiatives to improve the safety of Bank employees and customers inside the premises:

1. We hired 3 additional Safety Officers for the year 2019 totaling to 9 full-time Safety Officers for the Bank. The Bank also assigned and trained 1,178 part-time Safety Officers at our branches. They are tasked to conduct safety trainings, audit, and inspections. Safety reports are also being submitted to the Department of Labor and Employment
2. We inspected a total of 534 facilities in 2019. Written reports are submitted to the concerned units in the Bank.
3. A total of 172 safety briefings were performed in 2019.
4. We conducted 28 fire drills in 2019.
5. Health and Safety Committee meets once a month to review the progress on the implementation of its programs. The Committee is composed of a mix of officers in the Bank headed by the Central Operations Group Head.

Our clinics are manned by occupational health practitioners and nurses. BDO maintains nine medical clinics located in the following strategic areas in Metro Manila:

1. Corporate Center Makati
2. Corporate Center Ortigas
3. Ortigas Avenue, Greenhills
4. Roosevelt Avenue, Greenhills
5. Binondo, Dasmariñas
6. Davao City
7. Karrivin Plaza, Makati
8. BDO Paseo Tower

Aside from our clinics, employees have the option to go to any medical facility accredited by the health maintenance organizations supporting the Bank. Employees are required to undergo an annual medical check-up.

The Bank is active in promoting a healthy lifestyle for its employees by maintaining two adequate and well maintained gym facilities in its Corporate Centers located in Makati and Ortigas where various group exercises are also being held. In 2019, 3,728 employees used these facilities. We also have a tie up with a popular gym facility with preferential fees. We also conduct health and wellness seminars for our employees on top of sporting tournaments that are being organized regularly.

Society, Community and the Environment

Corporate Social Responsibility

BDO pursues its corporate citizenship initiatives through BDO Foundation, the bank's corporate social responsibility arm. Backed by the BDO Unibank community, the foundation develops and implements programs designed to address the needs of the underprivileged and marginalized members of society.

BDO Foundation's advocacies fall under two pillars: disaster response, which includes relief, rehabilitation and reconstruction programs; and financial inclusion. In 2019, the foundation – supported by stakeholders, BDO volunteers, its partners and donors – fulfilled these advocacies.

Disaster Response

BDO's presence all over the country gives BDO Foundation the capability to conduct relief operations with great efficiency. Leveraging the wide network of BDO branches and satellite offices across the country, the foundation mobilizes BDO volunteers to mount relief work in communities affected by natural or man-made disasters.

Branch officers and staff visit disaster-stricken barangays and distribute relief packs containing food, rice and water to affected residents. In some cases, hygiene kits and school supplies are handed out. In areas where there is no BDO presence, the foundation partners with church groups and other non-governmental organizations to mount relief operations.

In 2019, BDO Foundation organized 48 relief operations, benefiting a total of 69,082 families. Beneficiaries included people affected by incidents of fire, earthquakes the southwest monsoon, tropical depressions, flash floods and landslides. Victims of Typhoons Ineng, Quiel, Tisoy and Ursula as well as those affected by earthquakes in Batanes, Cotabato, Davao del Sur and Pampanga also received relief goods distributed by BDO volunteers. The foundation also donated 100 rolls of tarpaulin to public schools in Cotabato. These were used for temporary learning spaces in the aftermath of the earthquakes.

Rehabilitation of Rural Health Units

After conducting relief operations, BDO Foundation revisits areas hit by disasters to determine the long-term work that needs to be done as part of its disaster response advocacy. The rehabilitation of rural health units is one of the programs the foundation undertakes in calamity-stricken communities.

Through this rehabilitation program, BDO Foundation aims to contribute to the achievement of the United Nations' Sustainable Development Goal no. 3 to ensure healthy lives and promote the well-being of people of all ages. The initiative is also in line with the improvement of the healthcare service delivery system, one of the goals under the Philippine Health Agenda.

Last year, as in prior years, the foundation rehabilitated rural health units in disaster-stricken and economically disadvantaged communities all over the country.

The renovation of health facilities included various rooms and spaces for mothers and infants, children, senior citizens, persons with disabilities and other patients. New furniture and fixtures were installed. Play areas for children complete with books and toys, waiting areas for the comfortable use of senior citizens and breastfeeding stations for nursing mothers were also built. These improvements enabled doctors, nurses and midwives to serve their constituents more effectively.

BDO Foundation rehabilitated 14 health centers in 2019. As a result, a total of 453,876 individuals now have access to better primary and maternal healthcare services.

School Buildings in Marawi

As part of its rehabilitation and reconstruction program, BDO Foundation constructs new school buildings in areas affected by natural disasters or armed conflict. This initiative supports the Adopt-A-School program of the Department of Education (DepEd) and helps address the need for more classrooms in the country.

In 2019, BDO Foundation constructed two-storey, four-classroom school buildings in Lake Lanao National High School and Harat Medina Central Elementary School in Marawi City, Lanao del Sur. The projects were aimed at helping rebuild the war-torn city.

The fully furnished school buildings are expected to initially benefit more than 700 pupils affected by the Marawi siege, which disrupted classes for several months and forced students and teachers to evacuate. Moreover, the project contributes to the efforts of DepEd, one of the member agencies of Task Force Bangon Marawi, to rehabilitate public schools in the wake of the fighting that ensued between government forces and a militant group in 2017. Counting the school building it turned over in Nanapun Elementary School in 2018, BDO Foundation has constructed three school buildings in the city.

The construction of the new school buildings is just one of several BDO Foundation initiatives for Marawi. The foundation successfully mounted relief operations and made donations for the benefit of thousands of evacuees, military operatives, police personnel and school children affected by the fighting and humanitarian crisis. It also donated storybooks and school supplies to hundreds of schoolchildren in the city.

Technical-vocational Facility in Mati

Last year, BDO Foundation, in partnership with the Salesian Society of St. John Bosco, constructed a two-storey technical-vocational facility at the Don Bosco Training Center (DBTC) in Mati City in the disaster-stricken province of Davao Oriental for disadvantaged and out-of-school youth in Mindanao. Typhoon Pablo battered Davao Oriental in 2012, devastating thousands of residents in coastal areas. The tropical storm, one of the strongest to make landfall in the province, damaged homes, infrastructure and school buildings.

Through the new school building, BDO Foundation aims to help the Don Bosco school capacitate students and make them employable in the Philippines and abroad. The project is in keeping with the United Nations Sustainable Development Goal no. 8 to promote sustained economic growth, full and productive employment, and decent work for all. The construction of the school building in Mati and the provision of tools and equipment were made possible by donations from BDO employees.

With construction completed, school administrators plan to set up new courses and accommodate more enrollees. Around 560 senior high school students are expected to benefit from the project in the first three years. The structure will serve as a workshop, where students can learn technical-vocational skills.

Facility for Survivors of Abuse

In 2019, BDO Foundation completed the construction of Cameleon Negros Center, a facility where abused girls can undergo therapy, study and receive counselling. Located in Silay City, Negros Occidental, the center is a home for abused children, a safe haven where they can receive the care, guidance and attention they need. The center initially accommodated 20 beneficiaries but will continue to accept more survivors of abuse.

Construction was co-funded by Cooperation Humanitaire Luxembourg and backed by Zonta Club of Makati-Ayala. The third shelter for abused children Cameleon has built in the country, Cameleon Negros Center was also made possible with the support of the local government of Silay, which donated an 8,000-square-meter property for the project.

Resettlement Homes

BDO Foundation builds typhoon-resilient resettlement homes for people displaced by disasters.

The foundation partnered with the United Nations Human Settlements Programme (UN-Habitat) for the construction of houses in Barangay Cabalawan, Tacloban City for families affected by Typhoon Yolanda, one of the worst disasters to hit the country. The initiative contributes to the achievement of UN-Habitat's mission to promote socially and environmentally sustainable human settlements development and the achievement of adequate shelter for all.

BDO Foundation funded the construction of 100 houses in support of UN-Habitat's Post-Yolanda Support for Safer Homes and Settlements program. In 2018, 40 houses were turned over to members of the Villa de Tacloban Homeowners Association Inc., the beneficiaries of the project. In 2019, the construction of the remaining 60 units was completed.

The resettlement homes form part of the 350 total housing units that UN-Habitat committed to build under the community mortgage program of the Social Housing Finance Corporation. The local government of Tacloban City handled site development.

Financial Inclusion

BDO Foundation, through its financial inclusion pillar, is collaborating with partners to help improve the financial literacy of Filipinos. Two programs fall under this advocacy: financial education and capability-building for small entrepreneurs.

In 2019, BDO Foundation continued to provide training on financial literacy as well as simple accounting and bookkeeping for farmers in support of SM Foundation's Kabalikat sa Kabuhayan, an agricultural training initiative designed to help fruits and vegetables farmers become self-sufficient. The foundation, in partnership with National University, organized training sessions for 3,000 farmer-beneficiaries in 29 sites all over the Philippines.

In keeping with a shared goal to promote financial inclusion, BDO Foundation, the Bangko Sentral ng Pilipinas (BSP) and the Department of Education (DepEd) introduced a financial education program for public schools in 2018. It is the foundation's flagship corporate citizenship initiative under its financial inclusion advocacy.

The program supports DepEd's efforts to strengthen financial education in its K to 12 curriculum and provide financial literacy education for its teaching and non-teaching personnel.

In 2019, the foundation partnered with BSP, DepEd, the Overseas Workers Welfare Administration (OWWA), the Civil Service Commission (CSC), the Philippine Army and the Armed Forces of the Philippines (AFP) for the development of financial education programs appropriate for these partner agencies.. All these programs contribute to the pillar on Financial Education and Consumer Protection of BSP's National Strategy for Financial Inclusion.

Beneficiaries include 24 million students in 47,000 public schools nationwide; 800,000 public school teachers and non-teaching personnel; 900,000 civil servants; 2.3 million OFWs; and 140,000 soldiers and civilian personnel of the armed forces.

BDO Foundation has developed 16 financial education videos for teachers and non-teaching personnel, public school students, OFWs attending OWWA's Pre-Departure Orientation Seminars (PDOS), OFWs attending OWWA's Post-Arrival Orientation Seminars (PAOS), families of OFWs, new recruits of the Philippine Army, new army officers, senior officers and civilian personnel. In 2019, the foundation began production on nine additional videos for OFWs, civil servants and the armed forces for release in 2020.

Designed to make lessons on personal finance engaging and compelling for the target audience, the videos were produced to serve as springboard for discussions on financial responsibility. The videos covered such topics as saving, budgeting and financial planning, investments, debt management, the responsible use of credit, entrepreneurship, avoiding scams and retirement planning, among others. The partners also developed training modules, lesson plans and discussion guides for each video.

In 2019, the financial literacy videos and lesson exemplars or lesson plans were uploaded in the DepEd learning portal making them accessible to teachers for use the classroom and for DepEd trainers for use in the training of teachers and non-teaching personnel. For its part, OWWA officially adopted BDO Foundation's financial literacy videos and discussion guides for use by all organizations conducting the mandatory PDOS. Four hundred trainers coming from OWWA and the various PDOS providers also attended the training of trainers organized by BDO Foundation and BSP. The Philippine Army, on the other hand, decided to embed financial literacy in its various training programs and designated 120 trainers to act as speakers and resources persons. BDO Foundation and BSP organized and conducted a training of trainers activity for 40 out of these 120 trainers.

Through its financial inclusion advocacy for educators, the Filipino youth, soldiers and OFWs, BDO Foundation hopes to promote financial inclusion, contribute to the development of a financially literate citizenry and support nation-building.

Finding Ways in the Future

Having made significant strides in its disaster response and financial inclusion programs the past year, BDO Foundation is gearing up for more projects in the future. The corporate social responsibility arm of BDO Unibank – supported by the BDO community of volunteers, partners and donors – will continue to pursue programs for the benefit of the underprivileged and marginalized members of society. BDO Foundation will continue to find ways for the people.

Environmental Initiatives

BDO imposes limits and monitors exposure to certain industries such as production or trade in weapons and munitions, online gaming and equivalent enterprises, hydroelectric plant with weir height more than 50 meters, illegal mining, illegal fishing and child labor (those deemed to have adverse environmental and social effects to community).

BDO's green financing has been practiced since 2010 and is considered one of the pioneers to have catalysed sustainable finance in Philippine's banking industry. Through its cooperation with IFC until 2018, the Bank has led financing in green energy investments in Renewable Energy, Energy Efficiency and Green Building projects. In February 2018, BDO was the first to have issued \$150 million green bond in the country and East Asia Pacific with IFC as its sole investor. In addition, BDO had a partnership with Japan Bank for International Cooperation to relend its \$50 million green facility to environment-related projects focusing on renewable energy in the Philippines in August 2016. Thus, providing our clients with additional financial product that can support their prospective green projects.

Please refer to the Corporate Social Responsibility Section of the 2019 Annual Report and the 2019 Sustainability Report for more details on the Bank's socio-civic programs and initiatives published in our corporate website at (www.bdo.com.ph).

The Bank also maintained its **“Go Green Program”** to raise awareness on environmental issues, promote good environmental practices in the workplace, mobilize volunteers for conservation programs. Its Green initiatives focuses on energy conservation using LED lights, water management using waterless urinals, air quality by tree planting in support of “Grow a Million Trees” campaign, waste disposal and other clean up projects.

BDO Corporate Center Ortigas (BDO CCO) has earned a certification on Leadership in Energy and Environmental Design (LEED), two years after the 47-storey office structure was formally unveiled. It is the first high-rise office-commercial building in the Philippines to achieve a LEED Gold “New Construction Category” Certification. Various sustainable methods were implemented in the construction of the building that steered its LEED accreditation. These include the installation of automated monitoring and control systems as CO2 sensors, occupancy sensors, daylight dimming and timer switches.

- With the help of the CO2 sensors, indoor pollutants are mitigated and help the building steer away from catching the sick building syndrome.
- By deciding to go automated, energy is saved from mechanically turning off or dimming the lights when it does not sense any human activity and when sufficient natural light enters the room.

- Sustainable effort was done by employing dual piping in the plumbing system. Grey water, harvested rainwater and condensate water are recycled and re-used for flushing. The combination of efficient water fixtures and grey water flushing were keys in reducing the total building potable water use by approximately 5,700,000 liters annually.

Since the Bank has started the program in 2010, the Bank has financed 45 renewable energy projects with total installed capacity of 2.1GW including various types of technology such as biomass, geothermal, wind, solar and hydro. This has provided electricity for 1,944,479 families while reducing greenhouse gas emissions by 3,922,454 tonnes per annum, equivalent to 832,801 passenger vehicles off the road for a year and growing 64,858,598 tree seedlings over a 10-year period.

Through almost a decade of BDO's practice in green financing brings forth solid outcome and basis for establishing Sustainable Finance Framework which provides guidelines and parameters for green and social impact financing. Currently, BDO's green financing accounts for more than 10% of its total loan portfolio inclusive of all industries. With continued innovation in green financing, the Bank has positioned to lead Sustainable Finance across various industries.

Sustainability, climate change and wildlife protection

Equally important to the Bank is our commitment to enhance the sustainability of the environment thru information, education and advocacies. It is a Corporate Partner of the World Wide Fund for Nature (WWF) Philippines, a member of the World Wide Fund for Nature, the world's largest conservation organization. This has allowed BDO to support the organization's various programs since 2010 such as the Bancas for the Philippines, Earth Hour, environmental education, sustainable fisheries in Ilocos and Palawan, marine conservation and research in the Tubbataha Reefs, agroforestry in the Sierra Madre, whale shark ecotourism in Donsol, sustainable tourism in the fabled Ticao Pass in Masbate, and the Tamaraw Conservation Program in Mindoro, forests for water campaign, Calaguas development, and anti-plastic project.

Business Competitors

The Bank is committed to treat business competitors fairly and professionally in all dealings with them. It will avoid making references or discussions that may have a negative impact on the Bank's competitors.

Government and Regulators

The Bank supports the compliance with the spirit, not just the letter, of the laws and regulations of the jurisdictions it operates. All business deals and transactions shall adhere to regulatory requirements and applicable laws particularly on confidentiality of deposits, data privacy and protection, anti-money laundering and other financial crimes, anti-corruption and bribery, insider trading and consumer protection. In 2019, the Bank continued to be active in giving comments on various proposed legislations and regulations.

Transparency and Disclosures

BDO is fully committed to provide its investors and other stakeholders full transparency and timely information disclosure through filing with the Securities and Exchange Commission (SEC) and the Philippine Stock Exchange (PSE), as found in the following:

- General Information Sheet (GIS)
- Definitive Information Sheet (DIS)

- SEC form 17-A
- SEC form 17-C (current reports - material information)
- SEC form 17-Q (Quarterly Report)
- SEC form 23-A/B (Statement of Beneficial Owners)
- Audited Financial Statements (AFS)

Required disclosures relating to:

1. Financial information is stated in the AFS, SEC Form 17-Q and the DIS
2. Shareholder matters are provided in the DIS
3. Executive compensation policy is stated in the DIS
4. Directors' fees are found in the DIS
5. Corporate actions, among others, are provided in the PSE official website www.pse.com.ph

In particular, BDO released the 2019 audited financial statements on February 28, 2020 or just 59 days after close of the financial year to promote transparency and full disclosure of the results of the operations of the Bank.

Other key information disclosed by the Bank included the composition of the Board, role and activities of board committees, meetings held and attendance of directors, director continuing education records, remuneration policy, shareholding structure, annual performance self-assessment of Board of Directors as a collective body, directors, committees and senior management, Code of Conduct and Business Ethics, Corporate Governance Manual, SEC Annual Corporate Governance Report, BDO organizational structure, conglomerate map an important corporate governance policies such whistle blowing, term limit of independent directors, personal trading, conflict of interest, dividend, Board diversity policy and related party transactions.

To ensure an even wider access by the investors and the public, these disclosures and other corporate information are also uploaded in the Bank's official website www.bdo.com.ph (See "Investor Relations" and "Corporate Governance"). The details of established corporate governance policies are found in the Revised Corporate Governance Manual.

Evaluation System

The Bank has required in its Corporate Governance Manual (the "Manual") that all Board level committees shall report regularly to the Board of Directors in compliance with the Manual's policies and procedures. The Bank supports the principle and regulatory mandate of check and balances across the entire Group by its observance of the segregation of powers, independence of audit, compliance and risk management functions. In the context of independent checks and balances, the Board has appointed the Chief Internal Auditor, Chief Risk Officer and Chief Compliance Officer to assist the Board in its oversight functions.

As part of its continuing focus on good corporate governance, the Audit Committee is empowered by the Board to oversee the financial reporting process, system of internal control and risk management systems, internal and external audit functions, and compliance with governance policies, applicable laws and regulations. Their oversight function covers the following areas:

On financial reporting, the committee reviews the integrity of the reporting process to ensure the accuracy and reliability of financial statements and compliance with financial reporting standards and disclosure requirements set for listed companies.

On internal control and risk management, it monitors and evaluates the adequacy, soundness and effectiveness of the Bank's established internal control and risk management systems, policies and procedures including implementation across all units of the Bank to provide reasonable assurance against fraud or other irregularities and material misstatement or loss.

On internal and external audit, it recommends the appointment, reappointment and removal of the external auditors, remuneration, approval of terms of audit engagement and payment of fees. It reviews non-audit work, if any, ensuring that it would not conflict with their duties as external auditors or may pose a threat to their independence. It approves the annual audit plan and reviews audit results including the BSP Report of Examination focusing on significant findings with financial impact and its resolution. It reviews the implementation of corrective actions to ensure that these are done in a timely manner to address deficiencies, non-compliance with policies, laws and regulations.

On compliance, it recommends the approval of the Compliance Charter and reviews the performance of the Chief Compliance Officer. It also reviews the annual plans of the Compliance Office including the Anti-Money Laundering Unit, and evaluates the effectiveness of the regulatory compliance framework and governance policies and practices of the Bank to ensure that these are consistently applied and observed throughout the institution.

In this context, the following were done during the year:

Board Audit Committee

On financial reporting, the Committee reviewed and recommended for approval to the Board the quarterly unaudited and annual audited financial statements ensuring compliance with accounting standards and tax regulations. On February 20, 2019, it endorsed for approval of the Board the audited financial statements as of December 31, 2018 including the Notes to the Financial Statements. This was approved by the Board and disclosed to the public on February 28, 2019, 59 days from the financial year-end following the best practice requirement of the ASEAN Corporate Governance Scorecard (ACGS). It believes that the financial statements are fairly presented in conformity with the relevant financial reporting standards in all material aspects. The related internal controls on financial reporting process, compliance with accounting standards, more specifically the changes brought about by the adoption of the Philippine Financial Reporting Standards 9 and 16, were likewise reviewed.

In overseeing the internal audit function, it reviewed and approved the Internal Audit Charter and risk-based audit plan after a thorough review of its scope, audit methodology, risk assessment and rating processes, financial budget, manpower resources, as well as changes to the plan during the year. It reviewed audit reports focusing on high and moderate risk findings relating to operational, financial and compliance controls including risk assessment systems with impact to financial, reputation and information security. It regularly tracked the timely resolution of findings and asked for Management's action plans on items that needed more time to be addressed. It ensured the Internal Auditor's independence and unfettered access to all records, properties and information to be able to fully carry out its function. It also assessed the performance of the Chief Internal Auditor and key audit officers. The Committee is satisfied that the internal audit function has adequate resources to perform its function effectively.

On external audit, it ensured the independence, qualification, and objectivity of the appointed external auditor, which is accredited by the BSP. It reviewed and discussed the content of the engagement letter, audit plan, scope of work, focus areas, composition of engagement team among others, prior to the commencement of audit work. It comprehensively discussed the external audit reports, focusing on internal controls, risk management, governance and matters with financial impact particularly on the changes in accounting and reporting standards. It reviewed Management's Letter as well as Management's response and action taken on the external auditor's findings and recommendations.

On regulatory compliance, it reviewed and approved the annual plans and independent compliance testing roadmaps of the Compliance and Anti-Money Laundering (AML) units. It endorsed for approval of the Board of Directors the revised Regulatory Compliance and Management Manual and Money Laundering Prevention Program Manual of the Bank, which incorporates new and amended regulations as well as directives by the BSP in its examinations. It monitored the progress and reviewed the results of the independent compliance and AML testing, timely submission of regulatory and prudential reports, compliance to mandatory ratios, as well as continuous improvement of the compliance and AML systems. It discussed in detail the BSP Report of Examination including the results of regulatory examinations of the Bank's foreign subsidiaries and reviewed Management's replies, thereby ensuring implementation of corrective actions. It also reviewed legislation and regulatory compliance reports to ensure that the Bank scrupulously complies with the relevant regulatory requirements. In 2019, the Committee reviewed the performance of the automated system being used by the Compliance Office for its AML function and related party database. It also discussed and assessed the Bank's guidelines on regulatory and AML emerging risks such as online gaming business and investment scams.

Reports on cases in operations, whistle blower accounts as well as non-loan related cases with impact to financials, internal controls, information systems and reputation were deliberated on focusing on risk assessment, legal handling, and fraud prevention.

As part of its commitment to excellent corporate governance, the Committee conducted a self-assessment for its 2019 performance based on its Terms of Reference. The BAC, likewise evaluated the performance of Internal Audit, Compliance and Anti-Money Laundering Units and External Audit to ensure their effectiveness and achievement of objectives.

The Board Audit Committee reports its evaluation of the effectiveness of the internal controls, financial reporting process, risk management systems and governance processes of the Bank based on the report and unqualified opinion obtained from the External Auditor, the overall assurance provided by the Chief Internal Auditor and additional reports and information requested from Senior Management, and found that these are generally adequate across BDO.

The Board Audit Committee is chaired by Atty. Jose F. Buenaventura (Independent Director). Its other members are Mr. Jones M. Castro, Jr., (Lead Independent Director) and Vicente S. Perez, Jr. (Independent Director).

The Board Audit Committee held 13 meetings in 2019 with Mr. Jones M. Castro, Jr. attending all meetings; and Atty. Jose F. Buenaventura attending 12 meetings. Mr. Vicente S. Perez, Jr. joined the Committee on April 22, 2019 and attended seven of nine meetings.

Corporate Governance Committee

The Corporate Governance Committee (CGC) is primarily tasked to assist the Board in formulating the governance policies and overseeing the implementation of the governance practices of the Bank as well as its subsidiaries and affiliates. Annually, it also conducts the performance evaluation of the Board of Directors, its committees, executive management, peer evaluation of directors, and conducts a self-evaluation of its performance. It provides an assessment of the outcome and reports to the Board the final results of the evaluation including recommendations for improvement and areas to focus to enhance effectiveness. It also oversees the continuing education program for directors and key officers and proposes relevant trainings for them.

Focus in 2019 was directed on the review of the Bank's Integrated Annual Corporate Governance Report that was submitted to the Securities and Exchange Commission, and the independent validation of the Bank's representations in the ASEAN Corporate Governance Scorecard (ACGS). It facilitated the compliance of the directors of the Bank and its subsidiaries to the regulatory requirement for an annual corporate governance seminar for Directors. In 2019, BDO Unibank and its subsidiary, BDO Leasing & Finance, were granted the Golden Arrow award by the Institute of Corporate Directors in recognition of their strong corporate governance practices based on their ACGS scores.

The Corporate Governance Committee is chaired by Atty. Gilberto C. Teodoro, Jr. (Independent Director). Its members are Mr. Jones M. Castro, Jr. (Lead Independent Director) and Mr. Vicente S. Perez, Jr. (Independent Director).

The Committee held 6 meetings in 2019 with Atty. Gilberto C. Teodoro, Jr. and Mr. Jones M. Castro, Jr. attending all meetings. Mr. Vicente S. Perez, Jr. joined the Committee on April 22, 2019 and attended all its meetings.

Measures on leading practices of good corporate governance

The Bank is constantly aligning its corporate governance system with the international practice taking into account the continuous developments in national regulations. In 2019, the Board approved the amendments to the Bank's Articles of Incorporation and By-Laws to conform with the Revised Corporation Code of the Philippines and the Bank's current operations and structure as well as enhance corporate governance. Noteworthy of these amendments is the increase of the quorum requirement for meetings of the Board from a simple majority to two-thirds (2/3). Every decision made during such meetings shall also require two-thirds (2/3) of such quorum in order to pass a valid corporate act. The revised articles and by-laws shall be endorsed to the Stockholders for approval and ratification. The Bank also updated its Related Party Transactions Policy. Related party transactions, whose value may exceed 10% of the Bank's total assets, require review of an external independent party to evaluate the fairness of its terms and conditions and approval of 2/3 vote of the Board, with at least a majority of the independent directors voting affirmatively.

Improvement on Corporate Governance

The Bank is now in the era of digital transformation and we are looking at ways to optimize the use of the new technologies to strengthen our corporate governance practices while remaining

vigilant on the risk of digitization to our business operations. In ensuring that the Bank stays as the market leader in the Philippine financial services industry, we are focused on maximizing the effectiveness of our corporate governance practices as a business enabler and driver of our performance in the proper context of risks and rewards, opportunities and prospects for the Bank in this new era. This is essential in going forward into the future as we continue to compete and remain relevant to our various stakeholders. Globally, there is also an increasing call for companies to support the UN Sustainable Development Goals as part of sustainable business performance with emphasis on strategies that promote economic growth, environmental protection, efforts that address a range of social needs and a governance model that considers sustainability issues. BDO continues to be mindful of contributing positive impact on sustainability.

VIII. UNDERTAKING TO PROVIDE WITHOUT CHARGE A COPY OF THE BANK'S ANNUAL REPORT ON SEC FORM 17-A

THE BANK WILL PROVIDE WITHOUT CHARGE A COPY OF THE BANK'S ANNUAL REPORT FOR THE YEAR ENDED DECEMBER 31, 2019 (SEC FORM 17-A) TO ITS STOCKHOLDERS UPON RECEIPT OF A WRITTEN REQUEST ADDRESSED TO THE CORPORATE SECRETARY, 14/F NORTH TOWER, BDO CORPORATE CENTER, 7899 MAKATI AVENUE, MAKATI CITY, PHILIPPINES.

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of **BDO Unibank, Inc. and Subsidiaries (the BDO Unibank Group)** and of **BDO Unibank, Inc. (the Parent Bank)** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2019, 2018 and 2017, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the BDO Unibank Group and the Parent Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the BDO Unibank Group and the Parent Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the BDO Unibank Group and the Parent Bank's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Punongbayan & Araullo, the independent auditor appointed by the stockholders, has audited the financial statements of the BDO Unibank Group and the Parent Bank in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of BDO Unibank, Inc. and subsidiaries (collectively referred to as the BDO Unibank Group) and of BDO Unibank, Inc. (the Parent Bank), which comprise the statements of financial position as at December 31, 2019 and 2018, and the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2019, and notes to financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the BDO Unibank Group and of the Parent Bank as at December 31, 2019 and 2018, and their financial performance and their cash flows for each of the three years in the period ended December 31, 2019 in accordance with Philippine Financial Reporting Standards (PFRS).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the BDO Unibank Group and of the Parent Bank in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

I. Key Audit Matters Applicable to the BDO Unibank Group and the Parent Bank Financial Statements

(a) Proper Valuation of Loans and Other Receivables

Description of the Matter

The BDO Unibank Group and the Parent Bank are required to recognize allowance for impairment on their loans and other receivables using the expected credit loss (ECL) model. As of December 31, 2019, the BDO Unibank Group and the Parent Bank had loans and other receivables amounting to P2,225,777 million and P2,175,655 million, respectively, net of allowance for impairment of P32,666 million and P29,833 million, respectively. Loans and other receivables are the most significant resources of the BDO Unibank Group and the Parent Bank which account for 70% and 71% of the BDO Unibank Group's and the Parent Bank's total resources, respectively.

The allowance for impairment of loans and other receivables is considered to be a matter of significance as it requires the application of critical management judgment and use of subjective estimates in determining how much impairment loss is required to be recognized in the financial statements. These judgment and estimates are disclosed in the BDO Unibank Group's and the Parent Bank's accounting policies in Notes 2 and 3 to the financial statements.

The BDO Unibank Group and the Parent Bank use an ECL model in determining the impairment of their loans and other receivables. The assessment of credit risk of a portfolio of assets entails further estimations as to the likelihood of defaults occurring, the associated loss ratios and of default correlations between counterparties. Furthermore, the BDO Unibank Group and the Parent Bank incorporated forward-looking information into both the assessment of whether the credit risk of an instrument has increased significantly from its initial recognition and the measurement of ECL. The BDO Unibank Group and the Parent Bank has identified and documented key drivers of credit risk and credit losses for each loan portfolio and, using an analysis of historical data, has estimated relationships between macro-economic variables and credit risk and credit losses.

The disclosures of the BDO Unibank Group and the Parent Bank on the allowance for impairment of loans and other receivables, and the related credit risk are included in Notes 4 and 10 to the financial statements.

How the Matter was Addressed in the Audit

Our audit procedures to address the risk of material misstatement relating to the adequacy of allowance for impairment of loans and other receivables, which was considered to be a significant risk, included:

- testing the design and operating effectiveness of key controls across the processes, as assisted by our own Information Technology specialists, over the loan classification into stages, and the calculation and recognition of the allowance for impairment;

- evaluating appropriateness of the BDO Unibank Group's and the Parent Bank's credit policy and loan impairment process as approved by the Board of Directors;
- verifying that the loans are allocated to the appropriate stage, and challenging the criteria used to categorize the loan to Stage 1, 2 or 3 in accordance with PFRS 9, *Financial Instruments*;
- on a sample basis, evaluating the appropriateness of the credit risk ratings of performing Stage 1 loans to assess appropriateness of credit risk monitoring;
- evaluating the inputs and assumptions, as well as the formulas used in the development of the ECL models for each of the loan portfolio. This includes assessing the appropriateness of design of the ECL impairment model, formula and inputs used in determining the probability of default, loss given default and exposure at default;
- for forward-looking information used, evaluating whether the forecasted macro-economic factors, which generally include but not limited to Gross Domestic Product growth, unemployment rate, foreign exchange, stock market index, oil prices and interest rates, were appropriate. In addition, assessing the level of significance of correlation of selected macro-economic factors to the default rates as well as the impact of these variables to the ECL;
- assessing the borrowers' repayment abilities by examining payment history for selected loan accounts; and
- on selected non-performing loan accounts, evaluating the management's forecast of recoverable cash flows, valuation of collaterals and estimates of recovery from other sources of collection.

(b) Valuation of Financial Instruments

Description of the Matter

The fair valuation of financial instruments of the BDO Unibank Group and the Parent Bank is considered a key area of focus in our audit due to the use of inputs from external sources in computing the market value of these financial instruments. For some financial instruments such as derivatives, the determination of fair value includes the use of estimates by the management. The fair value of derivative financial instruments is usually determined using the discounted cash flow approach. To the extent practicable, models use observable data; however, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates.

As of December 31, 2019, the financial assets and financial liabilities of the BDO Unibank Group that are carried at fair value amounted to P172,320 million and P3,172 million, respectively, while that of the Parent Bank amounted to P97,970 million and P1,734 million, respectively.

The disclosures of the BDO Unibank Group and the Parent Bank on exposure to financial instruments valuation risk are included in Note 4 to the financial statements.

How the Matter was Addressed in the Audit

Our audit procedures, included among others, the following:

- evaluating whether fair value prices used were appropriate by testing the inputs against reliable market sources, such as Philippine Dealing & Exchange Corp., Bloomberg and Philippine Stock Exchange;
- recomputing the fair values based on the inputs and compared with the market values used by the BDO Unibank Group and the Parent Bank;
- testing of controls over the valuation process of the BDO Unibank Group and the Parent Bank on financial instruments, particularly the measurement of derivative valuation adjustments; and,
- reviewing the formulas used in fair market valuation.

(c) Adoption of PFRS 16, Leases

Description of the Matter

Effective January 1, 2019, the BDO Unibank Group and the Parent Bank adopted PFRS 16, which replaced Philippine Accounting Standards (PAS) 17, *Leases*, and the related interpretations to PAS 17. The adoption of this new standard, which primarily affected the BDO Unibank Group's and the Parent Bank's accounting for leases as a lessee by recognizing "right-of-use" assets and lease liabilities "on-balance sheet", is considered significant due to the complexities of the accounting requirements and significant judgements involved in determining the assumptions to be used in applying the new standard. The adoption resulted into the recognition of right-of-use assets and lease liabilities amounting to P10,480 million and P12,043 million, respectively, by the BDO Unibank Group, and, P10,394 million and P11,961 million, respectively, by the Parent Bank, as at December 31, 2019. The right-of-use assets and lease liabilities are presented as part of Premises, Furniture, Fixtures and Equipment, and Other Liabilities, respectively, in the 2019 statement of financial position of the BDO Unibank Group and the Parent Bank.

The impact of the adoption of PFRS 16, and the related changes in accounting policies, and basis of judgement and estimates are disclosed in Notes 2 and 3 to the financial statements. In addition, the new disclosure requirements of PFRS 16 are discussed in Note 12 to the financial statements.

How the Matter was Addressed in the Audit

Our audit procedures to address the significant risk of material misstatement relating to the adoption of PFRS 16 by the BDO Unibank Group and the Parent Bank, included:

- understanding the accounting policies and procedures applied by the BDO Unibank Group and the Parent Bank in identifying leases that qualify under PFRS 16, and leases that qualify under the recognition exemptions on short-term leases and low-value leases, and compliance therewith;
- assessing the completeness of the lease contracts and verifying the accuracy of the lease information provided;

- on a sample basis, evaluating the reasonableness of the inputs and assumptions used by the management in determining the lease term and incremental borrowing rate used, such as but not limited to, renewal and termination options, contractual terms of the lease, nature and quality of the security, and the economic environment in which the transaction occurs; and,
- evaluating the appropriateness of the adjustments as a result of the adoption of PFRS 16 on the recognition and measurement of right-of-use assets and lease liabilities and, determining the adequacy of related financial statement disclosures, including changes in accounting policies and bases of judgments and estimates.

II. Key Audit Matter Applicable to the BDO Unibank Group Financial Statements

Carrying Value of Goodwill

Description of the Matter

BDO Unibank Group has goodwill of P4,535 million, with allowance for impairment of P1,460 million, as of December 31, 2019, and the significant portion of which relates to the acquisition in prior years of BDO Network Bank, Inc. (BDO Network; formerly One Network Bank, Inc.).

Under PFRS, BDO Unibank Group is required to annually test the amount of goodwill for impairment. This annual impairment testing of goodwill is considered to be a key audit matter because the management's process in assessing the recoverability of goodwill is complex. In addition, the assumptions used in determining cash generating units (CGUs) where the goodwill is allocated and estimating the recoverable amount involves significant judgment. The recoverable amount of the CGUs has been computed using discounted cash flows method. This valuation method uses several key assumptions, including estimates for forecasted statement of financial position and net profit of CGUs, terminal value growth rates and discount rate.

The BDO Unibank Group's disclosures about goodwill are included in Notes 2 and 14 to the financial statements.

How the Matter was Addressed in the Audit

Our audit procedures to address the risk of material misstatement relating to impairment of goodwill included, among others, evaluating the appropriateness of assumptions and methodologies used by the management, in particular, those relating to the forecasted statement of financial position and statement of income as well as the discount rate used. We have involved our Firm valuation specialist to assist in evaluating the appropriateness of assumptions used in estimating the recoverable amount of CGUs. In addition, our audit of the financial statements of BDO Network as of and for the year ended December 31, 2019 did not identify events or conditions that may cast significant doubt on BDO Network's ability to continue as a going concern.

Other Information

Management is responsible for the other information. The other information comprises the information included in the BDO Unibank Group's Securities and Exchange Commission (SEC) Form 20-IS (Definitive Information Statement) and SEC Form 17-A, and Annual Report for the year ended December 31, 2019, but does not include the financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2019 are expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the BDO Unibank Group's and the Parent Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the BDO Unibank Group and the Parent Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the BDO Unibank Group's and the Parent Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BDO Unibank Group's and the Parent Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- **Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the BDO Unibank Group's and the Parent Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the BDO Unibank Group and the Parent Bank to cease to continue as a going concern.**
- **Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.**
- **Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the BDO Unibank Group and the Parent Bank to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. As discussed in Note 30 to the financial statements, the Parent Bank presented the supplementary information required by the Bureau of Internal Revenue under Revenue Regulations (RR) No. 15-2010 in a supplementary schedule filed separately from the basic financial statements. RR No. 15-2010 requires the supplementary information to be presented in the notes to the financial statements. Such supplementary information is the responsibility of management. The supplementary information is not a required part of the basic financial statements prepared in accordance with PFRS; it is not also a required disclosure under the Revised Securities Regulation Code Rule 68 of the SEC.

BDO UNIBANK, INC. AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019, 2018 AND 2017
(Amounts in Millions of Philippine Pesos, Except Per Share Data or As Indicated)

1. CORPORATE MATTERS

1.1 Incorporation and Operations

BDO Unibank, Inc. (BDO Unibank, BDO or the Parent Bank) was incorporated in the Philippines on December 20, 1967 to engage in the business of banking. It was authorized to engage in trust operations on January 5, 1988 and in foreign currency deposit operations on November 23, 1990. The Bangko Sentral ng Pilipinas (BSP) granted approval to the Parent Bank to operate as an expanded commercial bank on August 5, 1996. The Parent Bank commenced operations as such in September of the same year. The Parent Bank and its subsidiaries (collectively referred to as BDO Unibank Group) offer a wide range of banking services such as commercial banking, investment banking, private banking, insurance and other banking services. These services include traditional loan and deposit products, as well as treasury, asset management, realty management, leasing and finance, remittance, trade services, retail cash cards, life insurance and insurance brokerage, credit card services, stock brokerage, trust and others.

As a banking institution, BDO Unibank Group's operations are regulated and supervised by the BSP. In this regard, BDO Unibank Group is required to comply with the rules and regulations of the BSP such as those relating to maintenance of reserve requirements on deposit liabilities and deposit substitutes and those relating to the adoption and use of safe and sound banking practices, among others, as promulgated by the BSP. BDO Unibank Group is subject to the provisions of the General Banking Law of 2000 or Republic Act (RA) No. 8791.

The Parent Bank's common shares are listed in the Philippine Stock Exchange (PSE). As of December 31, 2019, BDO Unibank Group had 1,436 branches (including two foreign branches), 2,472 on-site and 1,994 off-site automated teller machines (ATMs) and 562 cash accept machines (CAMs). As of December 31, 2019, the Parent Bank had 1,173 branches (including two foreign branches), 2,274 on-site and 1,951 off-site ATMs and 562 CAMs. The Parent Bank's registered address is at BDO Corporate Center, 7899 Makati Avenue, Makati City.

BDO Unibank Group operates mainly within the Philippines with banking branches in Hong Kong and Singapore, a real estate and holding company in Europe, and various remittance subsidiaries operating in Asia, Europe, Canada and the United States. These foreign operations accounted for 1.1%, 1.3% and 1.2% of BDO Unibank Group's total revenues in 2019, 2018 and 2017, respectively, and 1.8% and 1.4% of BDO Unibank Group's total resources as of December 31, 2019 and 2018, respectively. BDO Unibank Group's subsidiaries and associates are shown in Notes 2.3 and 14.2.

1.2 Approval of Financial Statements

The financial statements of the BDO Unibank Group and the Parent Bank as of and for the year ended December 31, 2019 (including the comparative financial statements as of December 31, 2018 and for the years ended December 31, 2018 and 2017) were authorized for issue by the Parent Bank's Board of Directors (BOD) on February 27, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized below and the succeeding pages. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Financial Reporting Standards in the Philippines

The consolidated financial statements of BDO Unibank Group and the separate financial statements of the Parent Bank have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). PFRS are adopted by the Financial Reporting Standards Council (FRSC), from the pronouncements issued by the International Accounting Standards Board (IASB), and approved by the Philippine Board of Accountancy.

The financial statements have been prepared using the measurement bases specified by PFRS for each type of resources, liability, income and expense. The measurement bases are more fully described in the accounting policies that follow.

(b) Presentation of Financial Statements

The financial statements are presented in accordance with Philippine Accounting Standard (PAS) 1, *Presentation of Financial Statements*. The BDO Unibank Group and the Parent Bank present a statement of comprehensive income separate from the statement of income.

The BDO Unibank Group and the Parent Bank present a third statement of financial position as of the beginning of the preceding period when it applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items that has a material effect on the information in the statement of financial position at the beginning of the preceding period. The related notes to the third statement of financial position are not required to be disclosed.

In 2018, the BDO Unibank Group and the Parent Bank adopted PFRS 9, *Financial Instruments*, which was applied using the transitional relief allowed by the standard. This allows the BDO Unibank Group and the Parent Bank not to restate its prior periods' financial statements. The impact of the adoption of PFRS 9 resulted to an increase (decrease) in the balances as of January 1, 2018 of Surplus Reserves, Surplus Free, Net Unrealized Fair Value Gains (Losses) (NUGL) on Fair Value Through Other Comprehensive Income (FVOCI), Non-controlling Interest and Total Equity amounting to P9,520, (P2,010), (P529), P17 and P6,998, respectively, for the BDO Unibank Group, and of Surplus Reserves, Surplus Free, NUGL on FVOCI, Accumulated Share in Other Comprehensive Income (Loss) of Subsidiaries and Associates and Total Equity amounting to P9,356, (P1,846), (P653), P126 and P6,983, respectively, for the Parent Bank.

(c) *Functional and Presentation Currency*

These financial statements are presented in Philippine pesos, the BDO Unibank Group and the Parent Bank's functional and presentation currency, and all values are presented in millions, except for per share data or when otherwise indicated (see also Note 2.22).

Items included in the financial statements of the BDO Unibank Group and the Parent Bank are measured using its functional currency. Functional currency is the currency of the primary economic environment in which the BDO Unibank Group and the Parent Bank operate.

2.2 Adoption of New and Amended PFRS

(a) *Effective in 2019 that are Relevant to the BDO Unibank Group and the Parent Bank*

The BDO Unibank Group and the Parent Bank adopted for the first time the following new PFRS, amendments to PAS or PFRS, interpretation and annual improvements to PFRS, which are mandatorily effective for annual periods beginning on or after January 1, 2019:

PAS 19 (Amendments)	:	Employee Benefits – Plan Amendment, Curtailment or Settlement
PAS 28 (Amendments)	:	Investment in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures
PFRS 9 (Amendments)	:	Financial Instruments – Prepayment Features with Negative Compensation
PFRS 16	:	Leases
International Financial Reporting Interpretations Committee (IFRIC) 23	:	Uncertainty Over Income Tax Treatments
Annual Improvements to PFRS (2015-2017 Cycle)	:	
PAS 12 (Amendments)	:	Income Taxes – Tax Consequences of Dividends
PAS 23 (Amendments)	:	Borrowing Costs – Eligibility for Capitalization
PFRS 3 and 11 (Amendments)	:	Business Combinations and Joint Arrangements – Remeasurement of Previously Held Interests in a Joint Operation

Discussed below and in the succeeding pages are the relevant information about these new standards, amendments, interpretation and improvements.

- (i) PAS 19 (Amendments), *Employee Benefits – Plan Amendment, Curtailment or Settlement*. The amendments clarify that past service cost and gain or loss on settlement is calculated by measuring the net defined benefit liability or asset using updated actuarial assumptions and comparing the benefits offered and plan assets before and after the plan amendment, curtailment or settlement but ignoring the effect of the asset ceiling that may arise when the defined benefit plan is in a surplus position. Further, the amendments now require that if an entity remeasures its net defined benefit liability or asset after a plan amendment, curtailment or settlement, it should also use updated actuarial assumptions to determine current service cost and net interest for the remainder of the annual reporting period after the change to the plan. The application of these amendments had no significant impact on the BDO Unibank Group and the Parent Bank's financial statements.
- (ii) PAS 28 (Amendments), *Investment in Associates and Joint Ventures – Long-term Interest in Associates and Joint Ventures*. The amendments clarify that the scope exclusion in PFRS 9 applies only to ownership interests accounted for using the equity method. Thus, the amendments further clarify that long-term interests in an associate or joint venture – to which the equity method is not applied – must be accounted for under PFRS 9, which shall also include long-term interests that, in substance, form part of the entity's net investment in an associate or joint venture. The application of these amendments had no significant impact on the BDO Unibank Group and the Parent Bank's financial statements.
- (iii) PFRS 9 (Amendments), *Financial Instruments – Prepayment Features with Negative Compensation*. The amendments clarify that prepayment features with negative compensation attached to financial assets may still qualify under the “solely payments of principal and interests” (SPPI) test. As such, the financial assets containing prepayment features with negative compensation may still be classified at amortized cost or at FVOCI. The application of these amendments had no significant impact on the BDO Unibank Group and the Parent Bank's financial statements.
- (iv) PFRS 16, *Leases*. The new standard replaced PAS 17, *Leases*, and its related interpretation IFRIC 4, *Determining Whether an Arrangement Contains a Lease*, Standard Interpretations Committee (SIC) 15, *Operating Leases – Incentives* and SIC 27, *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. For lessees, it requires an entity to account for leases “on-balance sheet” by recognizing a “right-of-use” asset and lease liability arising from contract that is, or contains, a lease.

For lessors, the definitions of the type of lease (i.e., finance and operating leases) and the supporting indicators of a finance lease are substantially the same with the provisions under PAS 17. In addition, basic accounting mechanics are also similar but with some different or more explicit guidance related to variable payments, sub-leases, lease modifications, the treatment of initial direct costs and lessor disclosures.

The BDO Unibank Group and the Parent Bank have adopted PFRS 16 using the modified retrospective approach as allowed under the transitional provisions of the standard. The adoption of the standard has resulted in adjustments to the amounts recognized in the financial statements as at January 1, 2019, with the cumulative effect recognized in equity as an adjustment to the opening balance of Surplus Free for the current period. Accordingly, comparative information were not restated.

The accounting policies of the BDO Unibank Group and the Parent Bank as a lessor, as described in Note 2.20(a), were not significantly affected, while the new accounting policies of the BDO Unibank Group and the Parent Bank as a lessee are disclosed in Note 2.20(b).

Discussed below are the relevant information arising from the BDO Unibank Group and the Parent Bank's adoption of PFRS 16, and how the related accounts are measured and presented on the BDO Unibank Group and the Parent Bank's financial statements as at January 1, 2019.

- a. For contracts in place at the date of initial application, the BDO Unibank Group and the Parent Bank have elected to apply the definition of a lease from PAS 17 and IFRIC 4 and have not applied PFRS 16 to arrangements that were previously not identified as leases under PAS 17 and IFRIC 4.
- b. The BDO Unibank Group and the Parent Bank recognized lease liabilities in relation to leases which had previously been classified as operating leases under PAS 17. These liabilities were measured at the present value of the remaining lease payments, discounted using the BDO Unibank Group and the Parent Bank's incremental borrowing rate as at January 1, 2019. The BDO Unibank Group and the Parent Bank's weighted average incremental borrowing rate applied to the lease liabilities on January 1, 2019 ranges from 6.78% to 7.53%. Lease liabilities are presented as part of Other Liabilities in the 2019 statement of financial position (see Notes 12 and 20).
- c. The BDO Unibank Group and the Parent Bank have elected not to include initial direct costs in the measurement of right-of-use assets at the date of initial application. The BDO Unibank Group and the Parent Bank also elected to measure the right-of-use assets at its carrying amount as if the new standard had been applied since commencement date, but discounted using the BDO Unibank Group and the Parent Bank's incremental borrowing rate at the date of application. The Right-of-use assets are presented as part of Premises, Furniture, Fixtures and Equipment in the 2019 statement of financial position (see Notes 11 and 12).
- d. For leases previously accounted for as operating leases with a remaining lease term of less than 12 months and for leases of low-value assets, the BDO Unibank Group and the Parent Bank have applied the optional exemptions to not recognize right-of-use assets but to account for the lease expense as incurred.
- e. The BDO Unibank Group and the Parent Bank have also used the following practical expedients, apart from those already mentioned above, as permitted by the standard:

- i. reliance on its historical assessments on whether leases are onerous as an alternative to performing an impairment review on right-of-use assets. As at January 1, 2019, the BDO Unibank Group and the Parent Bank have no onerous contracts; and,
- ii. use of hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The following table shows the effects of the adoption of PFRS 16 in the carrying amounts and presentation of certain accounts in the statement of financial position as at January 1, 2019.

- (v) IFRIC 23, *Uncertainty Over Income Tax Treatments*. This interpretation provides clarification on the determination of taxable profit, tax bases, unused tax losses, unused tax credits, and tax rates when there is uncertainty over income tax treatments. The core principle of the interpretation requires the BDO Unibank Group and the Parent Bank to consider the probability of the tax treatment being accepted by the taxation authority. When it is probable that the tax treatment will be accepted, the determination of the taxable profit, tax bases, unused tax losses, unused tax credits, and tax rates shall be on the basis of the accepted tax treatment. Otherwise, the BDO Unibank Group and the Parent Bank have to use the most likely amount or the expected value, depending on the surrounding circumstances, in determining the tax accounts identified immediately above. The application of this interpretation has no significant impact on the BDO Unibank Group and the Parent Bank's financial statements.
- (vi) Annual Improvements to PFRS 2015-2017 Cycle. Among the improvements, the following amendments, which are effective from January 1, 2019, are relevant to the BDO Unibank Group and the Parent Bank but had no material impact on the financial statements:
- PAS 12 (Amendments), *Income Taxes – Tax Consequences of Dividends*. The amendments clarify that an entity should recognize the income tax consequence of dividend payments in profit or loss, other comprehensive income or equity according to where the entity originally recognized the transactions that generated the distributable profits.
 - PAS 23 (Amendments), *Borrowing Costs – Eligibility for Capitalization*. The amendments clarify that if any specific borrowing remains outstanding after the related qualifying asset is ready for its intended use or sale, such borrowing is treated as part of the entity's general borrowings when calculating the capitalization rate.
 - PFRS 3, *Business Combinations* and PFRS 11, *Joint Arrangements – Remeasurement of Previously Held Interests in a Joint Operation*. The amendments to PFRS 3 clarify that when an entity obtains control of a business that is a joint operation, it remeasures previously held interests in that business. The amendments to PFRS 11 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not remeasure previously held interests in that business.

(b) *Effective Subsequent to 2019 but not Adopted Early*

There are new PFRS and amendments to existing standards effective for annual periods subsequent to 2019, which are adopted by the FRSC. Management will adopt the following relevant pronouncements in accordance with their transitional provisions; and, unless otherwise stated, management is currently assessing the impact on the BDO Unibank Group and the Parent Bank's financial statements:

- (i) Revised Conceptual Framework for Financial Reporting (effective from January 1, 2020). The revised conceptual framework will be used in standard-setting decisions with immediate effect. Key changes include (a) increasing the prominence of stewardship in the objective of financial reporting, (b) reinstating prudence as a component of neutrality, (c) defining a reporting entity, which may be a legal entity, or a portion of an entity, (d) revising the definitions of an asset and a liability, (e) removing the probability threshold for recognition and adding guidance on derecognition, (f) adding guidance on different measurement basis, and, (g) stating that profit or loss is the primary performance indicator and that, in principle, income and expenses in other comprehensive income should be recycled where this enhances the relevance or faithful representation of the financial statements.

No changes will be made to any of the current accounting standards. However, entities that rely on the framework in determining their accounting policies for transactions, events or conditions that are not otherwise dealt with under the accounting standards will need to apply the revised framework from January 1, 2020. These entities will need to consider whether their accounting policies are still appropriate under the revised framework.

- (ii) PAS 1 (Amendments), *Presentation of Financial Statements* and PAS 8 (Amendments), *Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Material* (effective from January 1, 2020). The amendments provide a clearer definition of 'material' in PAS 1 by including the concept of 'obscuring' material information with immaterial information as part of the new definition, and clarifying the assessment threshold (i.e., misstatement of information is material if it could reasonably be expected to influence decisions made by primary users, which consider the characteristic of those users as well as the entity's own circumstances). The definition of material in PAS 8 has been accordingly replaced by reference to the new definition in PAS 1. In addition, amendment has also been made in other standards that contain definition of material or refer to the term 'material' to ensure consistency.
- (iii) PFRS 3 (Amendments), *Business Combinations – Definition of a Business* (effective January 1, 2020). The amended definition of a business requires an acquisition to include an input and a substantive process that together significantly contribute to the ability to create outputs. The definition of the term 'outputs' is amended to focus on goods and services provided to customers, generating investment income and other income, and it excludes returns in the form of lower costs and other economic benefits. Also, the amendments will likely result in more acquisitions being accounted for as asset acquisitions.

- (iv) PFRS 10 (Amendments), *Consolidated Financial Statements*, and PAS 28 (Amendments), *Investments in Associates and Joint Ventures – Sale or Contribution of Assets Between an Investor and its Associates or Joint Venture* (effective date deferred indefinitely). The amendments to PFRS 10 require full recognition in the investor's financial statements of gains or losses arising on the sale or contribution of assets that constitute a business as defined in PFRS 3 between an investor and its associate or joint venture. Accordingly, the partial recognition of gains or losses (i.e., to the extent of the unrelated investor's interests in an associate or joint venture) only applies to those sale or contribution of assets that do not constitute a business. Corresponding amendments have been made to PAS 28 to reflect these changes. In addition, PAS 28 has been amended to clarify that when determining whether assets that are sold or contributed constitute a business, an entity shall consider whether the sale or contribution of those assets is part of multiple arrangements that should be accounted for as a single transaction.
- (v) PFRS 17, *Insurance Contracts* (effective January 1, 2023). The new standard will eventually replace PFRS 4, *Insurance Contract*. The Insurance Commission (IC), through its Circular Letter 2018-69, has deferred the implementation of PFRS 17 for life insurance and non-life insurance industry. PFRS 17 will set out the principles for the recognition, measurement, presentation and disclosure of insurance contracts within its scope.

This new standard requires a current measurement model where estimates are remeasured in each reporting period. Moreover, contracts are measured using the building blocks of:

- discounted probability-weighted cash flows;
- an explicit risk adjustment; and,
- a contractual service margin (CSM) representing the unearned profit of the contract which is recognized as revenue over the coverage period.

PFRS 17 further allows a choice between recognizing changes in discount rates either in the statement of income or directly in other comprehensive income. The choice is likely to reflect how insurers account for financial assets under PFRS 9.

In addition, the standard provides an optional, simplified premium allocation approach for the liability for the remaining coverage for short duration contracts, which are often written by non-life insurers.

A modification of the general measurement model called the variable fee approach is also introduced by PFRS 17 for certain contracts written by life insurers where policyholders share in the returns from underlying items. When applying the variable fee approach, the entity's share of the fair value changes of the underlying items is included in the CSM. The results of insurers using this model are therefore likely to be less volatile than under the general model.

2.3 Basis of Consolidation

The BDO Unibank Group's consolidated financial statements comprise the accounts of the Parent Bank, and its subsidiaries as enumerated in Notes 2.3(c) and 14.2, after the elimination of material intercompany transactions. All intercompany resources and liabilities, equity, income, expenses and cash flows relating to transactions between entities under the BDO Unibank Group, are eliminated in full on consolidation. Unrealized profits and losses from intercompany transactions that are recognized in assets are also eliminated in full. Intercompany losses that indicate impairment are recognized in the consolidated financial statements.

The financial statements of the subsidiaries are prepared for the same reporting period as the Parent Bank, using consistent accounting principles.

The Parent Bank accounts for its investments in subsidiaries, associates and transactions with non-controlling interests as follows:

(a) Investments in Subsidiaries

Subsidiaries are all entities over which the Parent Bank has the power to control the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Parent Bank controls another entity. The Parent Bank obtains and exercises control when (i) it has power over the entity, (ii) it is exposed, or has rights to, variable returns from its involvement with the entity, and, (iii) it has the ability to affect those returns through its power over the entity, usually through voting rights. Subsidiaries are consolidated from the date the Parent Bank obtains control.

The Parent Bank reassesses whether or not it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of controls indicated above. Accordingly, entities are deconsolidated from the date that control ceases.

The acquisition method is applied to account for acquired subsidiaries [see Note 2.3(d)]. Acquisition method requires recognizing and measuring the identifiable resources acquired, the liabilities assumed and any non-controlling interest in the acquiree. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the BDO Unibank Group, if any. The consideration transferred also includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred and subsequent change in the fair value of contingent consideration is recognized directly in profit or loss.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the BDO Unibank Group recognizes any non-controlling interest in the acquiree, either at fair value or at the non-controlling interest's proportionate share of the recognized amounts of acquiree's identifiable net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any existing equity interest in the acquiree over the acquisition-date fair value of BDO Unibank Group's share of the identifiable net assets acquired, is recognized as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognized directly as a gain in profit or loss [see Note 2.3(d)].

On the other hand, business combinations arising from transfers of interests in entities that are under the common control of the shareholder that controls BDO Unibank Group are accounted for under the pooling-of-interests method and reflected in the financial statements as if the business combination had occurred at the beginning of the earliest comparative period presented, or if later, at the date that common control was established; for this purpose, comparative periods presented are restated. The resources and liabilities acquired are recognized in BDO Unibank Group's financial statements at their carrying amounts. The components of equity of the acquired entities are added to the same components within BDO Unibank Group's equity.

Investments in subsidiaries are initially recognized at cost and subsequently accounted for using the equity method in the Parent Bank's financial statements (see Note 2.11).

(b) *Investment in Associates*

Associates are those entities over which the BDO Unibank Group and the Parent Bank are able to exert significant influence but which are neither subsidiaries nor interests in a joint venture. Investments in associates are initially recognized at cost and subsequently accounted for using the equity method.

Acquired investment in associate is subject to the purchase method. The purchase method involves the recognition of the acquiree's identifiable assets and liabilities, including contingent liabilities, regardless of whether they were recorded in the financial statements prior to acquisition. Goodwill represents the excess of acquisition cost over the fair value of the BDO Unibank Group and the Parent Bank's share of the identifiable net assets of the acquiree at the date of acquisition. Any goodwill or fair value adjustment attributable to the BDO Unibank Group and the Parent Bank's share in the associate is included in the amount recognized as investment in an associate.

All subsequent changes to the ownership interest in the equity of the associates are recognized in the BDO Unibank Group and the Parent Bank's carrying amount of the investments. Changes resulting from the profit or loss generated by the associates are credited or charged against the Equity in net profit (loss) of associates as part of Miscellaneous and Share in net income of subsidiaries and associates under Other Operating Income account in the statement of income for BDO Unibank Group and Parent Bank, respectively.

Impairment loss is provided when there is objective evidence that the investment in an associate will not be recovered (see Notes 2.21 and 14.2).

Changes resulting from other comprehensive income of the associate or items recognized directly in the associate's equity are recognized in other comprehensive income or equity of the BDO Unibank Group and the Parent Bank, as applicable. However, when the BDO Unibank Group and the Parent Bank's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the BDO Unibank Group and the Parent Bank do not recognize further losses, unless it has incurred obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the investor resumes recognizing its share of those profits only after its share of the profits exceeds the accumulated share of losses that has previously not been recognized.

Distributions received from the associates are accounted for as a reduction of the carrying value of the investment.

(c) *Transactions with Non-controlling Interests*

BDO Unibank Group's transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners of BDO Unibank Group in their capacity as owners. The difference between the fair value of any consideration paid and the relevant share acquired of the carrying value of the subsidiary's net assets is recognized in equity. Disposals of equity investments to non-controlling interests, which result in gains or losses for BDO Unibank Group are also recognized in equity.

When BDO Unibank Group ceases to have control, any interest retained in the subsidiary is remeasured to its fair value, with the change in carrying amount recognized in profit or loss. The initial carrying amount for the purposes of subsequently accounting for the interest retained as an associate, joint venture or financial asset is the fair value. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if BDO Unibank Group had directly disposed of the related resources or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

In BDO Unibank Group's financial statements, the non-controlling interest component is shown in its statement of changes in equity, and in its statement of income and statement of comprehensive income for the share of profit or loss and movement of other comprehensive income, respectively, during the year.

Non-controlling interests in 2019 and 2018 represent the interests not held by BDO Unibank Group in BDO Network, BDO Capital, BDO Leasing, Avera, BDO Rental, BDO Securities, BDO Nomura, ASI, Equimark and BDO RIH.

On September 4, 2017, a downstream merger occurred between BDO Life and BDO Life Holdings resulting in the dissolution of the latter (see Note 29.3).

In 2018, PCIB Europe S.p.A. had been dissolved after the liquidation proceeding was completed.

In 2019, 2018 and 2017, the Parent Bank subscribed to additional shares of BDO Network (see Note 29.6).

On May 16, 2019, the Parent Bank completed the sale of its 15% ownership interest in BDO Network (see Note 29.6).

On July 26, 2019, the BOD of BDOSHI approved and authorized BDOSHI to incorporate a new finance company with an initial paid-in capital of P1,000, subject to applicable regulatory approvals. On December 9, 2019, the Securities and Exchange Commission (SEC) approved the incorporation of BDO Finance.

On September 4, 2019, Express Padala (Hongkong), Ltd. had been dissolved and its remaining cash had been repatriated to the Parent Bank.

(d) *Business Combination*

Business acquisitions are accounted for using the acquisition method of accounting [see Note 2.3(a)].

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of a business combination over BDO Unibank Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities. Subsequent to initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired (see Note 2.21). Impairment losses on goodwill are not reversed.

Negative goodwill, if any, which is the excess of BDO Unibank Group's interest in the net fair value of acquired identifiable assets, liabilities and contingent liabilities over cost of investment is recognized directly in profit or loss.

For the purpose of impairment testing, goodwill is allocated to cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The cash-generating units or groups of cash-generating units are identified according to operating segments.

Gains and losses on the disposal of an interest in a subsidiary include the carrying amount of goodwill relating to it.

If the business combination is achieved in stages, the acquirer is required to remeasure its previously held equity interest in the acquiree at its acquisition-date fair value and recognize the resulting gain or loss, if any, in profit or loss or other comprehensive income, as appropriate.

Any contingent consideration to be transferred by BDO Unibank Group is recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognized in accordance with PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, either in profit or loss or as a change to other comprehensive income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

Transfers of assets between commonly-controlled entities are accounted for under historical cost accounting or pooling-of-interest method [see Note 2.3(a)].

2.4 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to BDO Unibank Group's chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments.

In identifying its operating segments, management generally follows BDO Unibank Group's products and services as disclosed in Note 5, which represent the main products and services provided by BDO Unibank Group.

Each of these operating segments is managed separately as each of these services requires different technologies and resources as well as marketing approaches. All inter-segment transfers are carried out at arm's length prices.

The measurement policies of BDO Unibank Group used for segment reporting under PFRS 8, *Operating Segments*, are the same as those used in its financial statements.

In addition, corporate assets, which are not directly attributable to the business activities of any operating segment are not allocated to a segment.

There have been no significant changes from prior periods in the measurement methods used to determine reported segment information.

2.5 Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. For purposes of classifying financial assets, an instrument is considered as an equity instrument if it is non-derivative and meets the definition of equity for the issuer in accordance with the criteria of PAS 32, *Financial Instruments: Presentation*. All other non-derivative financial instruments are treated as debt instruments.

Regular purchases and sales of financial assets are recognized on their settlement date (i.e., the date that the BDO Unibank Group commits to purchase or sell the asset).

At initial recognition, the BDO Unibank Group measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental or directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss (FVTPL) are expensed in profit or loss.

(a) *Classification, Measurement and Reclassification of Financial Assets*

The classification and measurement of financial assets is driven by the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. The classification and measurement of financial assets are described below and in the succeeding pages.

(i) *Financial Assets at Amortized Cost*

Financial assets are measured at amortized cost if both of the following conditions are met:

- the asset is held within BDO Unibank Group's business model whose objective is to hold financial assets in order to collect contractual cash flows ("held to collect"); and,
- the contractual terms of the instrument give rise, on specified dates, to cash flows that are SPPI on the principal amount outstanding.

Except for other receivables that do not contain a significant financing component and are measured at the transaction price in accordance with PFRS 15, all financial assets meeting these criteria are measured initially at fair value plus transaction costs. These are subsequently measured at amortized cost using the effective interest method, less any expected credit loss (ECL).

Where the business model is to hold assets to collect contractual cash flows, the BDO Unibank Group and the Parent Bank assess whether the financial instruments' cash flows represent SPPI. In making this assessment, the BDO Unibank Group and the Parent Bank consider whether the contractual cash flows are consistent with a basic lending arrangement, i.e., interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement [see Note 3.1(d)]. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at FVTPL.

The BDO Unibank Group and the Parent Bank's financial assets at amortized cost are presented as Cash and Other Cash Items, Loans and Other Receivables, Investment securities at amortized cost and certain accounts under Other Resources account in the statements of financial position.

For purposes of reporting cash flows, cash and cash equivalents include cash and other cash items, amounts due from BSP and other banks, foreign currency notes and coins (FCNC), securities purchased under reverse repurchase agreement (SPURRA), certain interbank bank loans receivables and investment securities at amortized cost with original maturities of three months or less from placement date.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of the financial assets except for those that are subsequently identified as credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial assets (after deduction of the loss allowance). The interest earned is recognized in the statement of income as part of Interest Income.

(ii) *Financial Assets at Fair Value Through Other Comprehensive Income*

BDO Unibank Group accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective is to hold to collect the associated cash flows and sell (“hold to collect and sell”); and,
- the contractual terms of the financial assets give rise to cash flows that are SPPI on the principal amount outstanding.

At initial recognition, BDO Unibank Group can make an irrevocable election (on an instrument-by-instrument basis) to designate equity investments as at FVOCI; however, such designation is not permitted if the equity investment is held by the BDO Unibank Group for trading or as mandatorily required to be classified as FVTPL. The BDO Unibank Group has designated equity instruments as at FVOCI.

Financial assets at FVOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value, with no deduction for any disposal costs. Gains and losses arising from changes in fair value, including the foreign exchange component, are recognized in other comprehensive income, net of any effects arising from income taxes, and are reported as part of NUGL on FVOCI account in equity. When the asset is disposed of, the cumulative gain or loss previously recognized in the NUGL account is not reclassified to profit or loss but is reclassified directly to Surplus Free account except for those debt securities classified as FVOCI wherein fair value changes are recycled back to profit or loss.

Any dividends earned on holding equity instruments are recognized in profit or loss as part of Miscellaneous under Other Operating Income account, when the BDO Unibank Group’s right to receive dividends is established, it is probable that the economic benefits associated with the dividend will flow to the BDO Unibank Group, and, the amount of dividend can be measured reliably, unless the dividends clearly represent recovery of a part of the cost of the investment.

(iii) *Financial Assets at Fair Value Through Profit or Loss*

Financial assets that are held within a different business model other than “hold to collect” or “hold to collect and sell” are categorized at FVTPL. Further, irrespective of business model, financial assets whose contractual cash flows are not SPPI are accounted for at FVTPL. Also, equity securities are classified as financial assets at FVTPL, unless the BDO Unibank Group designates an equity investment that is not held for trading as at FVOCI at initial recognition. The BDO Unibank Group’s financial assets at FVTPL include equity securities which are held for trading purposes.

Financial assets at FVTPL are measured at fair value with gains or losses recognized in profit or loss as part of Trading Gain – net under Other Operating Income in the statement of income. Related transaction costs are recognized directly as expense in profit or loss. The fair values of these financial assets are determined by reference to active market transactions or using valuation technique when no active market exists.

Interest earned on these investments is recorded under Interest Income while dividend income is reported as part of Dividends under Other Operating Income account in the statement of income.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are SPPI.

BDO Unibank Group can only reclassify financial assets if the objective of its business model for managing those financial assets changes. Accordingly, BDO Unibank Group is required to reclassify financial assets: (i) from amortized cost to FVTPL, if the objective of the business model changes so that the amortized cost criteria are no longer met; and, (ii) from FVTPL to amortized cost, if the objective of the business model changes so that the amortized cost criteria start to be met and the characteristic of the instrument's contractual cash flows meet the amortized cost criteria.

A change in the objective of the BDO Unibank Group's business model will take effect only at the beginning of the next reporting period following the change in the business model.

(b) Effective Interest Rate Method and Interest Income

Interest income is recognized using the effective interest rate (EIR) method for all financial instrument measured at amortized cost and financial instrument designated at FVTPL. Interest income on interest bearing financial assets measured at FVOCI are also recorded by using the EIR method. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of EIR. The BDO Unibank Group and the Parent Bank recognize interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognizes the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive (negative) adjustment to the carrying amount of the asset in the statement of financial position with an increase (reduction) in interest income. The adjustment is subsequently amortized through interest and similar income in the statement of income.

The BDO Unibank Group and the Parent Bank calculate interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

For financial assets that have become credit-impaired subsequent to initial recognition [see Note 2.5(c)], interest income is calculated by applying the effective interest rate to the net carrying amount of the financial assets (after deduction of the loss allowance). If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis. For financial assets that were credit-impaired on initial recognition, interest income is calculated by applying a credit-adjusted effective interest rate to the amortized cost of the asset. The calculation of interest income does not revert to a gross basis, even if the credit risk of the asset improves.

(c) *Impairment of Financial Assets*

At the end of the reporting period, the BDO Unibank Group assesses its ECL on a forward-looking basis associated with its financial assets carried at amortized cost, debt instruments measured at FVOCI and other contingent accounts such as committed credit lines and unused commercial letter of credits. No impairment loss is recognized on equity investments. The BDO Unibank Group considers a broader range of information in assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect collectability of the future cash flows of the financial assets.

The BDO Unibank Group measures loss allowances at an amount equal to lifetime ECL, except for the following financial instruments for which they are measured as 12-month ECL:

- debt securities that are identified to have ‘low credit risk’ at the reporting date; and,
- other financial instruments (other than lease receivables) on which credit risk has not increased significantly since their initial recognition.

For these financial instruments, the allowance for impairment is based on 12-month ECL associated with the probability of default of a financial instrument in the next 12 months (referred to as ‘Stage 1’ financial instruments). When there has been a significant increase in credit risk subsequent to the initial recognition of the financial asset, a lifetime ECL (which are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial asset) will be recognized (referred to as ‘Stage 2’ financial instruments). ‘Stage 2’ financial instruments also include those loan accounts and facilities where the credit risk has improved and have been reclassified from ‘Stage 3’. A lifetime ECL shall also be recognized for ‘Stage 3’ financial instruments, which include financial instruments that are subsequently credit-impaired, as well as purchased or originated credit impaired (POCI) assets.

The BDO Unibank Group’s definition of credit risk and information on how credit risk is mitigated by the BDO Unibank Group are disclosed in Note 4.3.

(d) *Measurement of ECL*

The key elements used in the calculation of ECL are as follows:

- *Probability of Default (PD)* – it is an estimate of likelihood of a borrower defaulting on its financial obligation over a given time horizon, either over the next 12 months (12-month PD) or over the remaining lifetime (lifetime PD) of the obligation.
- *Loss Given Default (LGD)* – it is an estimate of loss arising in case where a default occurs at a given time (either over the next 12 months or 12-month LGD), or over the remaining lifetime or lifetime LGD). It is based on the difference between the contractual cash flows of a financial instrument due from a counterparty and those BDO Unibank Group and the Parent Bank would expect to receive, including the realization of any collateral. It is presented as a percentage loss per unit of exposure at the time of default.
- *Exposure at Default (EAD)* – it represents the gross carrying amount of the financial instruments subject to impairment calculation; hence, this is the amount that the BDO Unibank Group expects to be owed at the time of default over the next 12 months (12-month EAD) or over the remaining lifetime (lifetime EAD). In case of a loan commitment, the BDO Unibank Group shall include the undrawn balance (up to the current contractual limit) at the time of default should it occur, unless the drawdown after default will be mitigated by the normal credit risk management actions and policies of the BDO Unibank Group.

The measurement of the ECL reflects: (i) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; (ii) the time value of money; and, (iii) reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The BDO Unibank Group recognizes an impairment loss in profit or loss for all financial instruments subjected to impairment assessment with a corresponding adjustment to their carrying amount through a loss allowance account, except for debt instruments measured at FVOCI, for which the loss allowance is recognized in other comprehensive income and accumulated in NUGL account, and does not reduce the carrying amount of the financial asset in the statement of financial position, and other contingent accounts, for which the loss allowance is recognizes in the other liability account.

The BDO Unibank Group's detailed ECL measurement as determined by the management is disclosed in Note 4.3.5.

(e) *Derecognition of Financial Assets*

(i) *Modification of Loans*

When the BDO Unibank Group renegotiates or otherwise modifies the contractual cash flows of loans to customers, the BDO Unibank Group assesses whether or not the new terms are substantially different to the original terms. The BDO Unibank Group considers, among others:

- If the borrower is in financial difficulty, whether the modification merely reduces the contractual cash flows to amounts the borrower is expected to be able to pay;
- Whether any substantial new terms are introduced that will affect the risk profile of the loan;
- Significant extension of the loan term when the borrower is not in financial difficulty;
- Significant change in the interest rate;
- Change in the currency the loan is denominated in; and/or,
- Insertion of collateral, other security or credit enhancements that will significantly affect the credit risk associated with the loan.

If the terms are substantially different, the BDO Unibank Group derecognizes the financial asset and recognizes a “new” asset at fair value, and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the BDO Unibank Group also assesses whether the new financial asset recognized is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are recognized as gain or loss on derecognition of financial assets in profit or loss. As to the impact on ECL measurement, the expected fair value of the “new” asset is treated as the final cash flow from the existing financial asset at the date of derecognition. Such amount is included in the calculation of cash shortfalls from the existing financial asset that are discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

If the terms are not substantially different, the renegotiation or modification does not result in derecognition, and the BDO Unibank Group recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognizes a modification gain or loss in profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows of the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). As to the impact on ECL measurement, the derecognition of the existing financial asset will result in the expected cash flows arising from the modified financial asset to be included in the calculation of cash shortfalls from the existing financial asset.

(ii) *Derecognition of Financial Assets Other than Through Modification*

The financial assets (or where applicable, a part of a financial asset or part of a group of financial assets) are derecognized when the contractual rights to receive cash flows from the financial instruments expire, or when the financial assets and all substantial risks and rewards of ownership have been transferred to another party. If the BDO Unibank Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the BDO Unibank Group recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the BDO Unibank Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the BDO Unibank Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

(f) *Classification and Measurement of Financial Liabilities*

Financial liabilities include deposit liabilities, bills payable, subordinated notes payable, and other liabilities (including derivatives with negative fair values, except taxes payable, unearned income and capitalized interest and other charges).

- *Deposit liabilities and other liabilities* are recognized initially at fair value and subsequently measured at amortized cost less settlement payments.
- *Bills payable and subordinated notes payable* are recognized initially at fair value, equivalent to the issue proceeds (fair value of consideration received), net of direct issue costs. Bills payable and subordinated notes payable are subsequently measured at amortized cost. Any difference between proceeds, net of transaction costs, and the redemption value is recognized in profit or loss over the period of the borrowings using the effective interest method.
- *Derivatives with negative fair values* are recognized initially and subsequently measured at fair value with changes in fair value recognized in profit or loss.
- *Lease deposits from operating and finance leases* (presented as Lease deposits under Other Liabilities account in the statement of financial position) are initially recognized at fair value. The excess of the principal amount of the deposits over its fair or present value is immediately recognized as day-one gain and is included as part of Miscellaneous – net under Other Operating Income account in the statement of income. Meanwhile, interest expense on the subsequent amortization of the lease deposits is accrued using the effective interest method and is included as part of Interest Expense account in the statement of income.
- *Dividend distributions to shareholders* are recognized as financial liabilities when the dividends are declared by BDO Unibank Group and subject to the requirements of BSP Circular 888.

(g) *Derecognition of Financial Liabilities*

Financial liabilities are derecognized in the statement of financial position only when the obligations are extinguished either through discharge, cancellation or expiration. The difference between the carrying amount of the financial liability derecognized and the consideration paid or payable is recognized in profit or loss.

(b) *Financial Guarantees and Undrawn Loan Commitments*

The BDO Unibank Group issues financial guarantees and loan commitments. Financial guarantees are those issued by the BDO Unibank Group to creditors as allowed under existing rules and regulations whereby it guarantees third party obligations by signing as guarantor in the contract or agreement. Undrawn loan commitments and letters of credit are commitments under which, over the duration of the commitment, the BDO Unibank Group is required to provide a loan with pre-specified terms to the customer. The nominal contractual value of financial guarantees and undrawn loan commitments, where the loan agreed to be provided is on market terms, are not reflected in the statement of financial position. These contracts are in the scope of the ECL requirements where the BDO Unibank Group estimates the expected portion of the irrevocable undrawn loan commitments that will be drawn over their expected life based on the BDO Unibank Group's historical observations of actual drawdowns and forward-looking forecasts. The ECL related to financial guarantees and loan commitments without outstanding drawn amounts is recognized under Other Liabilities account in the statement of financial position.

2.6 *Derivative Financial Instruments*

BDO Unibank Group is a party to various foreign currency forwards, cross-currency swaps and interest rate swaps. These contracts are entered into as a service to customers and as a means of reducing or managing BDO Unibank Group's foreign exchange and interest rate exposures, as well as for trading purposes.

Derivatives are initially recognized at fair value on the date on which derivative contract is entered into and are subsequently measured at their fair value. Fair values are obtained from quoted market prices in active markets, including recent market transactions, and valuation techniques, including discounted cash flow models and option pricing models, as appropriate. All derivatives are carried as assets when fair value is positive and as liabilities when fair value is negative.

The best evidence of the fair value of a derivative at initial recognition is the transaction price (the fair value of the consideration given or received) unless the fair value of the instrument is evidenced by comparison with other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, BDO Unibank Group recognizes profit or loss at initial recognition.

For more complex instruments, BDO Unibank Group uses valuation models, which usually use the discounted cash flow approach. Some or all of the inputs into these models may not be market observable, and are derived from market prices or rates or are estimated based on assumptions. When entering into a transaction, the financial instrument is recognized initially at the transaction price, which is the best indicator of fair value, although the value obtained from the valuation model may differ from the transaction price. This initial difference in fair value indicated by valuation techniques is recognized as profit or loss depending upon the individual facts and circumstances of each transaction and not later than when the market data becomes observable.

The value produced by a model or other valuation technique, in some instances, is adjusted to allow for a number of factors as appropriate, because valuation techniques cannot appropriately reflect all factors market participants take into account when entering into a transaction. Valuation adjustments are recorded to allow for model risks, bid-ask spreads, liquidity risks as well as other factors. Management believes that these valuation adjustments are necessary and appropriate to fairly state financial instruments carried at fair value in the statement of financial position.

Certain derivatives, if any, may be designated as either: (i) hedges of the fair value of recognized assets or liabilities or firm commitments (fair value hedge); or, (ii) hedges of highly probable future cash flows attributable to a recognized asset or liability, or a forecasted transaction (cash flow hedge). Changes in the fair value of derivatives are recognized in profit or loss. The method of recognizing the resulting fair value gain or loss on derivatives that qualify as hedging instrument, if any, depends on the hedging relationship designated by BDO Unibank Group.

2.7 Premises, Furniture, Fixtures and Equipment

Land is stated at cost less impairment losses, if any. As no finite useful life for land can be determined, related carrying amounts are not depreciated. All other premises, furniture, fixtures and equipment are carried at cost less accumulated depreciation, amortization and any impairment in value. Property items of the former Equitable PCI Bank (EPCIB), entity merged with BDO Unibank in 2008, stated at appraised values were included in BDO Unibank Group balances at their deemed costs at the date of transition to PFRS in 2005. The revaluation increment is credited to Revaluation Increment account in the equity section of the statement of financial position, net of applicable deferred tax (see Note 2.16).

The cost of an asset comprises its purchase price and directly attributable costs of bringing the asset to working condition for its intended use. Expenditures for additions, major improvements and renewals are capitalized while expenditures for repairs and maintenance are charged to expense as incurred.

Depreciation and amortization is computed on a straight-line basis over the estimated useful lives of the depreciable assets as follows:

Furniture, fixtures and equipment	3 to 15 years
Buildings	10 to 50 years
Leasehold rights and improvements	5 to 10 years

Construction in progress represents properties under construction and is stated at cost. This includes costs of construction and other direct costs. The account is not depreciated until such time that the assets are completed and available for use.

Fully depreciated assets are retained in accounts until they are no longer in use and no further change for depreciation is made in respect of those assets. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (see Note 2.21).

The residual values, estimated useful lives and method of depreciation and amortization of premises, furniture, fixtures and equipment are reviewed and adjusted, if appropriate, at the end of each reporting period.

An item of premises, furniture, fixtures and equipment, including the related accumulated depreciation, amortization and any impairment loss, is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year the item is derecognized.

Transfers from other accounts (such as bank premises, furniture, fixtures and equipment) are made to investment properties when and only when, there is a change in use, evidenced by ending of owner-occupation or commencement of an operating lease to another party or holding the property for capital appreciation, while transfers from investment properties are made when, and only when, there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sell. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use.

2.8 Investment Properties

Investment properties are stated at cost. The cost of an investment property comprises its purchase price and directly attributable costs incurred. This also includes land and building acquired by BDO Unibank Group from defaulting borrowers not held for sale in the next 12 months. For these properties, the cost is recognized initially at fair value. Investment properties, except land, are depreciated on a straight-line basis over a period of 10 to 25 years.

BDO Unibank Group adopted the cost model in measuring its investment properties; hence, these are carried at cost less accumulated depreciation and any impairment in value. Depreciation and impairment loss are recognized in the same manner as in premises, furniture, fixtures and equipment (see Notes 2.7 and 2.21).

Direct operating expenses related to investment properties, such as repairs and maintenance, and real estate taxes are normally charged against current operations in the period in which these costs are incurred.

Investment properties are derecognized upon disposal or when permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gain or loss on the retirement or disposal of an investment property is recognized in profit or loss and is presented as part of Income from assets sold or exchanged under Other Operating Income account in the year of retirement or disposal (see Note 24).

2.9 Real Properties for Development and Sale

Real properties for development and sale (included as part of Other Resources account) consist of subdivision land for sale and development, and land acquired for home building, home development, and other types of real estate development. These are carried at the lower of aggregate cost and net realizable value (NRV). Costs, which are determined through specific identification, include acquisition costs and costs incurred for development, improvement and construction of subdivision land.

Real properties for development and sale are derecognized upon disposal or when permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gain or loss on the retirement or disposal of these properties is recognized in profit or loss and is presented as part of Income from assets sold or exchanged under Other Operating Income account in the year of retirement or disposal (see Note 24).

2.10 Non-current Assets Held for Sale

Non-current assets held for sale include other properties (chattels) acquired through repossession or foreclosure that BDO Unibank Group intends to sell within one year from the date of classification as held for sale.

BDO Unibank Group classifies a non-current asset as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. In the event that the sale of the asset is extended beyond one year, the extension of the period required to complete the sale does not preclude an asset from being classified as held for sale if the delay is caused by events or circumstances beyond BDO Unibank Group's control and there is sufficient evidence that BDO Unibank Group remains committed to sell the asset.

Assets classified as held for sale are measured at the lower of their carrying amounts immediately prior to their classification as assets held for sale and their fair value less costs to sell. The BDO Unibank Group shall recognize an impairment loss for any initial and subsequent write-down of the asset to fair value less cost to sell. Gain for any subsequent increase in fair value less cost to sell of an asset is recognized to the extent of the cumulative impairment loss previously recognized. Assets classified as held for sale are not subject to depreciation or amortization.

If BDO Unibank Group has classified an asset as held for sale, but the criteria for it to be recognized as held for sale are no longer satisfied, the BDO Unibank Group shall cease to classify the asset as held for sale.

The profit or loss arising from the sale of assets held for sale is included as part of Income from assets sold or exchanged under Other Operating Income account in the statement of income (see Note 24).

2.11 Equity Investments

In the Parent Bank's financial statements, investments in subsidiaries and associates (presented as Equity investments under Other Resources account in the statement of financial position) are accounted for under the equity method of accounting and are initially recognized at cost less allowance for impairment, if any (see Note 2.21). Associates are all entities over which the BDO Unibank Group and the Parent Bank have significant influence but which are neither subsidiaries nor interest in a joint venture.

Investments in subsidiaries and associates are initially recognized at cost and subsequently accounted for using the equity method (see Note 2.3).

Changes resulting from other comprehensive income of the subsidiary and associate or items recognized directly in the subsidiary's and associate's equity are recognized in other comprehensive income or equity of the Parent Bank, as applicable. However, when the Parent Bank's share of losses of subsidiary or associate equals or exceeds its interest in the subsidiary or associate, including any other unsecured receivables, the Parent Bank would not recognize further losses, unless it has incurred obligations or made payments on behalf of the subsidiary or associate. If the subsidiary or associate subsequently reports profits, the investor resumes recognizing its share of those profits only after its share of the profits exceeds the accumulated share of losses that has previously not been recognized.

Impairment loss is provided when there is objective evidence that the investment in a subsidiary and an associate will not be recovered (see Note 2.21).

Distributions received from the subsidiaries and associates are accounted for as a reduction of the carrying value of the investment.

2.12 Other Resources

Other resources pertain to other assets that are controlled by BDO Unibank Group as a result of past events. These are recognized in the financial statements when it is probable that the future economic benefits will flow to BDO Unibank Group and the asset has a cost or value that can be measured reliably. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (see Note 2.21).

2.13 Intangible Assets

Intangible assets include goodwill, trading rights, branch licenses, customer lists, trademark and computer software licenses.

Goodwill represents the excess of the cost of acquisition over the fair value of the net assets acquired at the date of acquisition [see Note 2.3(d)]. Goodwill is classified as intangible asset with indefinite useful life and, thus, not subject to amortization but to an annual test for impairment (see Note 2.21). Goodwill is subsequently carried at cost less any accumulated impairment losses. Goodwill is allocated to cash-generating units for the purpose of impairment testing. Each of those cash-generating units is represented by each primary reporting segment.

Trading rights represent the rights given to securities subsidiaries of BDO Unibank Group engage in stock brokerage to preserve access to the trading facilities and to transact business on PSE. Trading right is assessed as having an indefinite useful life. It is carried at the amount allocated from the original cost of the exchange membership seat (after a corresponding allocation was made to the value of the PSE shares) less allowance for impairment loss, if any. BDO Unibank Group has no intention to sell its trading right in the future as it intends to continue to operate its stock brokerage business. The trading right is tested annually for any impairment in realizable value (see Note 2.21).

Branch licenses, on the other hand, represent the rights given to BDO Unibank Group to establish certain number of branches as an incentive in acquiring distressed banks or as provided by the BSP in addition to the current branches of the acquired banks. Branch licenses are assessed as having an indefinite useful life and is tested annually for any impairment (see Note 2.21).

Customer lists consist of information about customers such as their name, contact information, and managed accounts under BDO Unibank Group's trust business. The customer list is classified as intangible asset with indefinite useful life, hence, would be reviewed for impairment by assessing at each reporting date whether there is any indication that the trust business brought about by the customer lists may be impaired (see Note 2.21).

Trademark pertains to the license granted to the Parent Bank for the exclusive right to use the trademark, service mark, name or logo of Diners Club International, Ltd. (DCI) in connection with the Parent Bank's operation of Diners Club card business in the Philippines. The trademark is covered by a trademark license agreement with a term of five years, renewable every five years, subject to certain conditions set by trademark owner. This intangible asset is recognized at an amount equal to the excess of purchase price for the acquisition of Diners credit card portfolio over the acquisition-date fair value of the net assets acquired. It is amortized on a straight-line basis over a finite useful life of five years based on the term of the trademark license agreement, which is deemed to have a finite useful life since renewal is not guaranteed.

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and install the specific software. These costs are amortized on straight-line basis over the expected useful life of five years. Costs associated with maintaining computer software are expensed as incurred.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.14 Insurance Contract Liabilities

(a) Legal Policy Reserves

Life insurance contract liabilities are recognized when the contracts are entered into and the premiums are recognized. The provision for life insurance contracts is calculated on the basis of a prospective actuarial valuation method and assumptions subject to the provisions of the Insurance Code (the Code) and guidelines set by the IC.

The BDO Unibank Group uses gross premium valuation (GPV) as the basis for valuation of the reserves for traditional life insurance policies. GPV is calculated as the sum of the present value of future benefits and expenses, less the present value of future gross premiums arising from the policy discounted at the appropriate risk-free discount rate provided by the IC. For this purpose, the expected future cash flows shall be determined using the best estimate assumptions with due regard to significant recent experience and appropriate margin for adverse deviation (MfAD) from the expected experience. The methods and assumptions shall be in accordance with the internationally accepted actuarial standards and consider the generally accepted actuarial principles concerning financial reporting framework promulgated by the Actuarial Society of the Philippines, which now considers other assumptions such as morbidity, lapse and/or persistency, non-guaranteed benefits and MfAD.

The changes in legal policy reserves for traditional life insurance policies are recognized as follows:

- (i) The increase or decrease in legal policy reserves in the current year due to other assumptions excluding change in discount rate will be recognized to profit or loss; and,
- (ii) Remeasurement on life insurance reserves due to changes in discount rates will be recognized in other comprehensive income (see Note 2.16).

(b) Insurance Contracts with Fixed and Guaranteed Terms

Liabilities are determined as the sum of the present value of future benefits and expenses less the present value of future gross premiums discounted at rates prescribed by the IC. Future cash flows are determined using best estimate assumptions with regard to significant recent experience and appropriate margin for adverse deviation from the expected experience.

BDO Unibank Group has different assumptions for different products. However, the reserves are computed to comply with the statutory requirements, wherein discount rates are based on risk-free discount rates provided by IC and other assumptions such as mortality, disability, lapse, and expenses taking into account BDO Unibank Group's experience.

(c) *Variable Unit-linked Insurance Contracts*

BDO Unibank Group, through BDO Life, issues unit-linked insurance contracts. In addition to providing insurance coverage, a unit-linked contract links payments to units of an internal investment fund set up by BDO Unibank Group with the consideration received from the policyholders. Premiums received from the issuance of unit-linked insurance contracts are recognized as premiums revenue. As allowed by PFRS 4, BDO Unibank Group chose not to unbundle the investment portion of its unit-linked products.

The reserve for unit-linked liability is increased by additional deposits and changes in unit prices and is decreased by policy administration fees, mortality and surrender charges and any withdrawals. At each reporting date, this reserve is computed on the basis of the number of units allocated to the policyholders multiplied by the unit price of the underlying investment funds. The assets and liabilities underlying the internal investment funds have been consolidated with the general accounts of BDO Unibank Group.

(d) *Liability Adequacy Test*

Liability adequacy tests are performed annually to ensure the adequacy of the insurance contract liabilities. In performing these tests, current best estimates of future contractual cash flows, claims handling and policy administration expenses are used. Any deficiency is immediately charged against profit or loss initially by establishing a provision for losses arising from the liability adequacy tests.

Insurance premiums and insurance benefits and claims on insurance contracts are recognized as follows:

(a) *Insurance Premiums*

- (i) *Net insurance premium* – recognized as gross premium on insurance contracts less reinsurers' share of gross premiums.
- (ii) *Gross premiums on insurance contracts*. Premiums arising from insurance contracts are initially recognized as income on the effective date of the insurance policies. Subsequent to initial recognition, gross earned premiums on life insurance contracts are recognized as revenue at the date when payments are due.
- (iii) *Reinsurers' share of gross premiums*. Gross reinsurance premiums on traditional and variable contracts are recognized as an expense when the policy becomes effective.

(b) *Insurance Benefits and Claims*

- (i) *Net insurance benefits and claims* - BDO Unibank Group's net insurance benefits and claims consist of gross benefits and claims, reinsurers' share on benefits and claims, gross change in legal policy reserves and reinsurers' share on gross change in legal policy reserves.
- (ii) *Gross benefits and claims*. Gross benefits and claims of the policyholders include the cost of all claims arising during the year. Death claims and surrenders are recorded on the basis of notifications received. Maturities and annuity payments are recorded when due.

- (iii) *Reinsurers' share on benefits and claims.* Reinsurers' share on benefits and claims pertain to the amount recoverable from reinsurers for recognized claims during the year. These are accounted for when the corresponding claims are recognized.
- (iv) *Gross change in legal policy reserves.* Gross change in legal policy reserves represents the change in the valuation of legal policy reserves recognized as part of Insurance Contract Liabilities account in the statement of financial position.
- (v) *Reinsurers' share on gross change in legal policy reserves.* Reinsurers' share on gross change in legal policy reserves pertain to the reinsurers' share in the change of legal policy reserves. These are accounted for in the same period as the corresponding change in insurance contract liabilities.

2.15 Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the resulting net amount, considered as a single financial asset or financial liability, is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The right of set-off must be available at the end of the reporting period, that is, it is not contingent on future event. It must also be enforceable in the normal course of business, in the event of default, and in the event of insolvency or bankruptcy; and must be legally enforceable for both entity and all counterparties to the financial instruments.

2.16 Equity

Capital stock represents the nominal value of shares that have been issued.

Additional paid-in capital includes any premiums received on the issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from additional paid-in capital, net of any related income tax benefits.

Surplus reserves pertain to reserve for trust business representing the accumulated amount set aside by BDO Unibank Group and the Parent Bank under existing regulations requiring the BDO Unibank Group to carry to surplus 10% of its net profits accruing from its trust business until the surplus shall amount to 20% of the regulatory capital and, to the appropriation for general loan loss provision as prescribed by BSP. Surplus reserves also consist of reserve for insurance fund and additional working capital for underwriting and equity trading securities and reserve fund requirement for subsidiaries engaged in the security brokerage business (see Note 21). Share options outstanding (SOO), which is also included in the surplus reserve, represents the accumulated total of employee share options' amortizations over the vesting period as the share-based employee remuneration are recognized and reported in the statement of income. SOO will be deducted for any exercise or forfeiture of share options already vested.

Other reserves pertain to amount recognized from increase in percentage of ownership to any of the subsidiaries of BDO Unibank Group.

Surplus free includes all current and prior period results as disclosed in the statement of income and which are available and not restricted for use by BDO Unibank Group, reduced by the amounts of dividends declared, if any.

NUGL on FVOCI compose of cumulative mark-to-market valuation of outstanding securities and accumulated impairment on debt securities classified as FVOCI.

Accumulated actuarial gains (losses) results from the remeasurements of post-employment defined benefit plan.

Revaluation increment pertains to gains from the revaluation of land under premises, furniture, fixtures and equipment, which is now treated as part of the deemed cost of the assets (see Note 2.7).

Remeasurement on life insurance reserves arises from the increase or decrease of the reserves brought about by changes in discount rates (see Note 2.14).

Accumulated translation adjustment pertains to foreign exchange differences arising on translation of the resources and liabilities of foreign branch and subsidiaries that are taken up in other comprehensive income (see Note 2.22).

Accumulated share in other comprehensive income (loss) of subsidiaries and associates pertains to changes resulting from the BDO Unibank Group and the Parent Bank's share in other comprehensive income (loss) of subsidiaries and associates or items recognized directly in the subsidiaries and associates' equity.

Non-controlling interests represent the portion of the net resources and profit or loss not attributable to BDO Unibank Group, which are presented separately in BDO Unibank Group's statement of income, statement of comprehensive income and within the equity in BDO Unibank Group's statement of financial position and changes in equity.

2.17 Related Party Transactions and Relationships

Related party transactions are transfers of resources, services or obligations between BDO Unibank Group and its related parties, regardless of whether a price is charged.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with BDO Unibank Group; (b) associates; (c) individuals owning, directly or indirectly, an interest in the voting power of BDO Unibank Group that gives them significant influence over BDO Unibank Group and close members of the family of any such individual; and, (d) BDO Unibank Group's funded retirement plan (see Note 25.2).

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely on the legal form. The BDO Unibank Group established policies and procedures on related party transactions in accordance with the regulations of the BSP and the SEC. All material related party transactions, which exceed the established materiality thresholds, must undergo prior review from the board-level Related Party Transactions Committee before endorsing the same to the BOD for approval.

Related party transactions, whose value exceeds 10% of the BDO Unibank Group's total resources, either single or aggregated within a 12-month period, require review of an external independent party and approval of two-thirds vote of the BOD, with at least a majority of the independent directors voting affirmatively. In case that a majority of the independent directors' vote is not secured, the material related party transaction may be ratified by the vote of the stockholders representing at least two-thirds of the outstanding capital stock. For aggregate related party transactions within 12-month period that breaches the materiality threshold of 10% of BDO Unibank Group's total resources based on the latest audited consolidated financial statements, the same approval of the BOD would be required for the transaction that meets and exceeds the materiality threshold covering the same related party.

2.18 Other Income and Expense Recognition

Revenue is recognized only when (or as) the BDO Unibank Group satisfies a performance obligation by transferring control of the promised services to the customer. A contract with a customer that results in a recognized financial instrument in the BDO Unibank Group's financial statements may be partially within the scope of PFRS 9 and partially within the scope of PFRS 15, *Revenue from Contract with Customers*. In such case, the BDO Unibank Group first applies PFRS 9 to separate and measure the part of the contract that is in-scope of PFRS 9, and then applies PFRS 15 to the residual part of the contract. Expenses and costs, if any, are recognized in profit or loss upon utilization of the assets or services or at the date these are incurred. All finance costs are reported in profit or loss on accrual basis.

The BDO Unibank Group also earns service fees and commissions in various banking services, and gains on sale of properties, which are supported by contracts approved by the parties involved. These revenues are accounted for by the BDO Unibank Group in accordance with PFRS 15.

For revenues arising from these various banking services which are to be accounted for under PFRS 15, the following provides information about the nature and timing of satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies:

- (a) *Service charges, fees and commissions* – Service charges, fees and commissions are generally recognized when the service has been provided. These include the following accounts:
 - (i) *Commission and fees* arising from loans, deposits, and other banking transactions are taken up as income based on agreed terms and conditions.
 - (ii) *Loan syndication fees* are recognized as revenue when the syndication has been completed and that BDO Unibank Group retained no part of the loan package for itself or retained a part at the same effective interest rate for the other participants.
 - (iii) *Arranger fees* arising from negotiating or participating in the negotiation of a transaction for a third party such as arrangement of the acquisition of shares or other securities or the purchase or sale of businesses are recognized at the completion of the underlying assumptions.
 - (iv) *Portfolio and other management advisory and service fees* are recognized based on the applicable service contracts, usually on a time-proportionate basis.
- (b) *Trust fees* – Trust fees related to investment funds are recognized ratably over the period the service is provided. The same principle is applied for wealth management, financial planning and custody services that are continuously provided over an extended period of time.
- (c) *Income/ loss from assets sold or exchanged* – Income from assets sold or exchanged is recognized when the title to the properties is transferred to the buyer or when the collectibility of the entire sales price is reasonably assured. This is included in profit or loss as part of Other Operating Income account.

Collections from accounts, which did not qualify from revenue recognition are treated as customers' deposit included as part of Accounts payable under Other Liabilities account in the statement of financial position.

The BDO Unibank Group recognizes an expense and liability relative to the fair value of the reward points earned by clients and customers [see Note 3.2(j)] since such points are redeemable primarily from the goods or services provided by a third party participating in the program, for example, SM Group (a related party) and rewards partners of the Parent Bank.

2.19 Provisions and Contingencies

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and these can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive commitment that has resulted from past events (e.g., legal disputes or onerous contracts).

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the end of reporting period, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. When time value of money is material, long-term provisions are discounted to their present values using a pretax rate that reflects market assessments and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

In those cases where the possible outflow of economic resource as a result of present obligations is considered improbable or remote, or the amount to be provided for cannot be measured reliably, no liability is recognized in the financial statements. Similarly, probable inflows of economic benefits that do not yet meet the recognition criteria of an asset are considered contingent assets, hence, are not recognized in the financial statements. On the other hand, any reimbursement that BDO Unibank Group can be virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset not exceeding the amount of the related provision.

The BDO Unibank Group offers monetized rewards to active cardholders in relation to its credit card business' rewards program. Provisions for rewards are recognized at a certain rate of cardholders' credit card availments, determined by management based on redeemable amounts.

2.20 Leases

BDO Unibank Group accounts for its leases as follows:

(a) BDO Unibank Group as Lessor

Leases, wherein BDO Unibank Group substantially transfers to the lessee all risks and benefits incidental to ownership of the leased item, are classified as finance leases and are presented as receivable at an amount equal to BDO Unibank Group's net investment in the lease. Finance income is recognized based on the pattern reflecting a constant periodic rate of return on BDO Unibank Group's net investment outstanding in respect of the finance lease.

Leases, which do not transfer to the lessee substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease collections are recognized as income in profit or loss as part of Rental under Other Operating Income account in the statement of income on a straight-line basis over the lease term.

(b) *BDO Unibank Group as Lessee*

(i) *Accounting for Leases in Accordance with PFRS 16 (2019)*

For any new contracts entered into on or after January 1, 2019, BDO Unibank Group considers whether a contract is, or contains, a lease. A lease is defined as a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration. To apply this definition, BDO Unibank Group assesses whether the contract meets three key evaluations which are:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to BDO Unibank Group;
- BDO Unibank Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and,
- BDO Unibank Group has the right to direct the use of the identified asset throughout the period of use. BDO Unibank Group assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

At lease commencement date, the BDO Unibank Group recognizes a right-of-use asset and a lease liability in the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by BDO Unibank Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received). Subsequently, BDO Unibank Group depreciates the right-of-use asset on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The BDO Unibank Group also assesses the right-of-use asset for impairment when such indicators exist (see Note 2.21).

On the other hand, BDO Unibank Group measures the lease liability at the present value of the lease payments unpaid at the commencement date, discounted using the interest rate implicit in the lease if that rate is readily available or BDO Unibank Group's incremental borrowing rate. Lease payments include fixed payments (including in-substance fixed) less lease incentives receivable, if any, variable lease payments based on an index or rate, amounts expected to be payable under a residual value guarantee, and payments arising from options (either renewal or termination) reasonably certain to be exercised. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

BDO Unibank Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense as incurred.

On the statement of financial position, right-of-use assets and lease liabilities have been presented as part of Premises, Furniture, Fixtures and Equipment and Other Liabilities, respectively.

(ii) Accounting for Leases in Accordance with PAS 17 (2018)

Leases which transfer to BDO Unibank Group substantially all risks and benefits incidental to ownership of the leased item are classified as finance leases and are recognized as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property at the inception of the lease or, if lower, at the present value of minimum lease payments. Lease payments are apportioned between the finance costs and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Leases, which do not transfer to BDO Unibank Group substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease payments (net of any incentives received from the lessor) are recognized as expense in profit or loss on a straight-line basis over the lease term. Associated costs, such as repairs and maintenance and insurance, are expense as incurred.

The BDO Unibank Group determines whether an arrangement is, or contains, a lease based on the substance of the arrangement. It makes an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset. A reassessment is made after inception of the lease, only if one of the following applies:

- there is a change in contractual terms, other than a renewal or extension of the arrangement;
- a renewal option is exercised or extension granted, unless that term of the renewal or extension was initially included in the lease term;
- there is a change in the determination of whether fulfillment is dependent on a specified asset; or,
- there is a substantial change to the asset.

The terminal value of leased assets, which approximates the amount of guaranty deposit paid by the lessee at the inception of the lease, is the estimated proceeds from the disposal of the leased asset at the end of the lease term. The residual value of the leased asset at the end of the lease term is generally applied against the guaranty deposit of the lessee.

2.21 Impairment of Non-financial Assets

BDO Unibank Group's equity investments, goodwill, branch licenses, trading rights, trademark and customer lists recorded as part of Other Resources, Premises, Furniture, Fixtures and Equipment, Investment Properties and other non-financial assets are subject to impairment testing. Intangible assets with an indefinite useful life, such as goodwill, branch licenses, customer lists and trading rights are tested for impairment at least annually. All other individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, assets are tested for impairment either individually or at the cash-generating unit level.

An impairment loss is recognized for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amounts which is the higher of its fair value less costs to sell and its value in use. In determining value in use, management estimates the expected future cash flows from each cash-generating unit and determines the suitable interest rate in order to calculate the present value of those cash flows. Discount factors are determined individually for each cash-generating unit and reflect management's assessment of respective risk profiles, such as market and asset-specific risk factors.

All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the asset's or cash generating unit's recoverable amount exceeds its carrying amount.

2.22 Foreign Currency Transactions and Translations

(a) Foreign Currency Transactions

The financial statements of the Foreign Currency Deposit Unit (FCDU) of BDO Unibank Group are translated at the prevailing current exchange rates (for statement of financial position accounts) and average exchange rate during the period (for statement of income accounts) for consolidation purposes.

Foreign exchange gains and losses resulting from the settlement of foreign currency denominated transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in profit or loss.

Changes in the fair value of monetary financial assets denominated in foreign currency classified as FVOCI securities are analyzed between translation differences resulting from changes in the amortized cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in amortized cost are recognized in profit or loss, and other changes in the carrying amount are recognized in other comprehensive income.

(b) Foreign Currency Translation

The accounting records of BDO Unibank Group are maintained in Philippine pesos except for foreign branches and subsidiaries, which are maintained in U.S. dollars, Canadian Dollar (CAD), European Union Euro (Euro), Great Britain Pound (GBP), Japanese Yen (JPY), Hong Kong Dollars (HKD) or Singapore Dollar (SGD).

The operating results and financial position of foreign branches and subsidiaries which are measured using the U.S. dollars, CAD, Euro, GBP, JPY, HKD or SGD, respectively, are translated to Philippine pesos (BDO Unibank Group's functional currency) as follows:

- (i)* Resources and liabilities for each statement of financial position presented are translated at the closing rate at the end of the reporting period;

- (ii) Income and expenses for each statement of income are translated at the monthly average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and,
- (iii) All resulting exchange differences are recognized as a separate component of other comprehensive income.

On consolidation, exchange differences arising from the translation due from foreign branch and net investment in foreign subsidiaries is recognized in other comprehensive income as part of Accumulated Translation Adjustment (see Note 2.16). When a foreign operation is sold, the cumulative amount of exchange differences is recognized in profit or loss.

The translation of the financial statements into Philippine peso should not be construed as a representation that the US dollar, Euro, GBP, JPY, HKD or SGD amounts could be converted into Philippine peso amounts at the translation rates or at any other rates of exchange.

2.23 Compensation and Benefits Expense

BDO Unibank Group provides post-employment benefits to employees through a defined benefit plan and defined contribution plan, and other employee benefits, which are recognized as follows (see Note 25):

(a) Post-employment Defined Benefit

A defined benefit plan is a post-employment plan that defines an amount of post-employment benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and salary. The legal obligation for any benefits from this kind of post-employment plan remains with BDO Unibank Group, even if plan assets for funding the defined benefit plan have been acquired. Plan assets may include assets specifically designated to a long-term benefit fund. BDO Unibank Group's defined benefit post-employment plan covers all regular full-time employees. The post-employment plan is tax-qualified, noncontributory and administered by a trustee.

The liability recognized in the statement of financial position for defined benefit post-employment plans is the present value of the defined benefit obligation (DBO) less the fair value of plan assets at the end of reporting period, together with adjustments for asset ceiling. The DBO is calculated annually by independent actuaries using the projected unit credit method. The present value of the DBO is determined by discounting the estimated future cash outflows using a discount rate derived from the interpolated yields of government bonds as calculated by Bloomberg which used Bloomberg Valuation Service (BVAL) Evaluated Pricing Service to calculate the PHP BVAL Reference Rates which are published by Philippine Dealing & Exchange Corp. (PDEX). These yields are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related post-employment liability.

Remeasurements, comprising of actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions and the return on plan assets (excluding amount included in interest) are reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they arise. Net interest is calculated by applying the discount rate at the beginning of the period, taking account of any changes in the net defined benefit liability or asset during the period as a result of contributions and benefit payments. If there is a plan amendment, curtailment or settlement during the period, the BDO Unibank Group remeasures its net defined benefit liability or asset using updated actuarial assumptions to determine the current service cost and net interest for the remaining of the annual reporting period after the change to the plan. Net interest is reported as part of Interest expense on bills payable and other borrowings under Interest Expense account in the statement of income (see Note 23).

Past-service costs are recognized immediately in profit or loss in the period of plan amendment and curtailment.

(b) *Post-employment Defined Contribution Plan*

A defined contribution plan is a post-employment plan under which BDO Unibank Group pays fixed contributions into an independent entity, such as the Social Security System. BDO Unibank Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognized in respect of defined contribution plans are expensed as they fall due. Liabilities and assets may be recognized if underpayment or prepayment has occurred.

(c) *Short-term Benefits*

Short-term employee benefits include wages, salaries, bonuses, and non-monetary benefits provided to current employees, which are expected to be settled before 12 months after the end of the reporting period during which an employee services are rendered, but does not include termination benefits. The undiscounted amount of the benefits expected to be paid in respect of services rendered by employees in an accounting period is recognized in profit or loss during that period and any unsettled amount at the end of the reporting period is included as part of Accrued expenses under Other Liabilities account in the statement of financial position.

(d) *Termination Benefits*

Termination benefits are payable when employment is terminated by BDO Unibank Group for authorized cause before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. BDO Unibank Group recognizes termination benefits at the earlier of when it can no longer withdraw the offer of such benefits and when it recognized costs for a restructuring that is within the scope of PAS 37 and involves the payment of termination benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of reporting period are discounted to present value.

(e) *Bonus Plans*

BDO Unibank Group recognizes a liability and an expense for bonuses based on the BDO Unibank Group's bonus policy. A provision is recognized by BDO Unibank Group where it is contractually obliged to pay the benefits or where there is a past practice that has created a constructive obligation.

(f) *Employee Stock Option Plan*

BDO Unibank Group has an employee stock option plan (ESOP) for its senior officers (from vice-president up) for their contribution to BDO Unibank Group's performance and attainment of team goals. None of the BDO Unibank Group's plan are cash settled.

All services received in exchange for the grant of the stock options are measured at their fair values using the Black-Scholes option model. Where employees are rewarded using stock options, the fair value of employees' services is determined indirectly by reference to the fair value of the equity instruments granted. The amount of stock options allocated to the qualified officers is based on the performance of the senior officers as determined by management and it requires a vesting period of five years. These are adjusted accordingly for any resignation or disqualification. The vested options may be exercised within three years from vesting date. The cost of ESOP is amortized over five years (vesting period) starting from the approval of the BOD. The annual amortization of stock options is included in Compensation and benefits under the Other Operating Expenses account in the statement of income with corresponding recognition of SOO (included as part of Surplus Reserves under the Equity section of the statement of financial position).

Upon exercise of share options, the proceeds received, net of any directly attributable transaction costs, are allocated to capital stock to the nominal (or par) value of the shares issued with any excess being recorded as additional paid-in-capital. In case of forfeiture, the previously recognized share options outstanding will be transferred to additional paid-in-capital.

(g) *Unavailed Leaves*

Unavailed leaves (excluding those qualified under the retirement benefit plan), included in Other Liabilities account, are recognized as expense at the amount BDO Unibank Group expects to pay at the end of reporting period. Unavailed leaves of employees qualified under the retirement plan are valued and funded as part of the present value of DBO in Note 2.23(a).

2.24 Income Taxes

Tax expense recognized in profit or loss comprises the sum of deferred tax and current tax not recognized in other comprehensive income or directly in equity, if any.

Current tax assets or liabilities comprise those claims from, or obligations to, fiscal authorities relating to the current or prior reporting period, that are uncollected or unpaid at the end of the reporting period. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the period. All changes to current tax assets or liabilities are recognized as a component of tax expense in profit or loss.

Deferred tax is accounted for using the liability method on temporary differences at the end of the reporting period between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Under the liability method, with certain exceptions, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and the carryforward of unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deferred tax asset can be utilized. Unrecognized deferred tax assets are reassessed at the end of each reporting period and are recognized to the extent that it has become probable that future taxable profit will be available to allow such deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled provided such tax rates and tax laws have been enacted or substantively enacted at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which BDO Unibank Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Most changes in deferred tax assets or liabilities are recognized as a component of tax expense in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if BDO Unibank Group has a legally enforceable right to set off current tax assets against current tax liabilities and the deferred taxes relate to the same entity and the same taxation authority (see Note 30.1).

2.25 Earnings Per Share

Basic earnings per share is determined by dividing consolidated net profit by the weighted average number of common shares issued and outstanding during the period, after retroactive adjustment for any stock dividend declared in the current period.

The diluted earnings per share is also computed by dividing consolidated net profit by the weighted average number of common shares issued and outstanding during the period. However, consolidated net profit attributable to common shares and the weighted average number of common shares outstanding are adjusted to reflect the effects of potentially dilutive convertible preferred shares and stock option plan granted by BDO Unibank Group to the qualified officers (to the extent that shares under the stock option plan shall be issued from the unissued authorized capital stock and not purchased from the market or stock exchange).

Convertible preferred shares are deemed to have been converted to common shares at the issuance of preferred shares. The stock option plan is deemed to have been converted into common stock in the year the stock option is granted.

2.26 Trust Activities

BDO Unibank Group commonly acts as trustee and in other fiduciary capacities that result in the holding or placing of assets on behalf of individuals, trusts, retirement benefit plans and other institutions. Resources and income arising thereon are excluded from these financial statements, as these are neither resources nor income of BDO Unibank Group.

2.27 Events After the End of the Reporting Period

Any post-year-end event that provides additional information about BDO Unibank Group's financial position at the end of reporting period (adjusting event) is reflected in the financial statements. Post-year-end events that are not adjusting events, if any, are disclosed when material to the financial statements.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

BDO Unibank Group and the Parent Bank's financial statements, prepared in accordance with PFRS, require management to make judgments and estimates that affect the amounts reported in the financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may ultimately differ from these estimates and the differences could be significant.

3.1 Critical Management Judgments in Applying Accounting Policies

In the process of applying BDO Unibank Group's accounting policies, management has made the following judgments, apart from those involving estimation, which have the most significant effect on the amounts recognized in the financial statements:

(a) Determination of Lease Term of Contracts with Renewal and Termination Options (2019)

In determining the lease term, management considers all relevant factors and circumstances that create an economic incentive to exercise a renewal option or not exercise a termination option. Renewal options and/or periods after termination options are only included in the lease term if the lease is reasonably certain to be extended or not terminated.

For leases of land and office spaces, the factors that are normally the most relevant are (i) if there are significant penalties should BDO Unibank Group pre-terminate the contract, and (ii) if any leasehold improvements are expected to have a significant remaining value, BDO Unibank Group is reasonably certain to extend and not to terminate the lease contract. Otherwise, BDO Unibank Group considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.

BDO Unibank Group did not include the renewal period as part of the lease term of the land and office spaces because the terms of most of the contracts are renewable upon the mutual agreement of the parties.

The lease term is reassessed if an option is actually exercised or not or BDO Unibank Group becomes obliged to exercise or not. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the BDO Unibank Group.

(b) Application of ECL to Financial Assets at Amortized Cost and Financial Assets at FVOCI

BDO Unibank Group uses the general approach to calculate ECL for all debt instruments carried at amortized cost and FVOCI, together with loan commitments and financial guarantee contracts. The allowance for impairment is based on the ECLs associated with the probability of default of a financial instrument in the next 12 months, unless there has been a significant increase in credit risk since origination of the financial instrument, in such case, a lifetime ECL for the instrument is recognized.

BDO Unibank Group has established a policy to perform an assessment, at the end of each reporting period, whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument (see Note 4.3.5).

(c) *Evaluation of Business Model Applied in Managing Financial Instruments*

BDO Unibank Group manages its financial assets based on business models that maintain adequate level of financial assets to match its expected cash outflows, largely its core deposit funding arising from customers' withdrawals and continuing loan disbursements to borrowers, while maintaining a strategic portfolio of financial assets for trading activities consistent with its risk appetite.

BDO Unibank Group developed business models which reflect how it manages its portfolio of financial instruments. BDO Unibank Group's business models need not be assessed at entity level or as a whole but shall be applied at the level of a portfolio of financial instruments (i.e., group of financial instruments that are managed together by BDO Unibank Group) and not on an instrument-by-instrument basis (i.e., not based on intention or specific characteristics of individual financial instrument).

In determining the classification of a financial instrument, BDO Unibank Group evaluates in which business model a financial instrument or a portfolio of financial instruments belong to taking into consideration the objectives of each business model established by BDO Unibank Group (e.g., held-for-trading, generating accrual income, direct matching to a specific liability) as those relate to BDO Unibank Group's investment, trading and lending strategies.

(d) *Testing the Cash Flow Characteristics of Financial Assets and Continuing Evaluation of the Business Model*

In determining the classification of financial assets, BDO Unibank Group assesses whether the contractual terms of the financial assets give rise on specified dates to cash flows that are SPPI on the principal outstanding, with interest representing time value of money and credit risk associated with the principal amount outstanding. The assessment as to whether the cash flows meet the test is made in the currency in which the financial asset is denominated. Any other contractual term that changes the timing or amount of cash flows (unless it is a variable interest rate that represents time value of money and credit risk) does not meet the amortized cost criteria. In cases where the relationship between the passage of time and the interest rate of the financial instrument may be imperfect, known as modified time value of money, BDO Unibank Group assesses the modified time value of money feature to determine whether the financial instrument still meets the SPPI criterion. The objective of the assessment is to determine how different the undiscounted contractual cash flows could be from the undiscounted cash flows that would arise if the time value of money element was not modified (the benchmark cash flows). If the resulting difference is significant, the SPPI criterion is not met. In view of this, BDO Unibank Group considers the effect of the modified time value of money element in each reporting period and cumulatively over the life of the financial instrument.

If more than an infrequent sale is made out of a portfolio of financial assets carried at amortized cost, an entity should assess whether and how such sales are consistent with the objective of collecting contractual cash flows. In making this judgment, BDO Unibank Group considers certain circumstances documented in its business model manual to assess that an increase in the frequency or value of sales of financial instruments in a particular period is not necessarily inconsistent with a held-to-collect business model if BDO Unibank Group can explain the reasons for those sales and why those sales do not reflect a change in BDO Unibank Group's objective for the business model.

(e) *Distinction Between Investment Properties and Owner-occupied Properties*

BDO Unibank Group determines whether a property qualifies as investment property. In making its judgment, BDO Unibank Group considers whether the property generates cash flows largely independent of the other assets held by BDO Unibank Group. Owner-occupied properties generate cash flows that are attributable not only to the property but also to the other resources used in the supply process.

Some properties comprise a portion that is held to earn rental or for capital appreciation and another portion that is held for use in the supply of services or for administrative purposes. If these portions can be sold separately (or leased out separately under finance lease), BDO Unibank Group accounts for those portions separately. If the portion cannot be sold separately, the property is accounted for as investment property only if an insignificant portion is held for use in the supply of services or for administrative purposes. Judgment is applied in determining whether ancillary services are so significant that a property does not qualify as investment property. BDO Unibank Group considers each property separately in making its judgment.

(f) *Distinction Between Operating and Finance Leases for Contracts where BDO Unibank Group is the Lessor*

BDO Unibank Group has entered into various lease agreements as a lessor. Critical judgment was exercised by management to distinguish each lease agreement as either an operating or finance lease by looking at the transfer or retention of significant risks and rewards of ownership of the properties covered by the agreements. Failure to make the right judgment will result in either overstatement or understatement of resources and liabilities.

(g) *Classification and Fair Value Determination of Acquired Properties*

BDO Unibank Group classifies its acquired properties as Premises, Furniture, Fixtures and Equipment if used in operations, chattels as Non-current assets held for sale (presented under Other Resources account) if expected to be recovered through sale rather than use, real properties as Investment Properties if intended to be held for capital appreciation or lease, as Financial Assets if qualified as such in accordance with PFRS 9 or as Other properties (presented under Other Resources account) if held for sale but the depreciable properties (other than building) are not yet disposed within three years. At initial recognition, BDO Unibank Group determines the fair value of the acquired properties through internally or externally generated appraisal. The appraised value is determined based on the current economic and market conditions as well as the physical condition of the properties. The BDO Unibank Group's methodology in determining the fair value of acquired properties are further discussed in Note 6.5.

(b) *Assessment of Significant Influence on Entities in which BDO Unibank Group Holds Less than 20% Ownership*

The management considers that the BDO Unibank Group and the Parent Bank have significant influence on NLEX Corporation (previously Manila North Tollways Corporation) even though it holds less than 20% of the ordinary shares in the latter. In making this judgment, management considered the BDO Unibank Group and the Parent Bank's voting rights, which is based from its acquired right to nominate for a director in NLEX Corporation as granted in the Amended and Restated Shareholders' Agreement (ARSA).

ARSA provides that investors shall be entitled to nominate one director for as long as it owns at least 10% of the equity of NLEX Corporation, or shall be entitled to nominate two directors for as long as it owns at least 16.5% of the equity of NLEX Corporation.

Failure to make the right judgment will result in either overstatement or understatement of resources, liabilities, income and expenses.

(i) *Determination of Timing of Satisfaction of Performance Obligations*

BDO Unibank Group determines that its revenues from services for account management, loan administration and fees from annual credit card membership shall be recognized over time. In making its judgement, BDO Unibank Group considers the timing of receipt and consumption of benefits provided by BDO Unibank Group to the customers. As the work is performed, BDO Unibank Group becomes entitled to payments. This demonstrates that the customers simultaneously receive and consume the benefits of the BDO Unibank Group's rendering of these retail and corporate banking services as it performs.

In determining the best method of measuring the progress of the BDO Unibank Group's rendering of aforementioned services, the management considers the output method, which uses direct measurements of the value to the customer of the services transferred to date relative to the remaining services promised as basis in recognizing revenues. Such measurements include results of performance completed to date, time elapsed, and appraisals of milestones reached or activities already performed.

(j) *Recognition of Provisions and Contingencies*

Judgment is exercised by management to distinguish between provisions and contingencies. Policies on recognition of provisions and contingencies are discussed in Note 2.19 and relevant disclosures are presented in Note 34.

3.2 Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of resources and liabilities within the next reporting period:

(a) *Determination of Appropriate Discount Rate in Measuring Lease Liabilities (2019)*

BDO Unibank Group measures its lease liabilities at present value of the lease payments that are not paid at the commencement date of the lease contract. The lease payments were discounted using a reasonable rate deemed by management equal to the BDO Unibank Group's incremental borrowing rate. In determining a reasonable discount rate, management considers the term of the leases, the underlying asset and the economic environment. Actual results, however, may vary due to changes in estimates brought about by changes in such factors.

(b) *Estimation of Allowance for ECL*

The measurement of the allowance for ECL on financial assets at amortized cost and debt instruments measured at FVOCI is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation used in measuring ECL is further detailed in Note 4.3.

The carrying value of financial assets at FVOCI, Investments securities at amortized cost and Loans and Other Receivables and, the analysis of the allowance for impairment on such financial assets, are shown in Notes 9.2, 9.3, 10, and 15 respectively.

(c) *Fair Value Measurement for Financial Instruments*

Management applies valuation techniques to determine the fair value of financial instruments where active market quotes are not available. Valuation techniques are used to determine fair values which are validated and periodically reviewed. To the extent practicable, models use observable data, however, areas such as counterparty credit risk, volatilities and correlations require management to make estimates. Changes in assumptions could affect the reported fair value of financial instruments. The BDO Unibank Group and the Parent Bank use judgment to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

The carrying values of the BDO Unibank Group and the Parent Bank's financial assets at FVTPL and financial assets at FVOCI and the amounts of fair value changes recognized during the years on those assets are disclosed in Notes 9.1 and 9.2, respectively.

(d) *Determination of Fair Value of Derivatives*

The fair value of derivative financial instruments that are not quoted in an active market is determined through valuation techniques normally using the discounted cash flow model.

Valuation techniques are used to determine fair values, which are validated and periodically reviewed. To the extent practicable, models use observable data, however, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions and correlations could affect reported fair value of financial instruments.

BDO Unibank Group and the Parent Bank use judgment to select a variety of methods and make assumptions that are mainly based on conditions existing at the end of each reporting period.

(e) *Estimation of Useful Lives of Premises, Furniture, Fixtures and Equipment, Investment Properties and Other Resources*

BDO Unibank Group estimates the useful lives of premises, furniture, fixtures and equipment, investment properties and other properties, including trademark, based on the period over which the assets are expected to be available for use. The estimated useful lives of premises, furniture, fixtures and equipment, investment properties and other properties, including trademark, are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets. Actual results, however, may vary due to changes in estimates brought about by changes in factors mentioned above.

The carrying amounts of Premises, Furniture, Fixtures and Equipment are analyzed in Note 11 while investment properties and other resources, including trademark, are analyzed in Notes 13 and 14, respectively.

(f) *Determination of Assumptions for Management's Estimation of Fair Value of Investment Properties*

Investment properties are measured using the cost model. The fair value disclosed in Note 13 to the financial statements is determined by BDO Unibank Group and the Parent Bank using the discounted cash flows valuation technique which are mainly based on existing market conditions and actual transactions at each reporting period such as selling price under installment sales, expected timing of sale and appropriate discount rates. The expected selling price is determined by either an independent or internal appraiser on the basis of current appraised values of the properties or similar properties in the same location and condition (see Note 6.5).

For investment properties with appraisal conducted prior to the end of the current reporting period, management determines whether there are significant circumstances during the intervening period that may require adjustments or changes in the disclosure of fair value of those properties.

(g) *Determination of Realizable Amount of Deferred Tax Assets*

BDO Unibank Group reviews its deferred tax assets at the end of each reporting period and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Significant judgment is applied by the management to determine the amount of deferred tax assets that can be recognized based on the likely timing and level of BDO Unibank Group's future taxable income together with its future tax planning strategies. The BDO Unibank Group assessed its projected performance in determining the sufficiency of the future taxable income to support the recognition of deferred tax assets.

The carrying value of deferred tax assets, which management assessed to be utilized within the next two to three years, as of December 31, 2019 and 2018 is disclosed in Note 30.1.

(b) *Impairment of Non-financial Assets*

Except for goodwill and other intangible assets with indefinite useful lives, PFRS requires that an impairment review be performed when certain impairment indicators are present. BDO Unibank Group's policy on estimating the impairment of non-financial assets is discussed in detail in Note 2.21. Though management believes that the assumptions used in the estimation of fair values reflected in the financial statements are appropriate and reasonable, significant changes in these assumptions may materially affect the assessment of recoverable values and any resulting impairment loss could have a material adverse effect on the results of operations.

Impairment losses recognized in profit or loss are disclosed in Note 15.

(i) *Valuation of Post-employment Defined Benefit*

The determination of BDO Unibank Group's obligation and cost of post-employment and other retirement benefits is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions are described in Note 25.2 and include, among others, discount rates, expected rate of return on plan asset and salary increase rates. A significant change in any of these actuarial assumptions may generally affect the recognized expense, other comprehensive income or losses and the carrying amount of the post-employment benefit obligation in the next reporting period.

The amounts of post-employment benefit obligation and expense and an analysis of the movements in the estimated present value of post-employment benefit obligation, as well as the significant assumptions in estimating such obligation are presented in Note 25.2.

(j) *Recognition of Reward Points*

BDO Unibank Group provides rewards points to its banking clients and customers each time they avail of the pre-identified products and services of the Parent Bank and the companies which the Parent Bank has identified as partners in the rewards program. Reward points are redeemable in a wide selection of reward categories, including travel, merchandise of third parties, reward credits and gift certificates. Certain loyalty points for credit card have no expiration date unless the credit card is cancelled but for other rewards program, unredeemed points may expire at some future date.

BDO Unibank Group sets up a liability to cover the cost of future reward redemptions for points earned to date. The estimated liability is based upon points earned by the clients and the current cost per point of redemption. The estimated points to be redeemed are measured and adjusted based on many factors including but not limited to past redemption behavior of the clients, product type on which the points are earned and their ultimate redemption rate on the points earned to date but not yet redeemed.

BDO Unibank Group continually evaluates its estimates for rewards based on developments in redemption patterns, cost per point redeemed and other factors. The estimated liability for unredeemed points is impacted over time by enrollment levels, amount of points earned and redeemed, weighted-average cost per point, redemption choices made by the clients and other membership rewards program changes. The calculation is most sensitive to changes in the estimated ultimate redemption rate. This rate is based on the expectation that a large majority of all points earned will eventually be redeemed and the rewards will be redeemed through goods or services supplied by a third party based on BDO Unibank Group's past experience.

The carrying value of the rewards points accrued by BDO Unibank Group and the Parent Bank are presented as part of Accrued expenses under Other Liabilities account in the statement of financial position as disclosed in Note 20.

(k) *Valuation of Legal Policy Reserves*

Legal policy reserves represent estimates of present value of future benefits and expenses in excess of present value of future gross premiums. These estimates are based on interest rates, mortality/morbidity tables, and valuation method subject to the provisions of the Insurance Code and guidelines set by IC.

The liability for life insurance contracts uses the discount rate as provided by the IC with other assumptions based on best estimate with regard to significant recent experience and appropriate margin for adverse deviation from the expected experience. At each reporting date, these estimates are reassessed for adequacy and changes will be reflected in adjustments to the liability. The main assumptions used relate to mortality, morbidity, lapse, and discount rate.

For life insurance contracts, estimates are made as to the expected number of deaths and lapses for each of the years in which the BDO Unibank Group is exposed to risk. The BDO Unibank Group uses mortality tables and lapse rates subject to the guidelines set by the IC as the basis of these estimates. The estimated number of lapses, deaths, illness or injury determines the value of possible future benefits to be paid out, which will be factored into ensuring sufficient cover by reserves, which in return is monitored against current and future premiums.

4. RISK MANAGEMENT

With its culture of managing risk prudently within its capacity and capabilities, the BDO Unibank Group will pursue its strategy and business plans to provide consistent quality service to its customers, to achieve its desired long-term target returns to its shareholders and satisfy or abide by the needs of its other stakeholders, including its depositors and regulators.

The BDO Unibank Group believes that, as there are opportunities, there are associated risks and the objective is not to totally avoid risks, but to adequately and consistently evaluate, manage, control, and monitor the risks and ensure that the BDO Unibank Group is adequately compensated for all the risks taken. Good risk management involves making informed and rational decisions about the level of risks the institution wants to take, in the pursuit of its objectives, but with consideration to return commensurate with the risk-taking activity.

The BDO Unibank Group's goal is to remain a strong bank that is resilient to possible adverse events. Hence, the BDO Unibank Group ensures:

- strong financial position by maintaining capital ratios in excess of regulatory requirements;
- sound management of liquidity; and,
- ability to generate sustainable earnings commensurate with the risks taken.

For credit risk, market risk, and liquidity risk, the BDO Unibank Group ensures that these are within Board-approved operating limits. For operational risk (which includes legal, regulatory, compliance risks), and reputational risks, these are invariably managed by the development of both a strong "control culture" and an effective internal control system that constantly monitors and updates operational policies and procedures with respect to the BDO Unibank Group's activities and transactions.

Risk management at BDO Unibank Group begins at the highest level of the organization. At the helm of the risk management infrastructure is the BOD who is responsible for establishing and maintaining a sound risk management system. The BOD assumes oversight over the entire risk management process and has the ultimate responsibility for all risks taken. It regularly reviews and approves the institution's tolerance for risks, as well as, its business strategy and risk philosophy.

The BOD has constituted the Risk Management Committee (RMC) as the Board-Level Committee responsible for the development and oversight of the risk management program. Considering the importance of appropriately addressing credit risk, the BOD has also constituted the Credit Committee. The Credit Committee is responsible for approving credit-specific transactions, while the RMC is responsible for approving credit portfolio risk-related policies and limits, as well as, market, liquidity, and operational risk policies and limits.

Within BDO Unibank Group's overall risk management system is the Assets and Liabilities Committee (ALCO), which is responsible for managing the BDO Unibank Group's statement of financial position, including the BDO Unibank Group's liquidity, interest rate and foreign exchange related risks. In addition, ALCO formulates investment and financial policies by determining the asset allocation and funding mix strategies that are likely to yield the targeted financial results.

BDO Unibank Group operates an integrated risk management system to address the risks it faces in its banking activities, including credit, market (foreign exchange, interest rate, and price risks), liquidity, and operational risks. The Risk Management Group (RMG) is mandated to adequately and consistently evaluate, manage, control, and monitor the overall risk profile of the BDO Unibank Group's activities across the different risk areas (i.e., credit, market, liquidity and operational risks) to optimize the risk-reward balance and maximize return on capital. RMG also has the responsibility for recommending to the appropriate body, risk policies across the full range of risks to which the BDO Unibank Group is exposed. RMG functionally reports to the RMC.

The evaluation, analysis, and control performed by the Risk Function, in conjunction with the Risk Takers, constitute the risk management process. The risk management process is applied at three levels: the transaction level, the business unit level, and the portfolio level. This framework ensures that risks are properly identified, quantified and analyzed, in the light of its potential effect on the BDO Unibank Group's business. The goal of the risk management process is to ensure rigorous adherence to the BDO Unibank Group's standards for precision in risk measurement and reporting and to make possible, in-depth analysis of the deployment of capital and the returns that are delivered to the shareholders.

4.1 Liquidity Risk

Liquidity risk is the risk that there could be insufficient funds available to repay depositors, to fulfill commitments to lend, or to meet any other liquidity commitments. BDO Unibank Group manages liquidity risk by holding sufficient liquid assets of appropriate quality to meet funding requirements, manage and control liquidity gaps through Maximum Cumulative Outflow (MCO) limits, regular liquidity stress testing to ensure positive cashflow across all identified stress scenarios, and establishment of a Liquidity Contingency Plan, to ensure adequate liquidity under both business-as-usual and stress conditions.

The analysis of the maturity groupings of resources, liabilities and off-book items as of December 31, 2019 and 2018 in accordance with account classification of the BSP is presented below and in the succeeding pages. The amounts disclosed in the maturity analysis are the contractual cash flows using the primary contractual maturities or behavioral assumptions on core levels (e.g., core deposit liabilities and core deposit substitutes with maturities within one year have been classified in the more than three years category), if the latter is more relevant for purposes of profiling the liquidity gap.

4.2 Market Risk

BDO Unibank Group's exposure to market risk, the risk of future loss from changes in the price of a financial instrument, relates primarily to its holdings in foreign exchange instruments, debt securities, equity securities and derivatives. BDO Unibank Group manages its risk by identifying, analyzing and measuring relevant or likely market risks. Market Risk Management recommends market risk limits based on relevant activity indicators for approval by BDO Unibank Group's RMC and the BOD.

4.2.1 Foreign Exchange Risk

BDO Unibank Group manages its exposure to effects of fluctuations in the foreign currency exchange rates by maintaining foreign currency exposure within the existing regulatory guidelines and at a level that it believes to be relatively conservative for a financial institution engaged in that type of business.

BDO Unibank Group's net foreign exchange exposure is computed as its foreign currency resources less foreign currency liabilities. BSP regulations impose a cap of 20% of unimpaired capital or US\$50 million, whichever is lower, on the BDO Unibank Group excess foreign exchange holding of banks in the Philippines. BDO Unibank Group's foreign exchange exposure is primarily limited to the day-to-day, over-the-counter buying and selling of foreign exchange in BDO Unibank Group's branches as well as foreign exchange trading with corporate accounts and other financial institutions. BDO Unibank Group, being a major market participant in the Philippine Dealing System, may engage in proprietary trading to take advantage of foreign exchange fluctuations.

BDO Unibank Group's foreign exchange exposure at end-of-day is guided by the limits set forth in BDO Unibank Group's Risk Management Manual. These limits are within the prescribed ceilings mandated by the BSP. At the end of each day, BDO Unibank Group reports to the BSP on its compliance with the mandated foreign currency exposure limits. In addition, it also reports to the BSP on the respective foreign currency positions of its subsidiaries.

The breakdown of the financial assets and financial liabilities as to foreign and peso-denominated balances as of December 31, 2019 and 2018 follows:

4.2.2 Interest Rate Risk

BDO Unibank Group prepares an interest rate gap analysis in the Banking Book to measure the sensitivity of its resources, liabilities and off-book items to interest rate fluctuations. The Banking Book is a term for resources on a bank's statement of financial position that are expected to be held to maturity, usually consisting of customer loans to and deposits from retail and corporate customers. The Banking Book can also include those derivatives that are used to hedge exposures arising from the Banking Book activity, including interest rate risk. The focus of analysis is the impact of changes in interest rates on accrual or reported earnings. This analysis would give management a glimpse of the re-pricing profile of its interest sensitive resources and liabilities in the Banking Book. An interest rate gap report is prepared by classifying all resources and liabilities into various time buckets according to contracted maturities if fixed or anticipated repricing dates if floating, or based on behavioral assumptions if more applicable. In the interest rate gap presented, loans and investments are profiled based on next repricing if floating or contracted maturity if fixed rate while non-maturity deposit liabilities are considered non-rate sensitive. The difference in the amount of resources and liabilities maturing or being repriced in any time period category would then give BDO Unibank Group an indication of the extent to which it is exposed to the risk of potential changes in net interest income. Interest rate financial instruments (e.g., interest rate derivatives) may be used to hedge the interest rate exposures in the Banking Book. There are however, no outstanding interest rate derivatives used as hedges in the Banking Book.

The analyses of the groupings of resources, liabilities and off-book items as of December 31, 2019 and 2018 based on the expected interest realization or recognition are shown in the succeeding pages.

The BDO Unibank Group and the Parent Bank's market risk management limits are generally categorized as limits on:

- Value-at-risk (VaR) – The RMG computes the VaR benchmarked at a level, which is a percentage of projected earnings. The BDO Unibank Group and the Parent Bank use the VaR model to estimate the daily potential loss that the BDO Unibank Group and the Parent Bank can incur from its trading book, based on a number of assumptions with a confidence level of 99%. The measurement is designed such that exceptions over limits should only arise in very exceptional circumstances.
- Stop loss – The RMG sets the amount of each risk-bearing activity at a percentage of the budgeted annual income for such activity.
- Nominal position – The RMG sets the nominal amount to prevent over-trading, excessive concentration, and to limit financial loss supplementing other established limits.

- Trading volume – The RMG sets the volume of transactions that any employee may execute at various levels based on the rank of the personnel making the risk-bearing decision.
- Earnings-at-risk (EAR) – The RMG computes the EAR based on the repricing profile of the Banking Book and benchmarks against projected annual net interest income and capital.

VaR is one of the key measures in BDO Unibank Group and Parent Bank's management of market risk. VaR is defined as a statistical estimate of the maximum possible loss on a given position during a time horizon within a given confidence interval. The BDO Unibank Group and the Parent Bank use a 99% confidence level and a 260-day observation period in VaR calculation. The BDO Unibank Group and the Parent Bank's VaR limit is established as a percentage of projected earnings and is used to alert senior management whenever the potential losses in the BDO Unibank Group and the Parent Bank's portfolios exceed tolerable levels. Because the VaR measure is tied to market volatility, it therefore allows management to react quickly and adjust its portfolio strategies in different market conditions in accordance with its risk philosophy and appetite. The VaR model is validated through back-testing.

Although VaR is an important tool for measuring market risk, the assumptions on which the model is based do give rise to some limitations, including the following:

- A one-day holding period assumes that it is possible to hedge or dispose of positions within that period. This is considered to be a realistic assumption in almost all cases but may not be the case in situations in which there is severe market illiquidity for a prolonged period;
- A 99% confidence level does not reflect losses that may occur beyond this level. Even within the model used, there is a one percent probability that losses could exceed the VaR;
- VaR is calculated on an end-of-day basis and does not reflect exposures that may arise on positions during the trading day;
- The use of historical data as a basis for determining the possible range of future outcomes may not always cover all possible scenarios, especially those of an exceptional nature; and,
- The VaR measure is dependent upon the BDO Unibank Group and the Parent Bank's position and the volatility of market prices. The VaR of an unchanged position reduces if the market price volatility declines and vice-versa.

The limitations of the VaR methodology are recognized by supplementing VaR limits with other position and sensitivity limit structures, including limits to address potential concentration risks within each trading portfolio. In addition, the BDO Unibank Group and the Parent Bank use a wide range of stress tests to model the financial impact of a variety of exceptional market scenarios on individual trading portfolios and the BDO Unibank Group and the Parent Bank's overall position. Stress VaR is also performed on all portfolios as a complementary measure of risk. While VaR deals with risk during times of normality, stress testing is used to measure the potential effect of a crisis or low probability event.

A summary of the VaR position of the trading portfolios at December 31 follows:

For the BDO Unibank Group, the earnings perspective using an EAR approach is the more relevant measure for the interest rate risks in the Banking Book given a “going-concern” assumption and also because the component of earnings in focus is net interest income. EAR is a measure of likely earnings volatility for accrual portfolios. The appropriate yield curve used is the relevant benchmark rate and the volatilities of the relevant benchmark interest rate curve are calculated similar to the method employed for VaR. The volatility calculations make use of actual pre-defined time series data, using five-years’ worth of yearly changes, at the 99% confidence level. The frequency of measurement for EAR is monthly. EAR Stress Test uses 300 basis points increase in US interest rates and 400 basis points increase in Peso interest rates.

The EAR before tax in a rising and declining interest rate scenario for financial assets and liabilities repriced during 2019 and 2018 is shown below and in the succeeding page.

4.2.3 Price Risk

The BDO Unibank Group and the Parent Bank are exposed to equity securities price risk because of investments in equity securities held by BDO Unibank Group and Parent Bank classified on the statement of financial position either as financial assets at FVOCI securities, or financial assets at FVTPL. The BDO Unibank Group and the Parent Bank are not exposed to commodity price risk. To manage its price risk arising from investments in listed equity securities, BDO Unibank Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by BDO Unibank Group.

The table below summarizes the impact of equity prices on listed equity securities classified as financial assets at FVTPL and financial assets at FVOCI on BDO Unibank Group and Parent Bank's net profit after tax and equity as of December 31, 2019 and 2018. The results are based on the volatility assumption of the benchmark equity index, which was 2.33% and 2.28% in 2019 and 2018, respectively, for securities classified as financial assets at FVTPL and FVOCI securities with all other variables held constant and all the BDO Unibank Group and the Parent Bank's equity instruments moved according to the historical correlation with the index.

4.3 Credit Risk

Credit risk is the risk that the counterparty in a transaction may default and arises from lending, trade finance, treasury, derivatives and other activities undertaken by the BDO Unibank Group. RMG undertakes several functions with respect to credit risk management including credit analysis, risk ratings for corporate accounts, and development and performance monitoring of credit risk rating and scoring models for both corporate and consumer loans. It also ensures that BDO Unibank Group's credit policies and procedures are adequate to meet the demands of the business.

RMG also subjects the loan portfolio to a regular portfolio quality review, credit portfolio stress testing, and rapid portfolio reviews based on specific and potential events that may affect borrowers in particular geographic locations or industries.

BDO Unibank Group structures the levels of credit risk it undertakes by placing limits on the amount of risk accepted in relation to one borrower, or groups of borrowers. Such risks are monitored on a regular basis and subject to an annual or more frequent review. Approval for credit limits are secured from the Credit Committee/approving authorities. On the industry segments, set limits and exposures are monitored and reported to the RMC.

Exposure to credit risk is managed through regular analysis of the ability of borrowers and potential borrowers to meet interest and capital repayment obligations and by changing these lending limits when appropriate. Exposure to credit risk is also managed in part by obtaining collateral or corporate and personal guarantees.

4.3.1 Credit Risk Assessment

Loan classification and credit risk rating are an integral part of BDO Unibank Group's management of credit risk. On an annual basis, loans are reviewed, classified as necessary, and rated based on internal and external factors that affect its performance. On a monthly basis, loan classifications of impaired accounts are assessed and the results are used as basis for the review of loan loss provisions.

BDO Unibank Group's definition of its loan classification and corresponding credit risk ratings are as follows:

- Current : Grades AAA to B
- Watchlisted : Grade B-
- Loans Especially Mentioned : Grade C
- Substandard : Grade D
- Doubtful : Grade E
- Loss : Grade F

Once an account is Watchlisted or Adversely Classified, the resulting risk rating grade is aligned based on the above classification.

(a) Current

These are individual credits that do not have a greater-than-normal risk and do not possess the characteristics of adversely classified loans. These are credits that have the apparent ability to satisfy their obligations in full and therefore, no loss in ultimate collection is anticipated. These are adequately secured by readily marketable collateral or other forms of support security or are supported by sufficient credit and financial information of favorable nature to assure repayment as agreed.

(b) Watchlisted

Since early identification of troublesome or potential accounts is vital in portfolio management, a "Watchlisted" classification of credit accounts is maintained. These accounts are not adversely classified but they require more than normal attention to prevent these accounts from deteriorating to said category.

Past due or individually impaired financial assets comprise accounts under the following risk ratings:

(c) *Adversely Classified*

(i) *Loans Especially Mentioned (LEM)*

It is an adverse classification of loans/accounts that have potential weaknesses and deserves management's close attention. These potential weaknesses, if left uncorrected, may affect the repayment of the loan and thus increase credit risk to BDO Unibank Group.

(ii) *Substandard*

Accounts classified as "Substandard" are individual credits or portions thereof, that have well-defined weakness/(es) that may jeopardize repayment/liquidation in full, either in respect of the business, cash flow or financial position, which may include adverse trends or developments that affect willingness or repayment ability of the borrower.

(iii) *Doubtful*

Accounts classified as "Doubtful" are individual credits or portions thereof which exhibit more severe weaknesses than those classified as "Substandard" whose characteristics on the basis of currently known facts, conditions and values make collection or liquidation highly improbable, however, the exact amount remains undeterminable as yet. Classification as "Loss" is deferred because of specific pending factors, which may strengthen the assets.

(iv) *Loss*

Accounts classified as "Loss" are individual credits or portions thereof, which are considered uncollectible or worthless, and of such little value that their continuance as bankable assets are not warranted although the loans may have some recovery or salvage value.

This shall be viewed as a transitional category for loans and other credit accommodations, which have been identified as requiring write-off during the current reporting period even though partial recovery may be obtained in the future.

In addition to the above, credit portfolio review is another integral part of BDO Unibank Group's management of credit risk. This exercise involves the conduct of periodic post approval review of individual credits whose main objective is to help monitor and maintain sound and healthy risk asset portfolio. Parameters of the credit portfolio review are structured so as to reflect both sides of the risk management equation such as credit quality and process. This function actuates the philosophy that credit quality is derived from sound risk management process. The credit quality of financial assets is managed by BDO Unibank Group using internal credit ratings.

4.3.2 Credit Quality Analysis

The following table sets out information about the credit quality of loans and other receivables, financial assets measured at amortized cost, and FVOCI debt investments. Unless specifically indicated, for financial assets, the amounts in the table represent gross carrying amounts. For loan commitments and other contingent accounts, the amounts in the table represent the amounts committed. As of December 31, 2019 and 2018, there are no POCI financial assets in both BDO Unibank Group and Parent Bank's financial statements.

The following table shows the exposure to credit risk as of December 31, 2019 and 2018 for each internal risk grade and the related allowance for ECL:

4.3.4 Collateral Held as Security and Other Credit Enhancements

BDO Unibank Group and the Parent Bank hold collateral against credit exposures from customers in the form of mortgage interests over property, other registered securities over assets, and guarantees. Estimates of fair value are based on the value of collateral assessed at the time of borrowing and are updated periodically. Collateral generally is not held over due from other banks, interbank loans and investment securities, except when securities are held as part of reverse repurchase and securities borrowing activity. The BDO Unibank Group and the Parent Bank hold collateral against credit exposures in the form of property, debt securities, equity securities, holdout deposits and others.

Estimate of the fair value of collateral and other security enhancements held against the following credit exposures as of December 31 follows:

As of December 31, 2019 and 2018, no collateral is held for due from other banks and trading and investment securities.

BDO Unibank Group's manner of disposing the collateral for impaired loans and receivables is normally through sale of these assets after foreclosure proceedings have taken place.

The general creditworthiness of a corporate and individual customer tends to be the most relevant indicator of credit quality of a loan extended to it (see Note 4.3.2). However, collateral provides additional security and the BDO Unibank Group generally requests that corporate and individual borrowers provide it. The BDO Unibank Group may take collateral in the form of a first charge over real estate, floating charges over all corporate and individual assets and other liens and guarantees.

While the BDO Unibank Group is focused on corporate and individual customers' creditworthiness, it continuously and regularly updates the valuation of collateral held against all loans to corporate and individual customers. Most frequent updating, however, is required when the loan is put on a watch list and the loan is monitored more closely. The same applies to credit-impaired loans, as the BDO Unibank Group obtains appraisals or valuation of collateral to provide input into determining the management credit risk actions.

(a) Receivable from Customers - Corporate

The net carrying amount of credit-impaired (loans under Stages 2 and 3) receivables to corporate customers amounted to P9,948 and P10,210 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P8,440 and P9,302 as of December 31, 2019 and 2018, respectively, for the Parent Bank. The value of identifiable collateral (mainly commercial properties) held against those loans and advances amounted to P963,559 and P996,235 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P931,751 and P949,110 as of December 31, 2019 and 2018, respectively, for the Parent Bank. For each loan, the value of disclosed collateral is capped at the nominal amount of the loan that it is held against.

(b) Receivable from Customers - Consumer

The net carrying amount of credit-impaired receivables to individual customers amounted to P8,573 and P6,321 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P6,613 and P5,126 as of December 31, 2019 and 2018, respectively, for the Parent Bank. The value of identifiable collateral held against those loans and advances amounted to P538,073 and P462,229 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P519,539 and P442,427 as of December 31, 2019 and 2018, respectively, for the Parent Bank. For each loan, the value of disclosed collateral is capped at the nominal amount of the loan that it is held against.

(c) Other Receivables

The net carrying amount of credit-impaired other receivables amounted to P204 and P911 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P89 and P764 as of December 31, 2019 and 2018, respectively, for the Parent Bank. The value of identifiable collateral held against those loans and advances amounted to P46,559 and P74,192 as of December 31, 2019 and 2018, respectively, for the BDO Unibank Group and P46,599 and P73,944 as of December 31, 2019 and 2018, respectively, for the Parent Bank. For each loan, the value of disclosed collateral is capped at the nominal amount of the loan that it is held against.

(d) Debt Investment Securities

The maximum exposure to credit risk of the investment securities at amortized cost, FVOCI securities and FVTPL are their carrying amounts of P263,585, P134,123 and P8,604, respectively, as of December 31, 2019, and P244,500, P110,150 and P5,014, respectively, as of December 31, 2018 for the BDO Unibank Group. Meanwhile, maximum exposure to credit risk of the investment securities at amortized cost, FVOCI securities and FVTPL are their carrying amounts of P247,308, P89,431 and P2,620, respectively, as of December 31, 2019, and P222,909, P73,741 and P1,635, respectively, as of December 31, 2018 for the Parent Bank.

4.3.5 Amounts Arising from Expected Credit Losses

At each reporting date, BDO Unibank Group assesses whether financial assets carried at amortized cost and debt financial assets carried at FVOCI are credit-impaired (referred to as Stages 2 and 3 financial assets). A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The assessment of credit risk of a portfolio of assets entails further estimations as to the likelihood of defaults occurring, of the associated loss ratios and of default correlations between counterparties. The BDO Unibank Group measures credit risk using PD, LGD and EAD.

(a) Significant Increase in Credit Risk

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the BDO Unibank Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the BDO Unibank Group's historical experience and expert credit assessment and including forward-looking information (FLI).

The objective of the assessment is to identify whether a significant increase in credit risk has occurred for an exposure by comparing:

- the remaining lifetime PD as at the reporting date; with
- the remaining lifetime PD for this point in time that was estimated at the time of initial recognition of the exposure (adjusted where relevant for changes in prepayment expectations).

The BDO Unibank Group uses the following criteria in determining whether there has been a significant increase in credit risk: (i) quantitative test based on movement in PD; and (ii) qualitative indicators, such as substantial decline in sales, intermittent delays in payment or restructuring.

(i) Credit risk grading

The BDO Unibank Group allocates each exposure to a credit risk grade based on a variety of data that is determined to be predictive of the risk of default and applying experienced credit judgement. Credit risk grades are defined using qualitative and quantitative factors that are indicative of risk of default. These factors vary depending on the nature of the exposure and the type of borrower.

The credit grades are defined and calibrated such that the risk of default increases exponentially at each higher risk grade so, for example, the difference PD between an AAA and AA rating grade is lower than the difference in the PD between a B and B- rating grade.

(ii) Generating the term structure of PD

Credit risk grades are a primary input into the determination of the term structure of PD for exposures. The BDO Unibank Group collects performance and default information about its credit risk exposures analyzed by jurisdiction or region and by type of product and borrower as well as by credit risk grading. For some portfolios, information from external credit reference agencies is also used.

The BDO Unibank Group employs statistical models to analyze the data collected and generates the term structure of PD estimates.

(iii) Determining whether credit risk has significantly increased

The BDO Unibank Group assesses whether credit risk has increased significantly since initial recognition at each reporting date. Determining whether an increase in credit risk is significant depends on the characteristics of the financial instrument and the borrower. What is considered significant varies across financial assets of the BDO Unibank Group.

The credit risk may also be deemed to have increased significantly since initial recognition based on qualitative factors linked to the BDO Unibank Group's credit risk management processes that may not otherwise be fully reflected in its quantitative analysis on a timely basis. This will be the case for exposures that meet certain heightened risk criteria, such as substantial decline in sales and intermittent delays in payments.

If there is evidence that there is no longer a significant increase in credit risk relative to initial recognition, then the loss allowance on an instrument returns to being measured as 12-month ECL.

(b) Definition of Default

The BDO Unibank Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the BDO Unibank Group in full, without recourse by the BDO Unibank Group to actions such as realizing security (if any is held);
- the borrower is more than 90 days past due on any material credit obligation to the BDO Unibank Group; or,
- it is becoming probable that the borrower will restructure the asset as a result of bankruptcy due to the borrower's inability to pay its credit obligations.

In assessing whether a borrower is in default, the BDO Unibank Group considers indicators that are qualitative (e.g., breaches of covenant) and, quantitative (overdue or non-payment).

Inputs into the assessment of whether a financial instrument is in default as well as their significance may vary over time to reflect changes in circumstances.

(c) Forward-looking Information

The BDO Unibank Group incorporates FLI into both the assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and the measurement of ECL.

The BDO Unibank Group has identified and documented key drivers of credit risk and credit losses for each portfolio of financial instruments and, using an analysis of historical data, has estimated relationships between macro-economic variables and credit risk and credit losses.

The relevant macro-economic variables for selection generally include, but are not limited to, Gross Domestic Product (GDP) growth, unemployment rate, foreign exchange, stock market index, oil prices and interest rates.

Predicted relationships between the key macro-economic indicators and default and loss rates on various portfolios of financial assets have been developed based on analyzing historical data over the past 10 to 15 years.

The significance of the selected macro-economic variables as predictors of default may change over time as historical information is added. As such, the generated macro-economic models are updated at least on an annual basis.

Management has also considered other FLIs not incorporated within the above economic scenarios, such as any regulatory, legislative, or political changes, but are not deemed to have a significant impact on the calculation of ECL. Management reviews and monitors the appropriateness of FLIs at least annually.

(d) Modified Financial Assets

The contractual terms of a loan may be modified for a number of reasons, including changing market conditions, customer retention and other factors not related to a current or potential credit deterioration of the customer.

When the terms of a financial asset are modified and the modification does not result in derecognition, the determination of whether the asset's credit risk has increased significantly reflects comparison of:

- its remaining lifetime PD at the reporting date based on the modified terms; with
- the remaining lifetime PD estimated based on data on initial recognition and the original contractual terms.

When modification results in derecognition, a new loan is recognized and allocated to Stage 1 (assuming it is not credit-impaired at that time).

The BDO Unibank Group renegotiates loans to customers in financial difficulties (referred to as 'restructuring') to maximize collection opportunities and minimize the risk of default. Under the BDO Unibank Group's restructuring policy, loan restructuring is granted on a selective basis if the debtor is currently in default on its debt; or if there is a high risk of default, there is evidence that the debtor made all reasonable efforts to pay under the original contractual terms and the debtor is expected to be able to meet the revised terms.

The revised terms usually include extending the maturity, changing the timing of interest payments and amending the terms of loan covenants for such loans as consumer and corporate loans and credit card receivables. The BDO Unibank Group's Credit Committee regularly reviews reports on restructured activities.

For financial assets modified as part of the BDO Unibank Group's restructuring policy, the estimate of PD reflects whether the modification has improved or restored the BDO Unibank Group's ability to collect interest and principal and the BDO Unibank Group's previous experience of similar action. As part of this process, the BDO Unibank Group evaluates the borrower's payment performance against the modified contractual terms and considers various behavioral indicators.

Generally, restructuring is a qualitative indicator of a significant increase in credit risk and an expectation of forbearance may constitute evidence that an exposure is credit-impaired (see Note 4.3.2). A customer needs to demonstrate consistently good payment behavior over a period of time before the exposure is no longer considered to be credit-impaired/in default or the PD is considered to have decreased such that the loss allowance reverts to being measured at an amount equal to Stage 1.

(e) Measurement of ECL

The key inputs into the measurement of ECL are the term structure of PD, LGD and EAD.

ECL for exposures in Stage 1 is calculated by multiplying the 12-month PD by LGD and EAD. Lifetime ECL is calculated by multiplying the lifetime PD by LGD and EAD.

The methodology of estimating PDs is discussed above under the heading 'Generating the term structure of PD'.

LGD is the magnitude of the likely loss if there is a default. The BDO Unibank Group estimates LGD parameters based on the history of recovery rates of claims against defaulted counterparties. The LGD models consider the structure, collateral, seniority of the claim, counterparty industry and recovery costs of any collateral that is integral to the financial asset. For loans secured by retail property, loan-to-value (LTV) ratios are a key parameter in determining LGD. LGD estimates are recalibrated for different economic scenarios and, for real estate lending, to reflect possible changes in property prices. They are calculated on a discounted cash flow basis using the effective interest rate as the discounting factor.

EAD represents the expected exposure in the event of a default. The BDO Unibank Group derives the EAD from the current exposure to the counterparty and potential changes to the current amount allowed under the contract and arising from amortization. The EAD of a financial asset is its gross carrying amount at the time of default. For lending commitments, the EADs are potential future amounts that may be drawn under the contract, which are estimated based on historical observations and forward-looking forecasts. For financial guarantees, the EAD represents the amount of the guaranteed exposure when the financial guarantee becomes payable. For some financial assets, EAD is determined by modelling the range of possible exposure outcomes at various points in time using scenario and statistical techniques.

As described in the previous page, and subject to using a maximum of a 12-month PD for Stage 1 financial assets, the BDO Unibank Group measures ECL considering the risk of default over the maximum contractual period (including any borrower's extension options) over which it is exposed to credit risk, even if, for credit risk management purposes, the BDO Unibank Group considers a longer period. The maximum contractual period extends to the date at which the BDO Unibank Group has the right to require repayment of an advance or terminate a loan commitment or guarantee.

Where modelling of a parameter is carried out on a collective basis, the financial instruments are grouped on the basis of shared risk characteristics that include:

- instrument type;
- credit risk gradings;
- collateral type;
- LTV ratio for retail mortgages;
- date of initial recognition;
- remaining term to maturity;
- industry; and
- geographic location of the borrower.

The groupings are subject to regular review to ensure that exposures within a particular group remain appropriately homogeneous.

For portfolios in respect of which the BDO Unibank Group has limited historical data, external benchmark information (e.g., PD from external credit rating agencies, Basel LGD) issued to supplement the internally available data. The portfolios for which external benchmark information represents a significant input into measurement of ECL include exposures to foreign borrowers and low default borrower segments.

(f) Write-offs

The BDO Unibank Group writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery of the financial asset. Indicators that there is no reasonable expectation of recovery include; cessation of enforcement activity; and, where the BDO Unibank Group's recovery method is through foreclosure of collateral and the value of the collateral is less than the outstanding contractual amounts of the financial assets to be written-off. The BDO Unibank Group and Parent Bank have still, however, enforceable right to receive payment even if the financial assets have been written off except in certain cases [see Note 4.3.5(g)].

(g) *Loss allowance*

In 2019, the BDO Unibank Group and the Parent Bank performed recalibration of its existing ECL model to incorporate on the most-recent default and recovery experience of the BDO Unibank Group and the Parent Bank and developments in the macroeconomic environment. Independent macroeconomic variables used to forecast the probability of default could either be dictated by their statistical significance in the model or economic significance. Inputs are updated to ensure that models are robust, predictive and reliable.

The following tables show the reconciliation from the opening to the closing balance of the loss allowance by class of financial instrument.

4.4 Operational Risk

Operational risk is the risk of loss due to BDO Unibank Group's:

- failure to comply with defined operational procedures;
- inability to address fraud committed internally or externally;
- inability to handle system failures; and,
- inability to cope with the impact of external events.

BDO Unibank Group manages its operational risks by instituting policies to minimize its expected losses, allocating capital for the unexpected losses, and having insurance and/or a business continuity plan to prepare for catastrophic losses.

Framework

True to its commitment to sound management and corporate governance, BDO Unibank Group considers operational risk management as a critical element in the conduct of its business. Under BDO Unibank Group's Operational Risk Management (ORM) framework, the BOD has the ultimate responsibility for providing leadership in the management of operational risk in BDO Unibank Group.

The RMG provides the common risk language and management tools across BDO Unibank Group as well as monitors the implementation of the ORM framework and policies. The business process owners, as risk owners, are responsible for identifying, assessing and limiting the impact of risk in their businesses/operations.

The BDO Unibank Group continues to conduct periodic Risk and Control Self-Assessment (RCSA) so that business process owners could document both their operational risks and control mechanisms they have put in place to manage those risks. This ORM tool allows the BDO Unibank Group to identify risks the business/operation faces, assess the severity of those risks, evaluate the adequacy of key controls associated to the identified risks, and take proactive action to address any deficiencies identified.

The BDO Unibank Group also continues to use Key Risk Indicators (KRI) as alerts for operational risk vulnerabilities. Reporting of top KRIs to the BOD through the RMC is done quarterly.

These ORM tools are continually being reviewed and enhanced to proactively manage operational risks. The Operational Risk Management Solution (ORMS) was implemented to automate the reporting of BDO Unibank Group's RCSAs and KRIs. The bank-wide information asset inventory is regularly reviewed to address operational risks arising from information security concerns. The inventory identified critical applications and sensitive data based on the BDO Unibank Group's classification standards, information risks, as well as, protection measures in place to mitigate these risks. Under the purview of information security is data privacy. The BDO Unibank Group's data privacy framework is in accordance with the Republic Act No. 10173, *Data Privacy Act of 2012*.

Information technology risks which include current and prospective negative impact to earnings arising from failure of IT systems and realization of cyber security threats are appropriately managed through policies and measures that are integrated into BDO Unibank Group's day-to-day operations.

Operational risks arising from health, safety and environmental issues are appropriately managed through policies and measures that are integrated into BDO Unibank Group's day-to-day operations. These include Environmental Consciousness, Occupational Health and Safety, and Community Health and Safety.

The BDO Unibank Group continues to review its preparedness for major disaster scenarios and implements required changes in its Business Continuity Plan.

5. SEGMENT REPORTING

5.1 Business Segments

BDO Unibank Group's main operating businesses are organized and managed separately according to the nature of services provided and the different markets served, with each segment representing a strategic business unit. These are also the basis of BDO Unibank Group in reporting to its chief operating decision-maker for its strategic decision-making activities.

Management currently identifies BDO Unibank Group's five service lines as primary operating segments. In addition, minor operating segments, for which quantitative thresholds have not been met, as described in PFRS 8 are combined as Others.

- (a) **Commercial banking** – handles the entire lending (corporate and consumer), trade financing and cash management services for corporate and retail customers;
- (b) **Investment banking** – provides services to corporate clients outside the traditional loan and deposit products. These services include loan syndications, underwriting and placing of debt and equity securities, financial advisory services, and securities brokerage;
- (c) **Private banking** – provides traditional and non-traditional investment and structured products to high net worth individuals and institutional accounts;
- (d) **Leasing and financing** – provides direct leases, sale and leaseback arrangements and real estate leases;
- (e) **Insurance** – engages in insurance brokerage and life insurance business by providing protection, education, savings, retirement and estate planning solutions to individual and corporate clients through life insurance products and services; and,
- (f) **Others** – includes asset management, realty management, remittance, accounting service, credit card service and computer service, none of which individually constitutes a separate reportable segment.

These segments are the basis on which BDO Unibank Group reports its segment information. Transactions between the segments are on normal commercial terms and conditions. Inter-segment transactions are eliminated in consolidation.

Funds are ordinarily allocated between segments, resulting in funding cost transfers disclosed in operating income. Interest charged for these funds is based on BDO Unibank Group's cost of capital. There are no other material items of income or expense between the segments.

Segment assets and liabilities comprise operating assets and liabilities including items such as taxation and borrowings.

Segment revenues and expenses that are directly attributable to primary operating segment and the relevant portions of BDO Unibank Group's revenues and expenses that can be allocated to that operating segment are accordingly reflected as revenues and expenses of that operating segment. Revenue sharing agreements are used to allocate external customer revenues to a segment on a reasonable basis.

Currently, BDO Unibank Group operates mainly within the Philippines with banking branches in Hong Kong and Singapore, a real estate and holding company in Europe and various remittance subsidiaries operating in Asia, Europe, Canada and United States. Geographical segment information is not presented as these foreign operations accounted for only 1.1%, 1.3% and 1.2% of BDO Unibank Group's total revenues in 2019, 2018 and 2017, respectively, and 1.8% and 1.4% of BDO Unibank Group's total resources as of December 31, 2019 and 2018, respectively (see Note 1.1).

6.2 Fair Value Hierarchy

In accordance with PFRS 13, *Fair Value Measurement*, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or financial liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

For investments which do not have quoted market price, the fair value is determined by using generally acceptable pricing models and valuation techniques or by reference to the current market value of another instrument which is substantially the same after taking into account the related credit risk of counterparties, or is calculated based on the expected cash flows of the underlying net asset base of the instrument.

When BDO Unibank Group uses valuation technique, it maximizes the use of observable market data where it is available and relies as little as possible on entity specific estimates. If all significant inputs required to determine the fair value of an instrument are observable, the instrument is included in Level 2. Otherwise, it is included in Level 3.

6.3 Financial Instruments Measured at Fair Value

The financial assets and financial liabilities as of December 31, 2019 and 2018 are grouped into the fair value hierarchy as presented in the tables in the succeeding pages. Unquoted equity securities consist of preferred and common shares of various unlisted local companies.

There have been no significant transfers among Levels 1 and 2 in the reporting periods.

Discussed below and in the succeeding page is the information about how fair values of the BDO Unibank Group and the Parent Bank's classes of financial assets are determined.

(a) Equity securities

- (i) Quoted equity securities classified as financial assets at FVTPL or financial assets at FVOCI have fair values that were determined based on their closing prices on the PSE. These instruments are included in Level 1.

Financial assets at FVTPL included in Level 2 pertain to investments in Unit Investment Trust Funds (UITFs). The fair value of these financial assets were derived using the net asset value per unit (computed by dividing the net asset value of the fund by the number of outstanding units at the end of the reporting period), as published by banks and the Investment Company Association of the Philippines.

Golf club shares classified as financial assets at FVOCI are included in Level 2 as their prices are not derived from market considered as active due to lack of trading activities among market participants at the end or close to the end of the reporting period.

- (ii) Unquoted equity securities consist of preferred shares and common shares of various unlisted local companies. For unquoted preferred shares, the fair value is determined based on their discounted amount of estimated future cash flows expected to be received or paid, or based on their cost which management estimates to approximate their fair values. Further, unlisted common share which are classified as financial assets at FVOCI securities, the fair value is determined by using generally acceptable pricing models and valuation techniques or by reference to the current market value of another instrument which is substantially the same after taking into account the related risk of counterparties, or is calculated based on the expected cash flows of the underlying net asset base of the instrument. These instruments are included in Level 3.

(b) Debt securities

The fair value of the debt securities of BDO Unibank Group and the Parent Bank, which are categorized within Level 1 and Level 2, is discussed below.

- (i) Fair values of peso-denominated government debt securities issued by the Philippine government, are determined based on the reference price per Bloomberg which used BVAL. These BVAL reference rates are computed based on the weighted price derived using an approach based on a combined sequence of proprietary BVAL algorithms of direct observations or observed comparables.
- (ii) For corporate and other quoted debt securities, fair value is determined to be the current mid-price, which is computed as the average of ask and bid prices as appearing on Bloomberg.

(c) Derivatives

The fair values of Republic of the Philippines (ROP) warrants which are categorized within Level 1, is determined to be the current mid-price based on the last trading transaction as defined by third-party market makers. The fair value of other derivative financial instruments, which are categorized within Level 2, is determined through valuation techniques using the net present value computation [see Note 3.2(c)].

6.4 Financial Instruments Measured at Amortized Cost for which Fair Value is Disclosed

For financial assets and financial liabilities, management considers that the carrying amounts of those short-term financial instruments approximate their fair values. The following are the methods used to determine the fair value of financial assets and financial liabilities presented in the statements of financial position at their amortized cost:

(a) *Due from BSP and Other Banks*

Due from BSP pertains to deposits made by BDO Unibank Group to the BSP for clearing and reserve requirements. Due from other banks includes items in the course of collection. The fair value of floating rate placements and overnight deposits is their carrying amount. The estimated fair value of fixed interest-bearing deposits is based on discounted cash flows using prevailing money market interest rates for debts with similar credit risk and remaining maturity, which for short-term deposits approximate the nominal value.

(b) *Investment Securities at Amortized Cost*

The fair value of investment securities at amortized cost are determined by direct reference to published price quoted in an active market for traded debt securities.

The BDO Unibank Group will hold into the investments until management decides to sell them when there will be offers to buy out such investments on the appearance of an available market where the investments can be sold.

(c) *Loans and Other Receivables*

Loans and other receivables are net of provisions for impairment. The estimated fair value of loans and receivables represents the discounted amount of estimated future cash flows expected to be received. Expected cash flows are discounted at current market rates to determine fair value.

(d) *Deposits and Borrowings*

The estimated fair value of demand deposits with no stated maturity, which includes non-interest-bearing deposits, is the amount repayable on demand. The estimated fair value of long-term fixed interest-bearing deposits is based on discounted cash flows using interest rates for new debts with similar remaining maturity. The fair value of Bills Payable under Level 2 is computed based on the average of ask and bid prices as appearing on Bloomberg. For Bills Payable categorized within Level 3, the BDO Unibank Group and the Parent Bank classify financial instruments that have no quoted prices or observable market data where reference of fair value can be derived; hence, fair value is determined based on their discounted amount of estimated future cash flows expected to be received or paid, or based on their cost which management estimates to approximate their fair values.

(e) *Other Resources and Liabilities*

Due to their short duration, the carrying amounts of other resources and liabilities in the statements of financial position are considered to be reasonable approximation of their fair values.

6.5 Fair Value Measurement for Non-financial Assets

The fair value of the investment properties of the BDO Unibank Group and the Parent Bank as of December 31, 2019 and 2018 (see Note 13) was determined on the basis of a valuation carried out on the respective dates by either an independent or internal appraiser having appropriate qualifications and recent experience in the valuation of properties in the relevant locations. To some extent, the valuation process was conducted by the appraisers in discussion with the management of the BDO Unibank Group and the Parent Bank with respect to determination of the inputs such as size, age, and condition of the land and buildings and the comparable prices in the corresponding property location. In estimating the fair value of the properties, management takes into account the market participant's ability to generate economic benefits by using the assets in its highest and best use. Based on management's assessment, the best use of the investment properties of the BDO Unibank Group and the Parent Bank indicated above is their current use. The fair value discussed above as determined by the appraisers were used by the BDO Unibank Group and the Parent Bank in determining the fair value of the Investment Properties and the Non-Current Assets Held for Sale.

The fair value of these investment properties and assets held for sale were determined based on the following approaches:

(a) *Fair Value Measurement for Land*

The Level 3 fair value of land was derived using the observable recent prices of the reference properties, which were adjusted for differences in key attributes such as property size, zoning and accessibility.

(b) *Fair Value Measurement for Buildings and Improvements*

The Level 3 fair value of the buildings and improvements was determined using the replacement cost approach that reflects the cost to a market participant to construct an asset of comparable usage, constructions standards, design and lay-out, adjusted for obsolescence. The more significant inputs used in the valuation include direct and indirect costs of construction such as but not limited to, labor and contractor's profit, materials and equipment, surveying and permit costs, electricity and utility costs, architectural and engineering fees, insurance and legal fees. These inputs were derived from various suppliers and contractor's quotes, price catalogues, and construction price indices. Under this approach, higher estimated costs used in the valuation will result in higher fair value of the properties.

(c) *Fair Value Measurement for Assets Held for Sale*

The fair value of assets held for sale are determined based on the recent experience in the valuation of similar properties. The fair value, determined under Level 3 measurement, was derived using the market data approach that reflects that recent transaction prices for similar properties, adjusted for differences in property age and condition.

There has been no change to the valuation techniques used by BDO Unibank Group during the year for its non-financial assets. Further, there were no transfers into or out of Level 3 fair value hierarchy in 2019 and 2018.

Under BSP rules, investments in premises, furniture, fixtures and equipment should not exceed 50% of a bank's unimpaired capital. As of December 31, 2019 and 2018, the BDO Unibank Group and the Parent Bank have complied with this requirement.

Certain fully depreciated premises, furniture, fixtures and equipment as of December 31, 2019 and 2018 are still being used in operations with acquisition costs amounting to P8,114 and P7,619, respectively, in the BDO Unibank Group's financial statements and P6,971 and P6,885, respectively, in the Parent Bank's financial statements.

12. LEASES

The BDO Unibank Group and the Parent Bank have leases for certain land and building. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected as a Right-of-use asset under Premises, Furniture, Fixtures and Equipment (see Note 11) and a Lease liability under Other Liabilities (see Note 20) on the 2019 statement of financial position.

Each lease generally imposes a restriction that, unless there is a contractual right for the BDO Unibank Group and the Parent Bank to sublet the asset to another party, the right-of-use asset can only be used by the BDO Unibank Group. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. The BDO Unibank Group and the Parent Bank are prohibited from selling or pledging the underlying leased assets as security. For leases over land and office spaces, the BDO Unibank Group and the Parent Bank must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease. Further, the BDO Unibank Group and the Parent Bank must insure the leased assets and incur maintenance fees on such items in accordance with the lease contracts.

The tables below describe the nature of BDO Unibank Group and the Parent Bank's leasing activities by type of right-of-use asset recognized as part of Premises, Furniture, Fixtures and Equipment in the statements of financial position.

BDO Unibank Group

	<u>Number of Right-of-use Asset Leased</u>	<u>Range of Remaining Term</u>	<u>Average Remaining Lease Term</u>

12.2 Lease Liabilities

Lease liabilities are presented in the statements of financial position as part of Other Liabilities amounting to P12,043 and P11,961 for the BDO Unibank Group and the Parent Bank, respectively, as at December 31, 2019 (see Note 20).

The use of extension and termination options gives the BDO Unibank Group and the Parent Bank added flexibility in the event it has identified more suitable premises in terms of cost and/or location or determined that it is advantageous to remain in a location beyond the original lease term. An option is only exercised when consistent with the BDO Unibank Group and the Parent Bank's regional markets strategy and the economic benefits of exercising the option exceeds the expected overall cost. As at December 31, 2019, the terms of the lease contracts of the BDO Unibank Group and the Parent Bank are renewable upon mutual agreement of the parties.

As of December 31, 2019, the BDO Unibank Group and the Parent Bank had not committed to any lease which had not yet commenced.

The lease liabilities are secured by the related underlying assets. The undiscounted maturity analysis of lease liabilities at December 31, 2019 for the BDO Unibank Group and the Parent Bank are as follows:

BDO Unibank Group

The total cash outflow in respect of leases amounted to P3,122 and P3,076 in 2019 for the BDO Unibank Group and the Parent Bank, respectively. Interest expense in relation to lease liabilities amounted to P827 and P822 for the BDO Unibank Group and the Parent Bank, respectively, which are presented as part of Interest expense on lease liabilities under Interest Expense account in the 2019 statement of income (see Notes 20 and 23).

12.3 Lease Payments Not Recognized as Liabilities

The BDO Unibank Group and the Parent Bank have elected not to recognize a lease liability for short-term leases or for leases of low value assets. In addition, certain variable lease payments are not permitted to be recognized as lease liabilities. Payments made under such leases are expensed as incurred.

The expenses relating to short-term leases and low-value assets amounted to P1 and P404 for BDO Unibank Group, respectively, and nil and P399 for Parent Bank, respectively. Moreover, expenses recognized by the BDO Unibank Group and the Parent Bank relating to variable lease payments amounted to P267 and P260, respectively. These are presented as part of Occupancy under Other Operating Expenses account in the 2019 statement of income (see Note 24). As of December 31, 2019, the BDO Unibank Group and the Parent Bank do not have lease commitments in relation to short term leases.

13. INVESTMENT PROPERTIES

Investment properties include land and buildings held for capital appreciation and for rental. Income earned from investment properties under rental arrangements amounted to P435 and P88 in 2019, P381 and P87 in 2018, and P290 and P71 in 2017 in BDO Unibank Group and Parent Bank's financial statements, respectively, and are presented as part of Rental under Other Operating Income account (see Note 24). Direct expenses incurred from these properties such as taxes and licenses amounted to P32 and P3 in 2019, P5 and P2 in 2018, and P19 and P2 in 2017 in BDO Unibank Group and Parent Bank's financial statements, respectively, and are presented as part of Taxes and licenses under Other Operating Expenses account in the BDO Unibank Group and Parent Bank's financial statements, respectively (see Note 24).

The fair value of investment properties as of December 31, 2019 and 2018, determined using observable recent prices of the reference properties adjusted for difference and replacement cost approach, amounted to P33,473 and P38,681, respectively, for the BDO Unibank Group's financial statements and P27,733 and P29,962, respectively, for the Parent Bank's financial statements. Other information about the fair value measurement and disclosures related to the investment properties are presented in Note 6.5.

The recoverable amount of impaired investment properties as of December 31, 2019 and 2018 was based on value in use computed through discounted cash flows method at an effective rate of 1.92% and 2.63% in 2019 and 2018, respectively.

BDO Unibank Group has no contractual obligations to purchase, construct or develop investment properties, or to repair, neither maintain or enhance the same nor are there any restrictions on the future use or realizability of the investment properties.

Real and other properties acquired (ROPA) in settlement of loans through foreclosure or dacion in payment are significantly accounted for as either: investment properties, financial assets at FVOCI, other resources or non-current assets held for sale. As of December 31, 2019 and 2018, ROPA, gross of allowance, comprise of the following:

14.1 *Deferred Charges*

Deferred charges represent the unamortized portion of loan origination fees, which consist of commission and other fees, related to auto loans presented as part of Receivables from customers - Loans and discounts account under Loans and Other Receivables in the statements of financial position (see Note 10). This amount is initially deducted from the loan proceeds issued to the borrowers and then subsequently amortized over the term of the loan. In addition, this account also includes origination costs related to Long-term Negotiable Certificate of Deposits (LTNCD) presented as part of Time deposit liabilities under Deposit Liabilities account in the statements of financial position (see Note 16).

* This consists of various insignificant investments in associates; thus, percentage held is no longer disclosed.

BDO Unibank Group's percentage of interest held in each subsidiary and associate is the same as that of the Parent Bank in both 2019 and 2018, except for BDO Life and BDO Leasing which is at 100% and 88.54% for BDO Unibank Group, respectively (see Note 2.3) and 97% and 87.43% in the Parent Bank, respectively, as shown above, in both years.

The fair value of BDO Leasing amounts to P3,581 and P4,193 as of December 31, 2019 and 2018, respectively, which had been determined directly by reference to published prices quoted in an active market. The fair value of the remaining equity investments is not reliably determinable either by reference to similar financial instruments or through valuation technique using the net present value of the future cash flows.

BDO Unibank Group's subsidiaries as of December 31, 2019 are all incorporated in the Philippines, except for the following:

On May 30, 2012, BDORO was registered with the Registrar of Companies for England and Wales (UK) as a private limited company with registered office at the 8th floor, 20 Farringdon, Street, London. BDORO will provide commercial banking services in UK and Europe, and subject to certain conditions, was approved by the BSP on October 13, 2011. In 2012, BDORO applied for a banking license in the UK. However, due to the ongoing political and economic developments in the UK and Europe on account of the ongoing Brexit negotiation, the Parent Bank has decided to put BDORO's application for a banking license on hold. The Parent Bank will re-evaluate the business model for BDORO when the terms of the Brexit become clearer and evaluate how any agreement ultimately impacts the BDO Unibank Group's ability to provide cross border services to Europe. In 2012, the Parent Bank has an outstanding investment in BDORO amounting to P133 (absolute amount) representing the minimal capitalization of 2 GBP as an initial contribution to incorporate BDORO. Starting in 2013, the Parent Bank's outstanding investment in BDORO increased to P169.

On March 23, 2013, the Parent Bank's BOD approved the establishment of a wholly-owned remittance subsidiary, BDO Remit (Canada) Ltd., in Vancouver, Canada. BDO Remit (Canada) Ltd. will operate as a remittance business and function as a marketing office of the Parent Bank. This was approved by the BSP on November 28, 2013 and was incorporated on June 23, 2014. In 2015, the Parent Bank paid CND500,000 for the subscribed shares. On October 29, 2016, the Parent Bank's BOD approved an increase in the capitalization of BDO Remit (Canada) Ltd. by an amount of CND600,000, which was later approved by the BSP on December 23, 2016. On February 22, 2017, the Parent Bank paid CND600,000 for the subscribed shares.

In May 2013, BDO Capital obtained control over CBN Grupo International Holdings B.V. (CBN Grupo) (now BDO RIH) through its 60% ownership. Goodwill amounted to P91 and non-controlling share in equity totaled P39 at the date the BDO Unibank Group's control was established. In October 2016, BDO Capital acquired additional shares which increased its ownership interest to 96.32%. Additional goodwill acquired amounted to P32 (see Note 29.1). On August 30, 2013, BDO Capital acquired 100% of the total issued and outstanding capital stock of Averon, a company engaged primarily in the leasing business.

On January 18, 2018, the Parent Bank subscribed to an additional 32,386,356 of new BDO Network shares thereby increasing its shareholdings in BDO Network to 99.81%. On May 15, 2019, January 23, 2018 and December 27, 2018, the Parent Bank subscribed to an additional 18,758, 124,275 and 14,276 shares, respectively, from BDO Network's total issued and outstanding capital stock thereby increasing its shareholdings in BDO Network to 99.86%. On October 1, 2018, the Parent Bank, together with BDO Network, has entered into an agreement with Osmanthus Investment Holdings Pte. Ltd. (Singapore), whereby the latter will acquire a 15% ownership interest in BDO Network via the purchase of 17,341,475 shares held by the Parent Bank and the subscription of 34,682,949 unissued common shares of BDO Network at a price of P31.77 per share. The transaction was completed on May 16, 2019. This results to decrease in shareholdings in BDO Network to 84.87%.

On July 4, 2019, BDO Leasing sold to JACCS Co. Ltd. (JACCS), a corporation duly organized and existing under the laws of Japan, its 3,000,000 common shares representing 40% ownership interest in MAFSC for P166 (see Note 29.5). The principal place of business of MAFSC is 38th Floor, Robinsons Equitable Tower, ADB Avenue cor. Poveda St., Ortigas Center, Pasig City.

On September 4, 2019, Express Padala (Hongkong), Ltd. had been dissolved and remaining cash had been repatriated to the Parent Bank.

BDO Unibank Group includes two subsidiaries, BDO Leasing and BDO Network, with significant NCI:

Name	Proportion of Ownership Interest and Voting Rights Held by NCI		Profit Allocated to NCI		Accumulated NCI

14.3 Goodwill

Goodwill represents the excess of the cost of acquisition of the Parent Bank over the fair value of the net assets acquired at the date of acquisition and relates mainly to business synergy for economics of scale and scope. This is from the acquisition of BDO Card Corporation, United Overseas Bank Philippines (UOBP), American Express Bank, Ltd., GE Money Bank, Rural Bank of San Juan, Inc., Rural Bank of San Enrique, Inc., BDO RIH, BDO Savings, BDO Network and Rural Bank of Pandi, Inc., which were acquired in 2005, 2006, 2007, 2009, 2012, 2013, 2014, 2015, 2016 and 2019, respectively (see Note 29).

The reconciliation of the carrying amount of goodwill (net of allowance for impairment) of BDO Unibank Group is as follows:

	<u>2019</u>	<u>2018</u>
Balance at beginning of year	P 3,044	P 3,044
Acquisition	100	-
Impairment	(69)	-
Balance at end of year	<u>P 3,075</u>	<u>P 3,044</u>

In 2019 and 2018, there were no movement for the goodwill account of the Parent Bank, which was already provided with full allowance.

Significant portion of goodwill of the BDO Unibank Group pertains to the goodwill from acquisition of BDO Network amounting to P2,907.

The BDO Unibank Group recognized goodwill in 2019 amounting to P100 arising from asset sale and purchase agreement with Rural Bank of Pandi, Inc. (RBPI) through BDO Network (see Note 29.7).

The BDO Unibank Group recognized impairment loss on goodwill of P69 in 2019. The Parent Bank also recognized impairment loss of nil in 2019 and 2018 and P2 in 2017, to write-down the value of the goodwill to their recoverable amount (see Note 15). The BDO Unibank Group and the Parent Bank provided impairment losses on some of its goodwill as it does not expect any economic benefit on this asset in the succeeding periods since the branch business grew as a result of the efforts and brand of the Parent Bank and is not a result of the customers of the previous banks acquired. The recoverable amount to determine any impairment on the goodwill was determined using discounted cash flow method approach based on five-year cash flow projection to be realized by the acquired entity and the estimated terminal value. The growth rate used to extrapolate the five-year cash flow projection ranges from 16% to 35% at a discount rate of 7.02%. The BDO Unibank Group also considered key assumptions in determining the cash flow projections which includes volume and growth target projection on salary loans and micro, small and medium enterprises (MSME) loans offered by BDO Network.

14.4 Branch Licenses

Branch licenses represent the rights granted by the BSP to the Parent Bank to establish certain number of branches as an incentive in acquiring The Real Bank (A Thrift Bank), Inc. [TRB] and BDO Savings in addition to the current branches of the acquired banks. In 2019 and 2018, allowance on impairment loss was recognized on branch licenses at the BDO Unibank Group's financial statements amounting to nil and P80, respectively, for unutilized branch licenses upon the expiry of the term given by the BSP to the Parent Bank in establishing certain number of branches.

14.5 Non-current Assets Held for Sale

Non-current assets held for sale consist of real and other properties acquired through repossession or foreclosure that BDO Unibank Group and the Parent Bank intend to sell within one year from the date of classification as held for sale. No impairment loss was recognized in 2017 to 2019 in both BDO Unibank Group and Parent Bank's financial statements.

14.6 Trademark

Amortization expense on trademark arising from acquisition of Diners Club International credit card portfolio (see Note 29.2) amounted to P33 per year from 2017 to 2019. This is recorded under Miscellaneous under Other Operating Expenses account in the statements of income (see Note 24).

14.7 Others

Amortization expense on computer software licenses amounted to P546, P516 and P528 in 2019, 2018, and 2017, respectively, in the BDO Unibank Group's financial statements and P502, P480 and P477 in 2019, 2018, and 2017, respectively, in the Parent Bank's financial statements. These are reported as Amortization of computer software under Other Operating Expenses account in the statements of income (see Note 24).

Depreciation expense on certain assets amounting to P21, P4 and P2 in 2019, 2018 and 2017, respectively, in both BDO Unibank Group and Parent Bank's financial statements are presented as part of Occupancy under Other Operating Expenses account in the statements of income (see Note 24).

No impairment loss was recognized by the Parent Bank from 2017 to 2019 on the value of customer lists. The customer list was recognized as a result of the Parent Bank's acquisition of a trust business in 2014 (see Note 29.8).

The BDO Unibank Group and the Parent Bank provide impairment loss on debt securities measured as FVOCI amounting to P13 and P5, respectively, in 2019 and P18 and P5, respectively, in 2018. The impairment losses on debt securities classified as FVOCI are recognized as part of items that are or will be reclassified subsequently to profit or loss in the statements of comprehensive income (see Note 9.2). Moreover, the BDO Unibank Group and the Parent Bank provide impairment loss (recovery) on loan commitments and other contingent accounts amounting to (P67) and P25 in 2019 and 2018, respectively, which is recognized as Provision – Others under Other Liabilities in the statements of financial position (see Note 20).

The BDO Unibank Group and the Parent Bank also provide impairment loss related to provision for damage suits amounting to P12 in 2019 (nil in 2018) which is recognized as part of Others under Other Liabilities in the 2019 statement of financial position (see Note 20).

Total impairment losses on certain financial assets amounted to P6,008, P6,141, and P6,531 in 2019, 2018, and 2017, respectively, in the BDO Unibank Group's financial statements and P5,749, P5,569 and P5,807 in 2019, 2018, and 2017, respectively, in the Parent Bank's financial statements.

Total impairment losses on non-financial assets amounted to P200, P102, and P6 in 2019, 2018, and 2017, respectively, in the BDO Unibank Group's financial statements and nil, P101, and P2 in 2019, 2018, and 2017, respectively, in the Parent Bank's financial statements.

17.1 Senior Notes

The Parent Bank issued senior notes as follows:

<u>Issue Date</u>	<u>Maturity Date</u>	<u>Coupon Interest</u>	<u>Principal Amount</u>	<u>Outstanding Balance</u>	
				<u>2019</u>	<u>2018</u>
February 20, 2018	February 20, 2025	4.16%	150	7,660	7,945

				<u>P 57,298</u>	<u>P 59,437</u>

The issuance of senior notes in 2019, 2018 and 2017 is part of the Parent Bank's liability management initiatives to tap longer-term funding sources to support its dollar-denominated projects and effectively refinance outstanding bonds.

17.2 Issuance of Fixed Rate Peso Bonds

On February 11, 2019, the Parent Bank issued P35,000 fixed rate peso bonds. The bonds have a tenor of 1.5 years and bear a coupon rate of 6.42%. Interest will be paid quarterly, calculated on a 30/360 count basis. This represents the initial issuance from P100 billion peso bond program approved by the BOD in August 31, 2018. The issue aims to further diversify the Parent Bank's funding sources and support business expansion.

18. SUBORDINATED NOTES PAYABLE

The Subordinated Notes (the Notes) represent direct, unconditional unsecured and subordinated peso-denominated obligations of the Parent Bank, issued in accordance with the Terms and Conditions under the Master Note. The Notes, like other subordinated indebtedness of the Parent Bank, are subordinated to the claims of depositors and ordinary creditors, are not a deposit, and are not guaranteed nor insured by the Parent Bank or any party related to the Parent Bank, such as its subsidiaries and affiliates, or the Philippine Deposit Insurance Corporation (PDIC), or any other person. The Notes shall not be used as collateral for any loan made by the Parent Bank or any of its subsidiaries or affiliates. The Notes carry interest rates based on prevailing market rates, with a step-up provision if not called on the fifth year from issue date. The Parent Bank has the option to call the Notes on the fifth year, subject to prior notice to Noteholders. The Notes were used further to expand the Parent Bank's consumer loan portfolio and to refinance an existing issue of Lower Tier 2 debt. The Notes also increased and strengthened the Parent Bank's capital base, in anticipation of continued growth in the coming years.

The issuance of Series 2014-1 Notes was approved by the BOD on March 29, 2014 and was issued on December 10, 2014. The Notes has a principal amount of P10,000 and will mature on March 10, 2025. As of December 31, 2019 and 2018, the outstanding balance of the Notes including accrued interest amounted to P10,030.

Total interest expense on subordinated notes payable included as part of Interest expense on bills payable and other liabilities under the Interest Expense account in the statements of income amounted to P519 in 2019, 2018 and 2017 both in BDO Unibank Group and Parent Bank's statements of income (see Note 23).

In its letter dated December 2, 2019, the BSP approved the Parent Bank's request to exercise its right of early redemption of the Notes on March 10, 2020. The noteholders have been informed of the early redemption by registered mail and through advertisements which appeared in newspapers of general circulation on January 8 and 15, 2020. The Notes will be redeemed on March 10, 2020 and noteholders will be paid the redemption price equal to the par value of the Notes plus all accrued and unpaid interest up to but excluding March 10, 2020 after which the Notes will be considered redeemed and cancelled.

19. INSURANCE CONTRACT LIABILITIES

This account consists of:

	<u>2019</u>	<u>2018</u>

The accumulated impairment losses as of December 31, 2019 and 2018 amounting to P114 and P206, respectively, for both the BDO Unibank Group and the Parent Bank are recorded as part of Others under Other Liabilities account in the statements of financial position (see Note 15).

21. EQUITY

21.1 Capital Management and Regulatory Capital

On January 15, 2009, the BSP issued Circular No. 639 articulating the need for banks to adopt and document an Internal Capital Adequacy Assessment Process (ICAAP). All universal and commercial banks are expected to perform a thorough assessment of all their material risks and maintain adequate capital to support these risks. This is intended to complement the current regulatory capital requirement of at least 10% of risk assets, which covered only credit, market and operational risks. On December 29, 2009, the BSP issued Circular No. 677 effectively extending the implementation of ICAAP from January 2010 to January 2011.

In October 2009, BDO Unibank Group presented its ICAAP and submitted the initial draft of its ICAAP document to the BSP. Based on comments from the BSP, BDO Unibank Group subsequently revised its ICAAP document and secured approval from its BOD on January 8, 2011. Annually as required, BDO Unibank Group submits its updated ICAAP to the BSP.

The ICAAP document articulates BDO Unibank Group's capital planning strategy and discusses governance, risk assessment, capital assessment and planning, capital adequacy monitoring and reporting, as well as internal control reviews.

The lead regulator of the banking industry, the BSP, sets and monitors capital requirements for BDO Unibank Group. In implementing current capital requirements, the BSP requires BDO Unibank Group to maintain a prescribed ratio of qualifying capital to risk-weighted assets.

The BSP has adopted the Basel 3 risk-based capital adequacy framework effective January 1, 2014, which was amended on January 1, 2019, which requires BDO Unibank Group to maintain:

- (a) Common Equity Tier 1 (CET 1) of at least 6.0% of risk-weighted assets;
- (b) Tier 1 Capital of at least 7.5% of risk-weighted assets;
- (c) Qualifying Capital (Tier 1 plus Tier 2 Capital) of at least 10.0% of risk-weighted assets;
- (d) Capital Conservation Buffer of 2.5% of risk-weighted assets, comprised of CET1 Capital; and,
- (e) Countercyclical Capital Buffer (CCyB) of 0% subject to upward adjustment to a rate determined by the Monetary Board when systemic conditions warrant but not to exceed 2.5%.

The regulatory capital is analyzed as CET 1 Capital, Additional Tier 1 Capital and Tier 2 Capital, each adjusted for prescribed regulatory deductions.

Risk assets consist of total assets after exclusion of cash on hand, due from BSP, loans covered by hold-out on or assignment of deposits, loans or acceptances under letters of credit to the extent covered by margin deposits, and other non-risk items as determined by the Monetary Board of the BSP.

BDO Unibank Group's policy is to maintain a strong capital base to promote investor, creditor and market confidence and to sustain future development of the business. The impact of the level of capital on shareholder's return is also recognized and BDO Unibank Group recognizes the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a sound capital position.

At the end of each reporting period, the BDO Unibank Group and the Parent Bank have complied with the prescribed ratio of qualifying capital to risk-weighted assets.

Under BSP Circular 781, universal banks with more than 100 branches are required to comply with the minimum capital requirement of P20 billion. As of December 31, 2019 and 2018, the Parent Bank has complied with the above capitalization requirement.

The BSP issued Circular 856 on the guidelines on the framework for dealing with domestic systemically important banks (DSIB) that is consistent with the Basel principles, as amended by BSP Circular No. 1051 dated September 27, 2019. Banks, which are identified as DSIB, shall be required to have a higher loss absorbency (HLA) depending on their computed systemic importance. The HLA requirement is aimed at ensuring that DSIBs have a higher share of their statements of financial position funded by instruments, which increase their resilience as a going concern. The HLA requirement is to be met with CET 1 capital.

Under BSP Circular No. 1051, banks identified by the BSP as DSIB are required to put up lower HLA to be met CET 1 capital ranging from 1.50% to 2.50%, effective October 12, 2019.

BSP Circular 1024 requires banks to put up a CCyB, which is set initially at 0%, composed of CET 1. CCyB may be subject to upward adjustment to a rate determined by the Monetary Board when systemic conditions warrant but not to exceed 2.5%. This took effect last December 21, 2018.

21.2.1 Preferred Shares

The following are the features of the BDO Unibank Group and the Parent Bank's preferred shares:

- (a) Perpetual, voting, non-cumulative, convertible, non-participating, peso-denominated Series A shares;
- (b) Convertible to common shares at the option of the holder after five years from the issue date or at the option of BDO Unibank Group at any time after issue date; and,
- (c) Dividend rate is 6.50% per annum of the par value.

On January 7, 2017, the Parent Bank's BOD authorized the conversion of 1,000,000,000 unissued shares of the Parent Bank, consisting of 500,000,000 unissued Series A Preferred Shares and 500,000,000 unissued ordinary Preferred Shares, each with a par value of P10 per share, into 1,000,000,000 common shares with par value of P10 per share. This will provide BDO with the flexibility to issue common shares should the need arise in the future. The BSP approved the transaction on December 22, 2017 and endorsed it to the SEC. The SEC approved the conversion of the unissued preferred shares into common shares, and the corresponding amendment of the Parent Bank's articles of incorporation to reflect said conversion on March 9, 2018.

21.2.2 Common Shares

The Parent Bank's application for listing of its common shares was approved by the PSE on April 24, 2002. The application is for the initial listing of up to 952,708,650 common shares, with par value of P10 per share, at an offer price range of P17.80 to P23.80 per share. The proceeds from the sale of BDO Unibank's listed shares amounted to about P2,200.

On September 24, 2016, the Parent Bank's BOD authorized the Parent Bank to raise P60,000 in additional core capital through a stock rights offer. The BSP and the PSE approved the transaction on November 23, 2016 and December 14, 2016, respectively. On January 3, 2017, the Parent Bank fixed the final terms for the stock rights offer which entitled eligible shareholders to subscribe to one common share for every 5.095 common shares held as of January 5, 2017 record date at an offer price of P83.75 per rights share. The offer period ran from January 16, 2017 to January 24, 2017.

Following the close of the offer period, the Parent Bank successfully completed its stock rights offer and 716,402,886 common shares were issued and subsequently listed on the PSE on January 31, 2017. The issuance resulted in recognition of Additional Paid-in Capital amounting to P52,662, net of related transaction costs totaling to P172. The fresh capital will support the Parent Bank's medium-term growth objectives amid the country's favorable macroeconomic prospects and provide a comfortable buffer over higher capital requirements with the forthcoming imposition of DSIB surcharge.

The history of shares issuances from the initial public offering (IPO) and subsequently, private placements exempt from registration pursuant to Section 10.1 of the Securities Regulation Code and other issuances, is as follows:

As of December 31, 2019 and 2018, there are 12,470 and 12,583, respectively, holders of the listed shares equivalent to 100% of the Parent Bank's total outstanding shares. Such listed shares closed at P158.00 and P130.80 per share as of December 27, 2019 and December 28, 2018, respectively, (the last trading day in 2019 and 2018).

21.3 BDO American Depositary Receipt Program

On April 18, 2013, the Parent Bank launched its Sponsored Level 1 American Depositary Receipt (ADR) Program by which negotiable securities representing underlying BDO common shares can be traded in the U.S. over-the-counter (OTC) market. This provides flexibility for U.S. investors to trade BDO common shares in their time zone and settle their transactions locally. It is meant to tap the pool of U.S. ADR investors, enhance visibility and global presence and diversify and broaden the Parent Bank's shareholder base. ADRs are quoted and traded in U.S. dollars, and cash dividends received on the underlying shares are paid to investors also in U.S. dollars. The ADR ratio for BDO's sponsored Level 1 ADR Program is 1:10, with each ADR representing ten underlying BDO common shares.

The sponsored Level 1 ADR Program does not necessitate the issuance of new shares as ADRs are traded on the U.S. OTC/secondary market using existing shares, in contrast to the sponsored Level II ADR or sponsored Level III ADR where shares are fully listed on a recognized U.S. exchange (e.g., NYSE, NASDAQ). As such, a Level 1 ADR is not a capital raising transaction, to differentiate it from Level III ADR, which allows the issuer to raise capital through a public offering of ADRs in the U.S.

The sponsored Level 1 ADR is exempt, under U.S. SEC Rule 12g3-2(b), from SEC registration, disclosure requirements and reporting obligations, including Sarbanes-Oxley and U.S. generally accepted accounting principles.

Given its sponsored Level 1 ADR Program, the Parent Bank appointed Deutsche Bank (DB) as the exclusive depository of ADRs for a period of five years. As depository bank, DB is responsible for the issuance and cancellation, as well as the registration of the ADRs; custody of the underlying BDO common shares and maintenance of the register of holders; the distribution of dividends; and execution of corporate actions and services to the Issuer (i.e., BDO)/Investor/Broker.

As of December 31, 2019 and 2018, 669,676 and 581,041 ADRs valued at US\$21,483,206 and US\$14,711,958 (absolute amount), respectively, remained outstanding (computed using ADR closing price of US\$32.08/share and US\$25.32/share, respectively).

21.5.1 ESOP

For options that were vested in 2019 and 2018, BDO Unibank Group issued new common shares of 7,322,270 and 5,073,510, respectively, from its authorized capital stock (see Note 21).

Set out below are summaries of number of options vested under the plan:

	<u>BDO Unibank Group</u>		<u>Parent Bank</u>	
	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>
Balance at beginning of year	7,260,696	5,177,283	5,538,989	3,727,213
Vested during the year	14,504,751	9,455,129	13,145,911	8,189,694
Exercised during the year	(9,225,770)	(7,371,716)	(8,278,920)	(6,377,918)
Balance at end of year	<u>12,539,677</u>	<u>7,260,696</u>	<u>10,405,980</u>	<u>5,538,989</u>

In prior years, the Parent Bank settles the stock options being exercised by the employees through acquisition of the BDO Unibank shares in the secondary market. Accordingly, the Parent Bank recognizes liability in accounting for the ESOP, wherein a liability account is recognized for the monthly amortization of the expense related to the share option and was presented as part of Accounts payable under Other Liabilities account in the 2018 statement of financial position. In 2019, the Parent Bank has changed its strategy in settling the stock options exercised through issuance of primary shares. Consequently, the previously recognized liability, which amounted to P860, was accordingly transferred to Surplus Reserve. Share options expensed in 2019 amounted to P890.

The fair value of the option granted was estimated using a variation of the Black-Scholes valuation model that takes into account factors specific to the ESOP. The following principal assumptions were used in the valuation:

Average option life	5 years
Average share price at grant date	P 133.70
Average exercise price at grant date	P 119.01
Average fair value of options at grant date	P 48.76
Average standard deviation of share price returns	28.70%
Average dividend yield	0.93%
Average risk-free investment rate	5.13%

The underlying expected volatility was determined by reference to historical prices of the Parent Bank's shares over a period of one year.

25.2 Post-employment Benefits

(a) Characteristics of the Defined Benefit Plan

The BDO Unibank Group and the Parent Bank maintain a fully funded, multi-employer and tax-qualified noncontributory retirement plan that is being administered by the Parent Bank's trust and investment group as trustee covering all regular full-time employees.

The normal retirement age is 60 with a minimum of five years of credited service. The plan also provided for an early retirement at age of 50 with a minimum of ten years of credited service and late retirement up to age 65, both subject to the approval of Parent Bank's BOD. Normal retirement benefit is an amount equivalent to a percentage ranging from 50% to 200% of plan salary for every year of credited service.

(b) Explanation of Amounts Presented in the Financial Statements

Actuarial valuations are made annually to update the retirement benefit costs and the amount of contributions. All amounts presented in the succeeding pages are based on the actuarial valuation report obtained from an independent actuary in 2019 and 2018.

The amounts of Retirement benefit obligation recognized under Other Liabilities accounts (see Note 20) in the statements of financial position are determined as follows:

	BDO Unibank Group		Parent Bank	
	2019	2018	2019	2018

Actual returns on plan assets were P1,624 and P1,456 in 2019 and nil and P27 in 2018 in the BDO Unibank Group and the Parent Bank's financial statements, respectively.

Certain plan assets include BDO Unibank Group's own financial instruments [see Note 26(c)].

The fair value of the plan assets is at Level 1 in the fair value hierarchy except for UITFs which are at Level 2, loans and other receivables and other properties, which are at Level 3.

The components of amounts recognized in profit or loss and in other comprehensive income of the BDO Unibank Group and the Parent Bank in respect of the defined benefit plan as follows:

Current service costs are presented as part of Compensation and benefits under Other Operating Expenses account (see Note 24) while interest expense or income are presented or netted against Interest Expense account (see Note 23) in the statements of income of the BDO Unibank Group and the Parent Bank.

Amounts recognized in other comprehensive income were included within the items that will not be reclassified subsequently to profit or loss in the statements of comprehensive income.

In determining the amounts of post-employment benefit obligation, the following significant actuarial assumptions were used:

	BDO Unibank Group		Parent Bank	
	2019	2018	2019	2018
Discount rates	5.22%	7.52%	5.23%	7.53%
Expected rate of salary increases	2.00 - 11.00%	2.00 - 11.00%	6.50 - 11.00%	7.00 - 8.00%

Assumptions regarding future mortality experience are based on published statistics and mortality tables. The average remaining working lives of an individual retiring at the age of 60 is 24 years. These assumptions were developed by management with the assistance of an independent actuary. Discount factors are determined close to the end of each reporting period by reference to the interest rates of a zero coupon government bond with terms of maturity approximating to the terms of the retirement obligation. Other assumptions are based on current actuarial benchmarks and management's historical experience.

(c) *Risks Associated with the Retirement Plan*

The plan exposes the BDO Unibank Group and the Parent Bank to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

(i) *Investment and Interest Risks*

The present value of the DBO is calculated using a discount rate determined by reference to market yields of government bonds. Generally, a decrease in the interest rate of a reference government bonds will increase the plan obligation. However, this will be partially offset by an increase in the return on the plan's investments in debt securities and if the return on plan asset falls below this rate, it will create a deficit in the plan. Currently, the plan is composed of investment in UITF, debt and equity instruments, cash and cash equivalents, and loans and receivables. Due to the long-term nature of plan obligation, a level of continuing debt securities is an appropriate element of the BDO Unibank Group's long-term strategy to manage the plans effectively.

(ii) *Longevity and Salary Risks*

The present value of the DBO is calculated by reference to the best estimate of the mortality of the plan participants both during and after their employment and to their future salaries. Consequently, increases in the life expectancy and salary of the plan participants will result in an increase in the plan obligation.

(d) *Other Information*

The information on the sensitivity analysis for certain significant actuarial assumptions, asset-liability matching strategy, and the timing and uncertainty of future cash flows related to the retirement plan are described below and in the succeeding pages.

(i) *Sensitivity Analysis*

The following table below and in the succeeding page summarizes the effects of changes in the significant actuarial assumptions used in the determination of the retirement benefit asset as of December 31, 2019 and 2018:

	<u>Impact on Retirement Benefit Obligation</u>		
	<u>Change in Assumption</u>	<u>Increase in Assumption</u>	<u>Decrease in Assumption</u>
<u>BDO Unibank Group</u>			
<u>December 31, 2019</u>			
Discount rate	+/-1%	(P 1,058)	P 1,150
Salary increase rate	+/-1%	1,106	(1,039)
<u>December 31, 2018</u>			
Discount rate	+/-1%	(P 845)	P 924
Salary increase rate	+/-1%	910	(849)

Impact on Retirement Benefit Obligation
Change in Increase in Decrease in
Assumption Assumption Assumption

Parent Bank

December 31, 2019

Discount rate	+/-1%	(P	840)	P	890
Salary increase rate	+/-1%		857	(825)

December 31, 2018

Discount rate	+/-1%	(P	639)	P	675
Salary increase rate	+/-1%		666	(643)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. This analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation recognized in the statements of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous years.

(ii) *Asset-liability Matching Strategies*

To efficiently manage the retirement plan, BDO Unibank Group through its Compensation Committee, ensures that the investment positions are managed in accordance with its asset-liability matching strategy to achieve that long-term investments are in line with the obligations under the retirement scheme. This strategy aims to match the plan assets to the retirement obligations by investing in long-term fixed interest securities (i.e., government or corporate bonds or UITFs) with maturities that match the benefit payments as they fall due and in the appropriate currency. BDO Unibank Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the retirement obligations.

In view of this, investments are made in reasonably diversified portfolio, such that the failure of any single investment would not have a material impact on the overall level of assets.

A large portion of the plan assets as of December 31, 2019 and 2018 consists of debt instruments and UITFs, although the BDO Unibank Group and the Parent Bank also invest in cash and cash equivalents, equity instruments and properties. The debt instruments include government bonds and corporate bonds.

There has been no change in the Bank's strategies to manage its risks from previous periods.

(iii) *Funding Arrangements and Expected Contributions*

As of December 31, 2019, the plan of the BDO Unibank Group and the Parent Bank is underfunded by P3,305 and P3,203, respectively, based on the latest actuarial valuation report. While there is no minimum funding requirement in the country, the size of the underfunding may pose a cash flow risk when a significant number of employees is expected to retire.

The BDO Unibank Group and the Parent Bank expect to pay P5,731 and P5,294, respectively, as contributions to retirement benefit plans in 2020.

The expected maturity of undiscounted expected benefits payments of BDO Unibank Group and the Parent Bank from the plan for the next ten years is presented as follows:

	<u>BDO Unibank Group</u>	<u>Parent Bank</u>
Between one to five years	P 37,443	P 35,582
Between six to ten years	<u>13,603</u>	<u>12,078</u>
	<u>P 51,046</u>	<u>P 47,660</u>

The weighted average duration of the defined benefit obligation at the end of the reporting period is 2.8 to 14.6 years for the BDO Unibank Group and 2.8 years for the Parent Bank.

25.3 ESOP

BDO Unibank Group's ESOP expense includes the amounts recognized by the Parent Bank and its subsidiaries over the vesting period. In 2019 and 2018, vested shares totaled 14,504,751 shares and 9,455,129 shares, respectively, for BDO Unibank Group, and 13,145,911 shares and 8,189,694 shares, respectively, for Parent Bank.

The ESOP expense, included as part of Compensation and benefits under Other Operating Expenses in the BDO Unibank Group's statements of income, amounted to P994, P649 and P518 in 2019, 2018, and 2017, respectively, and in the Parent Bank's statements of income, amounted to P890, P582 and P464, respectively (see Note 25.1).

26. RELATED PARTY TRANSACTIONS

The Parent Bank created a Related Party Transaction Committee composed of all independent directors and non-executive directors. The said Committee exercises oversight role to ensure bank compliance with BSP regulations on related party transactions.

The summary of BDO Unibank Group's significant transactions with its related parties as of December 31, 2019 and 2018 and for each of the three years ended are as follows:

In the ordinary course of business, the BDO Unibank Group and the Parent Bank have loans, deposits and other transactions with its related parties and with certain DOSRI as described below and in the succeeding pages.

(a) *Loans to Related Parties*

Under existing policies of the BDO Unibank Group and the Parent Bank, these loans bear interest rates ranging from 2.5% to 6% per annum in 2019, 2.5% to 6.5% per annum in 2018 and 2.0% to 3.5% per annum in 2017, which are substantially the same terms as loans granted to other individuals and businesses of comparable risks. The General Banking Act and BSP regulations limit the amount of the loans granted by a bank to a single borrower to 25% of equity. The amount of individual loans to DOSRI, of which 70% must be secured, should not exceed the amount of the unencumbered deposit and book value of the investment in the BDO Unibank Group and the Parent Bank.

In aggregate, loans to DOSRI generally should not exceed the total equity or 15% of the total loan portfolio of the BDO Unibank Group and the Parent Bank, whichever is lower. However, non-risk loans are excluded in both individual and aggregate ceiling computation. As of December 31, 2019 and 2018, the BDO Unibank Group and the Parent Bank are in compliance with these regulatory requirements.

The following additional information relates to the DOSRI loans:

	BDO Unibank Group		Parent Bank	
	2019	2018	2019	2018
Total DOSRI loans	P 30,555	P 54,182	P 30,549	P 54,177

% of non-performing DOSRI loans to total DOSRI loans	0.08%	0.03%	0.08%	0.03%

DOSRI loans of the BDO Unibank Group and the Parent Bank bear annual interest rates of 0.00% to 9.00% in 2019 and 2018 and 0.00% to 10.60% in 2017 (except for credit card receivables which bear a monthly interest rate of 0.0% to 3.6%).

Total DOSRI loans of the BDO Unibank Group and the Parent Bank include loans to officers under the BDO Unibank Group and Parent Bank's fringe benefit program. Secured DOSRI loans are collateralized by publicly-listed shares, hold-out on deposits, chattels and real estate mortgages and are payable within one month to 20 years.

Total loan releases and collections in 2019 amounted to P25,590 and P49,217 for the BDO Unibank Group and P25,586 and P49,214 for the Parent Bank, respectively. Total loan releases and collections in 2018 amounted to P37,890 and P39,548 for the BDO Unibank Group and P37,889 and P39,544 for the Parent Bank, respectively. Total loan releases and collections in 2017, on the other hand, amounted to P83,415 and P50,813 for the BDO Unibank Group and P83,411 and P50,805 for the Parent Bank, respectively.

(b) *Deposits from Related Parties*

Total deposits made by the related parties amounted to P583,554, P652,088 and P635,509 in 2019, 2018 and 2017 for the BDO Unibank Group, and P583,025, P651,856 and P635,509 in 2019, 2018 and 2017 for the Parent Bank, respectively, and bearing interest rates range of 0% to 4.53% in 2019, 0.00% to 5.50% in 2018 and 0.00% to 4.32% in 2017. The related interest expense from deposits amounted to P1,611, P1,873 and P2,181 in 2019, 2018 and 2017, respectively (see Note 23).

28. UNIT-LINKED FUNDS

VUL life insurance contracts of BDO Life are life insurance policies wherein a portion of the premiums received are invested in VUL funds, which are composed mainly of investments in equity and debt securities. The withdrawal or surrender amount of a VUL policy can be computed by multiplying the total units held by the policyholder by the fund's Net Asset Value (NAV) per unit, which changes daily depending on the fund's performance.

In 2013, BDO Life obtained the approval from IC to issue VUL products, where payments to policyholders are linked to internal investment funds set up by BDO Life. The VUL funds are mainly managed by the Trust and Investment Group of the Parent Bank.

As of December 31, 2019 and 2018, BDO Life has 12 VUL funds. The details of the investment funds, which comprise the assets backing the unit-linked liabilities, are presented in the table below. The assets and liabilities of these investment funds have been consolidated to the appropriate accounts in the BDO Unibank Group's financial statements.

29. MERGERS AND ACQUISITIONS

29.1 Subscription of Additional Shares in CBN Grupo

On June 27, 2015, the Parent Bank's BOD authorized the investment by BDO Capital of 3,273,000 shares in CBN Grupo for €3. The BSP approved the investment in March 2016. On October 21, 2016, CBN Grupo issued the shares to BDO Capital, making BDO Capital the owner of approximately 96% of the outstanding capital stock of CBN Grupo (see Note 14.2). CBN Grupo was renamed BDO Remit International Holdings B.V. and was registered, thereafter, with The Netherlands Chamber of Commerce on October 24, 2016. The total goodwill recognized amounted to P123 and is presented as part of Goodwill under Other Resources on BDO Unibank Group's statements of financial position (see Notes 14.2 and 14.3).

29.2 Acquisition of Credit Card Portfolio

On June 14, 2016, the Parent Bank signed an agreement with SB Cards Corporation (SB Cards) to be the exclusive issuer and acquirer of Diners Club credit cards in the Philippines. The acquisition includes SB Cards' existing Diners Club portfolio and its cardholder base. The agreement took effect on September 30, 2016.

The Parent Bank recognized the acquisition-date fair value of the existing credit card receivables and liabilities assumed and compared the net assets acquired with the cash consideration given up resulting in the recognition of Trademark for the excess relating to the use of Diners Club trade name by the Parent Bank for a period of five years. Presented below is the analysis of the transaction.

Credit card receivables	P 586
Liabilities	(<u>18</u>)
Net asset acquired	568
Cash consideration	(<u>733</u>)
Trademark (see Note 14.6)	<u>P 165</u>

29.3 Acquisition of BDO Life

In their respective meetings held on April 24, 2015 and on May 30, 2015, the Parent Bank's BOD and BDO Capital's BOD authorized the termination of the insurance joint venture and bancassurance partnership with the Generali Group.

Pursuant thereto, on June 8, 2015, BDO Unibank Group concluded a Share Purchase Agreement (SPA) with the Generali Group. The SPA provides that upon closing of the transaction, BDO Unibank Group will take full control of BDO Life, a life insurance company, and the Generali Group will take full control of Generali Pilipinas Insurance Company (GPIC), a non-life insurance company that is also owned by GPHCI. As of December 31, 2015, BDO Unibank Group owns 40%, and the Generali Group owns 60%, of the issued and outstanding capital stock of BDO Life.

On June 30, 2016, BDO Unibank Group acquired the remaining 60% of the issued and outstanding capital stock of BDO Life from the Generali Group for a cash consideration and other charges amounting to P2,236, making the latter a wholly-owned subsidiary of the former. Although the acquisition was consummated in 2016, the consideration was agreed by the parties in 2014. During 2015, BDO Life's net asset substantially increased as a result of the improvement in the latter's insurance operations. Accordingly, the fair value of the net assets exceeded the amount of consideration received by the BDO Unibank Group resulting in the recognition of a gain on fair valuation of previously-held interest and gain on bargain purchase (negative goodwill) amounting to P628 and P1,586, respectively, or a total gain on acquisition of subsidiary amounting to P2,214.

BDO Unibank Group is re-focusing its insurance strategy to align with its thrust to solidify its presence in the broad-based middle income market. By assuming full control of BDO Life Assurance's operations, BDO Unibank Group will be able to adapt more readily to the demands of its target markets.

On the date of acquisition, the equity share in BDO Life was remeasured at fair value, as follows:

Fair value	P	2,549
Book value	(<u>1,921</u>)
Gain on fair valuation of previously-held interest	P	<u>628</u>

The breakdown of the acquisition-date fair value of the assets and liabilities, including the cost of investments follows:

Cash and cash equivalents	P	851
Trading and investment securities		25,882
Loans and other receivables		563
Bank premises, furniture, fixtures and equipment		54
Other resources		<u>104</u>
Total resources		<u>27,454</u>
Insurance contract liabilities		17,910
Other liabilities		<u>3,173</u>
Total liabilities		<u>21,083</u>
Net assets acquired		6,371
Fair value of the investment for the previously held interest in BDO Life	(2,549)
Consideration transferred (for the 60% ownership interest)	(<u>2,236</u>)
Gain on bargain purchase	P	<u>1,586</u>

Pre-acquisition income arising from the step-up acquisition amounted to P391. Subsequently, GPHCI was renamed to BDO Life Holdings (see Notes 2.3 and 14.2).

On November 24, 2016, the BOD of BDO Life Holdings and BDO Life, at their respective meetings, approved the merger of the two companies, with BDO Life as the surviving entity, and the Plan of Merger. The same were likewise approved by the respective stockholders of the companies on December 3, 2016. The merger was approved by the SEC on September 4, 2017 and was implemented on the same date.

Under the Articles of Merger, the capital stock owned by the Parent Bank and BDO Capital in BDO Life Holdings shall be exchanged for shares in the capital stock of BDO Life on the basis of the net asset value of BDO Life Holdings. BDO Life issued a total of 15,931,324 shares with a par value of P100 per share to the shareholders of BDO Life Holdings in exchange for the net asset of BDO Life Holdings, composed of 15,150,505 shares reacquired by BDO Life as a consequence of the merger, since it was previously wholly-owned by BDO Life Holdings, and 780,819 shares from the unissued authorized capital stock of BDO Life. The shareholdings of the Parent Bank and BDO Capital after the merger is 97.0% and 3.0%, respectively.

29.4 Investment Agreement with Nomura

On June 24, 2015, the BOD of PCIB Securities authorized PCIB Securities to enter in an Investment Agreement (the Agreement) with the Parent Bank and Nomura Holdings, Inc. (Nomura). Pursuant to the Agreement, PCIB Securities shall execute a subscription agreement with Nomura whereby PCIB Securities shall issue 336,274 common shares at a subscription price of P370.34 per share. Such that Nomura shall own 49.0% of the total issued and outstanding capital stock of PCIB Securities. Relative to the Agreement, PCIB Securities shall carry out retail online securities trading, institutional and retail cross-border trading and other securities business.

On January 27, 2016, PCIB Securities executed the subscription agreement with Nomura Asia Investment (Singapore) Pte. Ltd. (a wholly owned subsidiary of Nomura), thereby issuing 336,274 new common shares of PCIB Securities at P370.34 per share, resulting to new percentage of ownership of the Parent Bank to 51.0% and Nomura having 49.0% over PCIB Securities. Subsequently, PCIB Securities was renamed as BDO Nomura.

On July 20, 2017, BDO Nomura's BOD and stockholders approved the increase in its authorized capital stock from P100, divided into 1,000,000 shares with P100 par value per share to P1,000, divided into 10,000,000 shares with P100 par value per share. In relation to the increase in authorized capital stock, BDO Nomura received a cash infusion from the Parent Bank and Nomura Asia Investment (Singapore) Pte. Ltd. amounting to P153 and P147, respectively, for future subscription of additional shares of stock of BDO Nomura with a total par value of P300. The deposit for future stock subscription were recorded as part of Equity investments under Other Resources account in the Parent Bank's 2017 statement of financial position (see Note 14.2). On February 5, 2018, the application for the increase in authorized capital stock of BDO Nomura was approved by the SEC. Accordingly, such deposit was applied against subscription of additional shares of stock of BDO Nomura in 2018.

On November 27, 2018 additional cash infusion was received from the Parent Bank and Nomura Asia Investment (Singapore) Pte. Ltd amounting to P51 and P49, respectively, with a total par value of P100.

29.5 Joint Venture Investment Agreement with Mitsubishi Motors Philippines Corp. (MMPC), Sojitz Corporation (SJC) and JACCS Co. Ltd.

On January 28, 2016, BDO Leasing entered into a joint venture investment agreement with MMPC, SJC and JACCS to provide financing services to individual and corporate buyers of Mitsubishi Motors vehicles in the Philippines. The joint venture, incorporated and named MAFSC, is seen harnessing the complementary strengths of the partners of the joint venture to take advantage of the sustained growth in vehicle sales on the back of increasing consumer affluence and a growing population. Upon the incorporation of MAFSC on May 31, 2016, BDO Leasing contributed P300 for 3,000,000 common shares, thereby owning 40% of the company while MMPC, SJC and JACCS jointly hold the remaining 60% stake (see Note 14.2).

On July 4, 2019, BDO Leasing sold to JACCS Co. Ltd., a corporation duly organized and existing under the laws of Japan, its 3,000,000 common shares representing 40% ownership interest in MMPC Auto Financial Services Corporation for P166.

29.6 Acquisition of One Network Bank, Inc. (A Rural Bank)

On October 25, 2014, the Parent Bank's BOD authorized the purchase of all of the outstanding capital stock of ONB subject to the necessary regulatory approval. The BSP accordingly approved the transfer of up to 100% of the outstanding common stock of ONB to the Parent Bank on March 16, 2015.

Thereafter, on July 20, 2015, the Parent Bank acquired 99.59% of the total issued and outstanding capital stock of ONB in exchange for 64,499,890 common shares of the Parent Bank through a share swap transaction (i.e., BDO crossed in favor of the selling shareholders of ONB and issued an equal number of new shares from its unissued capital stock with a substantial BDO shareholder). Equity investment amounted to P6,685, inclusive of the payment of documentary stamp tax amounting to P9 for the transfer of ONB shares. The acquisition resulted in recognition of Additional Paid-in Capital amounting to P6,028, net of related transaction costs amounting to P3. Subsequently, on November 23, 2015, the Parent Bank acquired an additional 81,134 ONB shares, for cash of P2, thereby increasing its shareholdings in ONB to 99.63%. The total goodwill recognized in 2015 amounting to P2,903 is presented as part of Goodwill under Other Resources on BDO Unibank Group's statements of financial position (see Note 14.3).

As of December 31, 2016, the Parent Bank acquired additional 324,012 ONB common shares from its total issued and outstanding capital stock for cash of P9. These additional purchases of ONB common shares by the Parent Bank increased its total shareholdings in ONB to 99.76%. Total additional goodwill recognized in 2016 amounted to P4.

The acquisition of ONB expands the regional presence of BDO Unibank Group in the countryside, particularly in the Southern Philippines. This also opens up new business opportunities for the BDO Unibank Group in terms of tapping underserved market segments.

The breakdown of the acquisition-date fair value of the assets and liabilities, including the cost of investments follows:

Cash and cash equivalents	P	3,294
Trading and investment securities		2,457
Loans and other receivables		20,532

Other liabilities		<u>3,478</u>
Total liabilities		<u>24,398</u>
Net asset position		3,798
Non-controlling share in equity	(14)
Cost of investment	(<u>6,687</u>)
Goodwill (see Note 14.3)	P	<u>2,903</u>

On December 3, 2016, the Parent Bank's BOD authorized a P1,000 capital infusion into ONB to allow the subsidiary to provide for its ongoing expansion plans and to comply with BSP regulations. The BSP approved the additional equity investment into ONB on August 10, 2017. On September 13, 2017, the Parent Bank subscribed to an additional 32,386,356 of new ONB shares thereby increasing its shareholdings in ONB to 99.79%.

On September 30, 2017, the Parent Bank's BOD authorized an additional P1,000 capital infusion into ONB to support its MSME initiatives and give it additional leeway in its expansion plans. The BSP approved the additional equity investments into ONB on December 13, 2017. Moreover, on January 18, 2018, the Parent Bank subscribed to an additional 32,386,356 of new ONB shares thereby increasing its shareholdings in ONB to 99.81%. On May 15, 2019, January 23, 2018 and December 27, 2018, the Parent Bank subscribed to an additional 18,758, 124,275 and 14,276 shares, respectively, from ONB's total issued and outstanding capital stock thereby increasing its shareholdings in ONB to 99.86% resulting to increase in Surplus Free amounting to P763.

On October 1, 2018, the Parent Bank has entered into an agreement with Osmanthus Investment Holdings Pte. Ltd. (Singapore), whereby the latter will acquire a 15% ownership interest in ONB. The transaction was completed on May 16, 2019. The Parent Bank's shareholdings after the transaction amounted to 84.87%. The change in ownership interest resulted in a decrease in Surplus Free amounting to P30.

On July 31, 2019, the SEC approved the resolution changing the corporate name of ONB to BDO Network Bank, Inc. doing business under the names and styles of BDO Network Bank, BDO Network Bank, a Rural Bank, or BDO Network, a Rural Bank.

29.7 Purchase of Loans and Deposits of Rural Bank of Pandi by BDO Network

On February 4, 2019, BDO Network, entered into an asset sale and purchase agreement with RBPI to purchase RBPI's gross loan receivables and assume its recorded deposit liabilities. The transaction was entered into to provide BDO Network with a stronger presence in Bulacan and fast track its expansion in Central Luzon.

On August 22, 2019, the Monetary Board of the BSP approved the asset sale and purchase agreement between BDO Network and RBPI. The transaction was completed on October 31, 2019. The total goodwill recognized in 2019, representing cash premium, amounted to P100 and is presented as part of Goodwill under Other Resources account on BDO Unibank Group's statements of financial position (see Note 14.3).

29.8 Acquisition of Trust Business

In 2014, the Parent Bank entered into a definitive agreement for the acquisition of the trust business of Deutsche Bank AG's Manila branch (Deutsche) comprising of trust, other fiduciary and investment management activities amounting to P35,751 and presented as part of contingent accounts under Trust department accounts (see Note 34.4). The transaction resulted in the recognition of an intangible asset with indefinite useful life and is presented as Customer lists under Other Resources account in the statements of financial position (see Note 14.7).

The BDO Unibank Group and the Parent Bank continue claiming itemized deduction for income tax purposes.

30.2 Gross Receipts Tax

Gross Receipts Tax (GRT), pursuant to Sections 121 and 122 of the Tax Code, is imposed on banks, non-banks financial intermediaries and finance companies (per RA 9238).

GRT is levied on the BDO Unibank Group's lending income, which includes interest, commission and discounts arising from instruments with maturity of five years or less and other income. The tax is computed at the prescribed rates of either 7%, 5% or 1% of the related income (per RA 9337).

30.3 Documentary Stamp Tax

Documentary stamp tax (DST) (at varying rates) is imposed on the following:

- (a) Bank checks, drafts, or certificate of deposit not bearing interest, and other instruments;
- (b) Bonds, loan agreements, promissory notes, bills of exchange, drafts, instruments and securities issued by the Government or any of its instrumentalities, deposit substitute debt instruments, certificates of deposits bearing interest and other not payable on sight or demand;
- (c) Acceptance of bills of exchange and letters of credit; and,
- (d) Bills of lading or receipt.

On December 19, 2017, RA No. 10963 known as train law was passed amending the rates of DST, the significant provisions of which are summarized as follows:

- (a) On every issue of debt instruments, there shall be collected a DST of one peso and fifty centavos on each two hundred pesos or fractional part thereof of the issue price of any such debt instrument. Provided, that for such debt instruments with terms of less than one year, the DST to be collected shall be of a proportional amount in accordance with the ratio of its term in number of days to 365 days. Provided further that only one DST shall be imposed on either loan agreement or promissory notes to secure such loan.
- (b) On all sales or transfer of shares or certificates of stock in any corporation, there shall be collected a DST of one peso and 50 centavos on each two hundred pesos, or fractional part thereof, of the par value of such stock.
- (c) On all bills of exchange or drafts, there shall be collected a DST of 60 centavos on each two hundred pesos, or fractional part thereof, of the face value of any such bill of exchange or draft.
- (d) The following instruments, documents and papers shall be exempt from DST:
 - Borrowings and lending of securities executed under the Securities Borrowing and Lending Program of a registered exchange, or in accordance with regulations prescribed by the appropriate regulatory authority;
 - Loan agreements or promissory notes, the aggregate of which does not exceed P250 thousand or any such amount as may be determined by the Secretary of Finance, executed by an individual for his purchase on installment for his personal use;
 - Sale, barter or exchange of shares of stock listed and traded through the local stock exchange for a period of five years from the effectivity of RA No. 9243;
 - Fixed income and other securities traded in the secondary market or through an exchange;
 - Derivatives including repurchase agreements and reverse repurchase agreements;
 - Bank deposit accounts without a fixed term or maturity; and,
 - Interbank call loans with maturity of not more than seven days to cover deficiency in reserve against deposit liabilities.

30.4 Supplementary Information Required by the Bureau of Internal Revenue (BIR)

The BIR issued Revenue Regulations (RR) No. 15-2010 on November 25, 2010, which required certain tax information to be disclosed as part of the notes to the financial statements.

The supplementary information is, however, not a required part of the basic financial statements prepared in accordance with PFRS; it is neither a required disclosure under the Philippine SEC rules and regulations covering form and content of financial statements under the revised Securities Regulation Code Rule 68.

The Parent Bank presented this tax information required by the BIR as a supplementary schedule filed separately from the basic financial statements.

31. EARNINGS PER SHARE

Basic earnings per share attributable to shareholders of the BDO Unibank Group were computed as follows:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Net profit attributable to shareholders of the Parent Bank	P 44,194	P 32,708	P 28,070

Basic earnings per share	<u>P 10.02</u>	<u>P 7.40</u>	<u>P 6.42</u>

Diluted earnings per share attributable to shareholders of the BDO Unibank Group were computed as follows:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Net profit attributable to shareholders of the Parent Bank	P 43,855*	P 32,369*	P 27,730*
Divided by the weighted average number of outstanding common shares (in millions):			
Outstanding common shares	4,378	4,372	4,322
Potential common shares from assumed conversion of preferred shares	*	*	*
Potential common shares from assumed conversion of stock option plan	**	**	**
Total weighted average number of common shares after assumed conversion of convertible preferred shares	<u>4,378</u>	<u>4,372</u>	<u>4,322</u>
Diluted earnings per share	<u>P 10.02</u>	<u>P 7.40</u>	<u>P 6.42</u>

* *Net profit attributable to shareholders of the Parent Bank is reduced by dividends on preferred shares as these were not assumed to be converted.*

** *Potential common shares from assumed conversion of stock option plan made through primary issuance do not significantly affect the computation of diluted earnings per share.*

33. EVENTS AFTER THE END OF THE REPORTING PERIOD

33.1 Dividends

On February 1, 2020, the Parent Bank's BOD approved the declaration of annual cash dividends on preferred shares "Series A" at the rate of 6.50% per annum of the par value for a total dividend of P339. The dividends will be paid within 60 days from dividend declaration date.

33.2 Sale of BDO Leasing

On January 24, 2020, the Parent Bank and BDO Capital entered into an agreement to sell their entire controlling stake in BDO Leasing to a third party as part of the Parent Bank's restructuring of its leasing business. The completion of the transaction is still subject to regulatory approvals and the fulfilment of other closing conditions.

33.3 Issuance of Fixed Rate Peso Bonds

On February 3, 2020, the Parent Bank issued P40,100 fixed rate peso bonds. The bonds have a tenor of 2.5 years and bear a coupon rate of 4.408%. Interest will be paid and calculated on a quarterly basis. This follows the P35,000 fixed rate peso bond issuance in February 11, 2019 and is a component of the P100,000 peso bond program approved by the BOD on August 31, 2018 (see Note 17.2). The issuance is part of the Parent Bank's continuing efforts to diversify its funding sources and support its lending activities.

34. COMMITMENTS AND CONTINGENCIES

34.1 Litigations

BDO Unibank Group has pending claims and/or is a defendant in various legal actions arising from the ordinary course of business operations. As of December 31, 2019, management believes that no such legal proceedings are expected to have material adverse effect on BDO Unibank Group's financial position.

34.1.1 Applicability of RR 4-2011

On March 15, 2011, the BIR issued RR No. 4-2011 regarding the alleged violation relating to the proper allocation of costs and expenses amongst income earnings of banks and other financial institutions for income tax reporting purposes.

RR No. 4-2011 essentially prescribed the method of allocation of cost and expenses such that when computing the amount allowable as deduction from regular banking unit operations, all costs and expenses should first be allocated between the regular banking unit and FCDU/expanded FCDU or offshore banking unit.

On April 6, 2015, 19 banks (Petitioners) filed a Petition for Declaratory Relief with Application for Temporary Restraining Order and/or Preliminary Injunction, with the Regional Trial Court of Makati. The Parent Bank and BDO Private are among the Petitioners in Civil Case No. 15-287 assailing the validity of RR No. 4-2011. In the Petition, the Petitioners claimed that there is no provision in the National Internal Revenue Code which justifies the issuance of RR No. 4-2011 and that the scope of RR No. 4-2011 unduly expands the power of the BIR to allocate a taxpayer's costs and expenses. The Petitioners also claimed that RR No. 4-2011 limits their rights to claim ordinary and necessary expenses as deductions.

On April 8, 2015, the Regional Trial Court of Makati issued a temporary restraining order, enjoining the BIR from enforcing RR No. 4-2011. Also, on April 27, 2015, the Regional Trial Court of Makati issued a Writ of Preliminary Injunction also enjoining the BIR from enforcing, carrying out, or implementing in any way or manner RR No. 4-2011 against the Petitioners, including the issuance of Preliminary Assessment Notice or Final Assessment Notice, as the case may be, based on the revenue regulations, pending litigation, unless sooner dissolved.

On May 25, 2018, the RTC declared RR 4-2011 as null and void. The writs of preliminary injunction issued by the RTC on April 25, 2015 and February 28, 2018 were also made permanent, thereby enjoining Department of Finance (DOF) and BIR from implementing RR 4-2011 and prohibiting them from issuing a preliminary assessment notice or final assessment notice, or deciding any administrative matter pending before it, according to or in relation to said regulation.

On July 10, 2018, the DOF and BIR filed a Motion for Extension of Time to File a Petition for Review on Certiorari ("Motion for Extension"). The Supreme Court granted the Motion for Extension.

On August 9, 2018, Petitioners filed a Petition for Review on Certiorari dated August 1, 2018 ("Petition") to assail the RTC decision based on the following grounds: (i) the RTC had no jurisdiction over petitions assailing the constitutionality and validity of tax laws, rules and regulation, and other administrative issuance of the BIR. Allegedly, it is the Court of Tax Appeals that has exclusive jurisdiction to determine the constitutionality or validity of Tax Laws, Rules and Regulations issued by the Commissioner of Internal Revenue; and (ii) RR 4-2011 is a valid regulation issued pursuant to the rule-making power of the DOF and the BIR.

In a Resolution dated March 27, 2019, the Supreme Court ordered Respondents to file their Comment on the Petition. On August 5, 2019, the Respondents filed its Comment on/Opposition to the Petition for Review on Certiorari.

All other Respondents have their respective Comments and/or Oppositions to the Petition.

The case remains pending as of December 31, 2019.

34.1.2 First e-Bank

In 2002, First e-Bank (“FeB”) experienced liquidity problems prompting Philippine Deposit Insurance Corporation (“PDIC”) to invite several banks to propose a solution for FeB’s bailout. PDIC entered into contract with the Parent Bank wherein consideration of the assumption by the Parent Bank of FeB’s liabilities in the maximum amount of P10,000, PDIC will provide the Parent Bank P10,000 of financial assistance and PDIC will receive FeB’s assets to recover said financial assistance.

About P5,000 of the financial assistance was released to the Parent Bank and the remaining P5,000 was deposited in escrow with BDO Trust and Investments Group (“BDO-TIG”) in accordance with the escrow agreement dated October 23, 2002 entered into by the Parent Bank, PDIC, and BDO-TIG.

In August 2016, PDIC authorized the release of a total amount of P4,650 from escrow inclusive of proportional interest. However, as of August 26, 2016, the amount of P1,224 remains in escrow, which includes: (i) P602, which covers assets the Parent Bank still considers capable of delivery worth P214 and the remaining assets PDIC classified as undeliverable; and (ii) all interest earnings thereon.

Unable to agree on the release of the remaining amount in escrow, on September 20, 2016, the PDIC filed a Complaint for Specific Performance and Damages against the Parent Bank, which case was raffled to RTC Makati City Branch 60. On October 14, 2016, the Parent Bank filed its Answer to the Complaint affirming that it has assumed P10,000 in liabilities of FeB and is thus entitled to release of the remaining escrow of P1,224.

In a judgement dated May 31, 2018, RTC Makati dismissed the complaint, granted BDO Unibank’s counterclaim and ordered BDO - TIG to immediately release the remaining escrow amount, plus interests, to BDO Unibank. PDIC filed Motion for Reconsideration but the same was denied by RTC Makati. PDIC filed Notice of Appeal.

On June 18, 2018, the Parent Bank received an amount of P1,243 for the full termination of escrow. As of December 31, 2019, the difference between the amount received and the balance of the amount in escrow is presented as part of Others under Other Liabilities account, pending the resolution of the Appeal filed by the counterparty (see Note 20).

The case is still pending before the Court of Appeals as of December 31, 2019.

34.1.3 Others

BDO Unibank Group is also a defendant in various cases pending in courts for alleged claims against BDO Unibank Group, the outcomes of which are not fully determinable at present. As of December 31, 2019, management believes that, liabilities or losses, if any, arising from these claims would not have a material effect on the financial position and results of operations of BDO Unibank Group and will be recognized if and when a final resolution by the courts is made on each claim.

34.2 Lease Commitments – as Lessee (2018)

BDO Unibank Group, as a lessee, leases the premises of its head office and most of its branch offices for periods ranging from one to 30 years from the date of the contracts; terms are renewable upon the mutual agreement of the parties. CHECKLIST OF REQUIRED DISCLOSURES
BANCO DE ORO UNIBANK, INC.
For the three months ended: March 31, 2020

FINANCIAL INFORMATION

6. Disclosure that the issuer's interim financial report is in compliance with generally accepted accounting principles.

The Bank's interim financial statements are in compliance with Philippine Financial Reporting Standards.

- 7.a A statement that the same accounting policies and methods of computation are followed in the interim financial statements as compared with the most recent annual financial statements or, if those policies or methods have been changed, a description of the nature and effect of the change.

The Bank's interim financial statements have been prepared consistent with its most recent annual financial statements as of December 31, 2019.

- 7.b Explanatory comments about the seasonality or cyclicity of interim operations.

Remarks: There is no seasonality or cyclicity in the Bank's operations.

- 7.c The nature and amount of items affecting assets, liabilities, equity, net income, or cash flows that are unusual because of their nature, size or incidents.

Remarks: NONE

- 7.d The nature and amount of changes in estimates of amounts reported in prior interim periods of the current financial year or changes in estimates of amounts reported in prior financial years, if those changes have a material effect in the current interim period.

Remarks: NONE

- 7.e Issuances, repurchases, and repayments of debt and equity securities.

On February 3, 2020, the Bank issued P40.1 billion fixed rate bonds to diversify funding sources and support its lending activities.

On March 10, 2020, the Bank redeemed its P10.0 billion Unsecured Subordinated Notes in accordance with the instrument's optional redemption date.

- 7.f Dividends paid (aggregate or per share) separately for ordinary shares and other shares

On February 1, 2020, the Board of Directors of BDO approved the declaration of annual cash dividends on preferred shares at the rate of 6.5% per annum for a total dividend amount of P339 million. The dividends were paid on February 21, 2020.

On February 27, 2020, the Board of Directors approved the declaration of cash dividends for the first quarter of 2020, in the amount of P0.30 per common share for a total of P1.3 billion. The dividends were paid on March 27, 2020.

- 7.g Segment revenue and segment result for business segments or geographical segments whichever is the issuer's primary basis of segment reporting. (This shall be provided only if the issuer is required to disclose segment information in its annual financial statements).

The Bank's comparative revenues and expenses by business segment are included as an attachment to this report.

- 7.h Material events subsequent to the end of the interim period that have not been reflected in the financial statements for the interim period.

Remarks: NONE

- 7.i The effect of changes in the composition of the issuer during the interim period, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings and discontinuing operations.

Remarks: NONE

- 7.j Changes in contingent liabilities or contingent assets from December 31,2019.

- Total Contingent Accounts was steady at P2.2 trillion with material movements from the following accounts:
 - Outstanding Guarantees Issued and Export L/Cs Confirmed decreased 6% and 7% to P2.8 billion and P7.3 billion, respectively, owing to lower volume of trade transactions and other guarantees issued as of the quarter-end.
 - Likewise, Bills for Collection and Late Deposits and Payments Received dropped 21% and 97% to P8.6 billion and P103 million, as of the cut-off date.
 - Treasury activities yielded the following:
 - Spot Exchange Sold declined 73% to P5.4 billion.
 - Forward Exchange Bought and Sold increased 11% and 21% to P157.2 billion and P169.5 billion, respectively.
 - Interest Rate Swap Receivable and Payable both went down 8% to P14.2 billion.
 - Other Contingent Accounts grew 6% to P439.4 billion due to expansion in Committed Credit Lines.

MANAGEMENT'S DISCUSSION & ANALYSIS

1. Comparable discussion that will enable the reader to assess material changes in financial condition results of operation since the end of the last fiscal year and for the comparable interim period in the preceding financial year.

- 1.a Balance Sheet – March 2020 vs. December 2019

- Cash and Other Cash Items decreased 20% to P51.1 billion, from a high year-end 2019 level owing to deposits generated during the Christmas season.
- Due from BSP went up 17% to P362.7 billion mainly from deposit growth.
- Due from Other Banks increased 11% to P43.4 billion due to higher placements and working balances with correspondent banks.
- Net Loans and Other Receivables inched up 2% to P2.3 trillion coming from increases in Customer Loans, Interbank Loans and Securities Purchased Under Reverse Repurchase Agreements (SPURRA). Other Receivables, on the other hand, went down 25% partially offsetting the growth.
- Other Resources declined 16% to P31.9 billion due to lower volumes of outstanding credit card transactions as of the cut-off date.
- Total Deposits grew 4% to P2.6 trillion as Demand and Savings deposits hiked 26% and 5%, respectively. Time deposits, on the other hand, went down 9%.
- Bills Payable grew 19% to P198.6 billion following the issuance of the P40.1 billion fixed rate bonds in February 2020.
- The Bank redeemed its P10.0 billion Subordinated Notes Payable in March 2020.
- Other Liabilities went down 12% to P99.0 billion mainly due to lower levels of accounts payable and bills purchased contra-account.

- 1.b Balance Sheet – March 2020 vs. March 2019

- Total Resources expanded 9% year-on-year period to P3.3 trillion as Customer Loans increased 11% funded by deposits, the bond issuance and re-invested profits.
- Cash and Other Cash Items rose 20%, year-on-year, mainly from deposit growth.
- Net Loans and Other Receivables rose 11% owing to an increase in Customer Loans to P2.2 trillion. Likewise, Interbank Loans, SPURRA and Other Receivables went up 11%, 66% and 9%, respectively.
- Bank Premises and Net Finance Lease inflated 37% to P45.8 billion due to reclassifications from Investment Properties as well as the full implementation of the new PFRS 16 lease accounting standard. The Bank only adopted partial modified retrospective application of the standard to selected subsidiaries in the first quarter of 2019.
- Consequently, Investment Properties dropped 15% to P16.9 billion.
- Deferred Tax Assets rose 7% to P8.8 billion resulting from the Bank's retirement obligation.
- Other Resources declined 8% mainly due to lower outstanding credit card transactions as of the cut-off date.
- Deposit Liabilities grew 9% year-on-year, as Demand and Savings deposits expanded 62% and 12%, respectively. Time deposits, on the other hand, dropped by 12%, partially offsetting the growth.

- Bills Payable rose 13% to P198.6 billion from the issuance of the P40.1 billion fixed rate bonds in February 2020.
- The Bank redeemed its P10.0 billion Subordinated Notes Payable in March 2020.
- Insurance Contract Liabilities surged 26% to P41.7 billion on higher BDO Life business volumes.
- Total Equity grew 10% to P372.2 billion from continued profitable operations.

1.c Income Statement – March 2020 vs. March 2019

- The Bank reported a Net Income attributable to Equity holders of the Parent Company of P8.8 billion, a 10% decline from the P9.8 billion for the same period last year.
- Net Interest Income expanded 19% to P33.0 billion owing to higher margins and an increase in the Bank's interest-earning assets.
- The Bank set aside P2.3 billion as Provision for Impairment Losses, 76% higher than the previous year's P1.3 billion.
- Other income slid 39% to P9.0 billion from the following:
 - Trading Loss of P4.6 billion compared to a Trading Gain of P1.3 billion for the same period last year primarily attributed to BDO Life's unit-linked portfolio as affected by over 30% decline in the equity markets. However, this has a corresponding decline in insurance policy reserves.
 - Trust Fees grew 9% to P922 million on higher level of funds managed.
 - Foreign Exchange (FX) Gain dropped 68% to P291 million on adverse market movements owing to the pandemic.
 - Insurance Premiums hiked 20% to P3.9 billion owing to higher BDO Life business volumes.
 - Other Income went up 8% to P1.3 billion mainly from higher income from associates.
- Operating Expenses dropped 5% to P26.8 billion on account of the following:
 - Employee Benefits rose 9% due to salary increases as well as a higher manpower count from business expansion.
 - Occupancy expenses slid 12% following the newly implemented lease accounting standard.
 - Litigation/Assets Acquired expenses went up 15% from higher costs relating to litigation and maintenance of acquired assets.
 - Policy Reserves were reversed by P1.5 billion on BDO Life's unit-linked funds following adverse market movements.
 - Insurance Benefits and Claims jumped 51% from higher BDO Life business volumes.
 - Security, Clerical and Janitorial expenses as well as Other Operating Expenses grew 9% and 19%, respectively, owing to an expanded distribution network and increased business volumes.
- Tax Expense climbed 30% to P4.2 billion on a higher taxable income base.

1.d Comprehensive Income – March 2020 vs. March 2019

- From a Net Income of P8.8 billion, Total Comprehensive Income for the first quarter of 2020 registered at P3.1 billion, comprised of a P3.4 billion decline in gains on FVOCI Securities, a negative P3 million translation adjustment related to foreign operations, a negative P513 million remeasurement on life insurance reserves, a P1.8 billion drop in unrealized gain on equity investments at FVOCI as well as a negative P8 million share in Other Comprehensive Income (OCI) of subsidiaries and affiliates.
- This represents a 74% decline from the Total Comprehensive Income of P11.8 billion for the same period last year, inclusive of a P9.7 billion Net Income, a P3.9 billion increase in gains on FVOCI Securities, a P13 million translation adjustment, a negative P2.3 billion remeasurement on life insurance reserves, a P504 million increase in unrealized gain on equity investments at FVOCI and a P1 million share in OCI of subsidiaries and affiliates.

I. Call to Order

The Chairperson, Ms. Teresita T. Sy, called the meeting to order. She formally opened the meeting with her welcome remarks, after which she requested BDO Unibank, Inc.’s (the “Bank”) Vice Chairman, Mr. Jesus A. Jacinto Jr., to preside over the meeting.

II. Proof of Notice and Determination of Existence of Quorum

The Corporate Secretary, Atty. Edmundo L. Tan, certified that notices for the Annual Stockholders’ Meeting, together with the meeting agenda and the Definitive Information Statement of the Bank, were sent by mail or courier starting March 21, 2019 to all stockholders of record as of March 12, 2019 and published in the Manila Bulletin on March 18, 2019 and Philippine Daily Inquirer on April 5, 2019 in accordance with the Amended By-Laws of the Bank.

Based on record of attendance, present for the meeting were stockholders, in person or by proxy, and participant brokers holding a total of 3,913,518,182 shares, equivalent to 80.03 % of the outstanding voting capital stock of the Bank as of record dated March 12, 2019. The Corporate Secretary therefore

certified that there was a quorum for the valid transaction of business. He recorded the minutes of the proceedings.

Furthermore, the Corporate Secretary announced that for purposes of the meeting, Punongbayan & Araullo, Grant Thornton (P&A) had been appointed to validate all votes in accordance with the voting procedures provided in the Bank’s Definitive Information Statement.

III. Approval of the Minutes of the Previous Annual Stockholders’ Meeting held on April 20, 2018

The Chairman of the Meeting proceeded to the next item in the agenda which was the reading and approval of the Minutes of the Annual Stockholders’ Meeting held on April 20, 2018. He stated that a copy of the said Minutes was annexed to the Bank’s Definitive Information Statement sent to all stockholders of record as of March 12, 2019, and made accessible anytime at the Bank’s website at www.bdo.com.ph and at the Office of the Corporate Secretary during office hours.

Upon motion duly made and seconded, the Minutes of the Annual Stockholders’ Meeting held on April 20, 2018 were approved and the following resolution was passed and adopted:

Stockholders’ Resolution No. 01-2019

“RESOLVED, That the Stockholders of BDO Unibank, Inc. approve, as they hereby approve, the Minutes of the Annual Stockholders’ Meeting held on April 20, 2018.”

The Chairman of the Meeting instructed the Corporate Secretary that the minutes of the meeting reflect a tabulation of total votes cast, including proxies that had cast their votes in favor of the approval of the Minutes of the last Annual Stockholders’ Meeting, and to note the proxies that had chosen to abstain on voting for, or had chosen to vote against, the approval of said minutes.

Based on P&A’s tabulation, the votes cast and received relative to the approval of the Minutes of the Annual Stockholders’ Meeting held on April 20, 2018 were as follows:

Total Outstanding Shares	Total Votes Cast	Votes in Favor	Votes Against *	Abstentions *
4,890,009,369	3,913,518,182	3,719,087,496	0	194,430,686

** Proxy votes cast prior to the Stockholders’ Meeting*

Accordingly, stockholders owning 3,719,087,496 voting shares or 95.03% of the total number of voting shares represented at the meeting approved the Minutes of the Annual Stockholders’ Meeting held on April 20, 2018. No stockholder voted against, while stockholders owning 194,430,686 or 4.97% of the total votes cast abstained.

IV. President’s Report and Approval of the Audited Financial Statements for 2018

The Chairman of the Meeting then gave the floor to the President and Chief Executive Officer of the Bank, Mr. Nestor V. Tan, to present his report on the Bank’s Results of Operations for 2018, 2019 Outlook and Guidance, the 2019 First Quarter Performance, and the status of the Bank relative to the banking industry.

2018 Review

President Tan reported to the stockholders that there was a good growth in 2018. The Philippine gross domestic product (GDP) grew by 6.2% in 2018, which was still among the highest growth rates in the region. However, there were some risks on the horizon in 2018. There were higher US Fed rates, which directly affected the Philippine economy. Locally, there were increases in oil prices, change in tax under TRAIN Law, supply chain disruptions that affected the prices of prime commodities, and tightening of domestic liquidity as loan growth continued to pick up and investors started to cash in on their investments. As a result, the banking industry was affected. There was a spike in inflation, followed by increased domestic rates, which affected funding cost versus yields. There was also FX depreciation, which further tightened liquidity.

For BDO, there was an impact in funding cost as it went up much higher than the yields. The decline in stock market activity from profit-taking and risk aversion by foreign investors also affected the Bank's capital markets businesses as assets under management started to slow down. Coupled with that, investments slowed down as higher yields from time deposit became more attractive than investments in capital markets.

Against that environment, BDO earned a consolidated net income of ₱32.7 Billion in 2018, higher than the budget of ₱31 Billion, driven by the 20% improvement in net interest income (NII) from 15% loan growth and improvement in net interest margin (NIM) to 3.6%.

President Tan highlighted that interest expense went up 70%, much higher than the 29% growth in interest income. The increase in interest expense was offset by the loan growth as well as the change in loan mix. Insurance premiums likewise grew by 20%, as the Bank continued to grow its bancassurance business. However, the implementation of PFRS 9 affected BDO Life Assurance Company, Inc. (BDO Life) resulting in a substantial decline in trading gains, which was coupled with a slowdown in market activity. Operating expenses (OPEX) went up by 16%, but only by 13% excluding taxes and licenses and the impact of TRAIN Law. Despite provisioning at ₱6.3 Billion, NPL cover increased from 146% to 183%. The Bank's consolidated net income would have been higher by 21% on a comparable business as usual basis. However, with BDO Life and One Network Bank, Inc. (A Subsidiary of BDO) [ONB], the Bank's consolidated income was up by 17%.

In terms of balance sheet, BDO was the first bank to surpass ₱3 Trillion in total resources, registering a growth of 13%, driven primarily by the Bank's core businesses. Gross customer loans went up by 15%, while deposits grew by 14%, and CASA grew by 9%. President Tan emphasized that the Bank registered a good growth in CASA deposits despite the slowdown in deposit growth on trending basis for the past five (5) years. He said that the slowdown in deposits was a result of higher interest rates, prompting people to move to higher yielding investments and causing CASA to grow at a slower pace.

President Tan reported that the Bank's net interest income continued to grow as rates started to stabilize and slightly improve. Traditional fee income grew by 6% while insurance premiums went up by 20%. Operating income grew by 15%, which came from sustainable sources that comprised more than 90% of the Bank's total income.

In summary, President Tan stated that 2018 was a good year despite the volatility seen throughout the period. There was good performance all around driven by core earnings. Net interest income, fees and commissions and net income all went up. Trading and FX gains were down by 44%, which was expected in terms of the treasury portfolio and as a result of the compliance with PFRS 9 for BDO Life. In terms of balance sheet, there was good growth across the board. Gross customer loans, deposits, and CASA were up by 15%, 14%, 9%, respectively. CASA ratio slightly declined from 71% to 70%, which was still relatively high compared to industry.

On key metrics, the Bank was still below comparables. Return on Common Equity (ROCE) slightly increased from 10.2% to 10.7%. Net interest margin was flattish but slightly improving at 3.6%. Cost-to-income ratio was still high at 66.3% as the Bank continues to invest in branches. NPL ratio was down to 1% while NPL cover was up to 183.1%. Capital adequacy ratio (CAR) stood at 13.3% on a solo basis and 13.8% on a consolidated basis. The Bank still has sufficient capital to support growth.

2019 Outlook and Guidance

In terms of macro outlook, President Tan stated that on the positives, there would be a rebound in consumer demand on easing inflation in 2019, election-related spending is expected to boost consumption, and asset quality is expected to remain benign as it is now. On the risks side, the global economy is at risk due to trade wars, which could affect loan and deposit growth. Locally, the uncertainty from the mid-term elections might hold back investments. Lastly, the high interest rate environment might impact businesses and loan growth.

Given the foregoing scenario, interest rates are projected to stabilize. Likewise, FX is also expected to be stable while liquidity is expected to further tighten as loan growth outpaces deposit growth. 'Build, build, build' projects should have multiplier effects in the economy in nine (9) to twelve (12) months. There is very limited borrowing from the proponents on most of the projects but loan demand is expected to pick-up during the construction stage.

On the Bank's business outlook, loan expansion is expected to continue although at a slower pace, driven by consumer and middle market. There would also be continued but slower CASA growth because

liquidity continues to further tighten. Margins would remain stable. Trading and FX gains would be limited to customer flows and a little bit of volatility in middle market movement. Fee income would be steady.

Further, President Tan apprised the Stockholders of the consolidated net income guidance of the Bank for 2019 of ₱38.5 Billion, a 18% growth over last year's income. The net income trend has grown at a CAGR of 11% from 2014 to 2019.

First Quarter 2019 Performance

President Tan then proceeded to present the performance of the Bank for the first quarter of 2019. He reported that the Bank earned ₱9.8 Billion, driven by continued improvement in net interest income by 25%. Interest expense still outpaced interest income, because of the high interest rate environment. Insurance premiums continued to grow by 23%. Trading and FX gains recovered to normal levels from a decline in 2018 due to the implementation of PFRS 9. Operating expenses went up by 22%, owing to volume-related expenses and increase in policy reserves. Provisioning slightly declined as loan growth slowed down and as the Bank applied the expected loan loss provisioning. Net income for 1Q2019 grew by 21% on a normalized basis, excluding the increase in trading gains.

In terms of balance sheet, total resources went up by 8%, year-on-year, driven by growth in loans and deposits.

In summary, the Bank's net income went up to ₱9.8 Billion from ₱5.9 Billion on higher net interest income as a result of loan growth and increased CASA, normalized trading and FX gains, and strong fee-income growth both from traditional banking fees and insurance fees. Recurring revenues grew by 23% to ₱39.1 Billion.

President Tan informed the stockholders that overall, the Bank has a strong growth across all top line-up numbers, particularly in fee-income.

Where We Are Now

President Tan reported that BDO is still the largest bank in the Philippines in terms of total assets (₱3.0 Trillion), gross customer loans (₱2.0 Trillion), customer deposits (₱2.4 Trillion) and assets under management (₱1.2 Trillion), with a market share of 18%, 22%, 19% and 37%, respectively.

The Bank issued its Sustainability Report for the first time. It highlights the Bank's sustainability strategies covering its products, contribution, human capital, disaster response, and governance. The Bank's Sustainability Report conforms with the Global Reporting Initiative (GRI) standards. Going forward, the Bank will be issuing its Sustainability Report annually.

President Tan also presented some of the awards and citations bestowed upon the Bank in 2018. BDO was rated as the Best Bank in the Philippines by Asiamoney, Asset Asian Awards, Euromoney, Global Finance, FinanceAsia, Alpha Southeast Asia and The Asian Banker. Kantar TNS, which looks at bank's reputation, governance, performance, products, and service quality, also cited BDO as the Most Reputable Bank in the Philippines. The citation by Kantar TNS is being done every ten (10) years.

The Bank's subsidiaries were also cited as the Best Private Bank by six (6) awarding institutions and Best Investment Bank (Debt/Equity House) by five (5) awarding institutions.

In terms of product capabilities, BDO was cited as Best in Trade Finance/FX/Working Capital Provider, Best Investment/Fund/Asset Management Company, and Best in Cash Management. Likewise, the Bank's deals were awarded as the Best Deals in the Philippines as well as in Southeast Asia. Two (2) of the Corporate Officers of the Bank were recognized as Most Astute Investors.

Moreover, the Bank was also named Best in Retail and Consumer Banking, and Best in Internet/Social Media Banking; and was presented with Excellence in Marketing and Corporate Communications and Excellence in Investor Relations (Corporate and Individual Awards), Excellence in Corporate Governance, Social and Environmental Responsibility and Excellence in Corporate Governance.

President Tan stated that generally, the awarding institutions see the value in what the Bank is doing given the foregoing awards and citations.

Open Forum

After the President's presentation, the Chairman of the Meeting opened the floor to stockholders to provide them the opportunity to ask questions or give comments.

Stockholder Alfred Reiterer commended the Bank for the excellent results of its operations in 2018. Furthermore, he congratulated Chairperson Sy and President Tan for being both bestowed the Asian Corporate Director Recognition Award at the recently-held Corporate Governance Asia Awards.

Stockholder Reiterer remarked that corporate governance is very important, and he was a bit disappointed that he had to raise a concern with regard to corporate governance. He said he wrote a letter of complaint in January 2019 concerning Calata Corporation, which had been delisted in the Philippine Stock Exchange. The Bank, being the stock transfer agent of Calata Corporation, had been visited by several shareholders to view the stock and transfer book and to date, said request had been refused allegedly. He added that he was able to view the list of stockholders of Calata Corporation the last time he went to the Bank and had noted two (2) numbered accounts in the list, which in his point of view, was a violation of the Anti-Money Laundering Law because every shareholder should be known. However, he was not allowed by the person in charge to write down the account names. Stockholder Reiterer commented that based on the Corporation Code of the Philippines, shareholders have the right to inspect and make copies of the list of stockholders. Furthermore, the General Information Sheet also contains the names of the stockholders of a company. As such, he does not understand why the request to view the list of stockholders of Calata Corporation was being declined as he alleged.

President Tan offered his apologies, adding that it was the first time that he heard about the complaint. He undertook to look into the matter and stated that the Bank would abide by Stockholder Reiterer's request as long as there is no legal impediment.

Sister Maria Vida Cordero, a Franciscan sister representing the members of the Climate Reality Project, stated that she is very happy to note in the Bank's Sustainability Report that the Bank is harnessing renewable sources of energy. However, she would like the Bank to actively implement the global Paris Agreement on climate change to reduce carbon emission, adding that her organization does not want to see the Bank investing in coal-fired plants and destructive mining.

Moreover, Sister Cordero noted that the Bank's Sustainability Report also shows the Bank's involvement in disaster responses which should teach people lessons especially in the midst of climate change. She said her organization does not want the Bank to finance projects that would destroy the planet, and that BDO Unibank and its affiliates can be catalysts of change to continue protecting the planet, the common home of the people, as Pope Francis' encyclical love letter puts it. She added that the Bank is very good in innovation, in creativity, and in finding ways. She then inquired about the Bank's involvement in the Paris Agreement.

President Tan expressed his appreciation of the comments of Sister Cordero. He remarked that as a bank, BDO Unibank has many stakeholders, including investors who are supportive of the Paris Agreement. At the same time, the Bank is torn between what is good practice, what is legal, and what is necessary for growth. He stated that the Bank had been putting a lot more emphasis on lending to those that support the Paris initiative. However, admittedly, the requirements of the local economy, the shareholders, and other stakeholders still do not preclude the Bank from lending to those that may be seen as against the climate change or the Paris initiative. The Bank has to balance the aforementioned two (2) conflicting objectives, but hopefully, it would move more towards the global reporting initiative as it matures as an organization.

Stockholder Guillermo Gili, Jr. congratulated the Bank for its commendable balance sheet for the preceding year.

Stockholder Gili mentioned that he bought a Manager's Check in 2017. However, the check was not negotiated. He then inquired how he could recover his money. He said that he had asked the Branch Manager of Imus Cavite Branch about this concern and was told that he had to recover the original Manager's Check. However, the said Manager's Check was nowhere to be found. Thus, he asked for other ways on how he can recover his money.

President Tan replied that the Bank's Legal Department has to be consulted on what can be done to address the concern of Stockholder Gili. Chairperson Sy added that the Bank would look into all the papers that Stockholder Gili had and would see how the Bank could find ways to assist him in addressing this concern.

Chairperson Sy further stated that the Bank appreciates Stockholder Gili's continuous support.

Stockholder Estrella R. Onte inquired about the exposure of BDO Unibank to the Hanjin Group and if said exposure would affect the operations of the Bank.

President Tan replied that the Bank's exposure to Hanjin was a little over US\$ 50 Million and stated that the Bank had already provided for it.

There being no other comments and questions from the stockholders, the President's Annual Report and the Bank's Audited Financial Statements for the period ending December 31, 2018 were presented for notation and approval. The Bank's audited financial statements were appended to the Definitive Information Statement sent to all stockholders of record and included in the Annual Report earlier sent and distributed during registration. Upon motion duly made and seconded, the President's Annual Report and the Bank's Audited Financial Statements for 2018 were noted and approved by the stockholders, and the following resolution was passed and adopted:

Stockholders' Resolution No. 02-2019

“RESOLVED, That the President's Annual Report and the Audited Financial Statements of BDO Unibank, Inc. for the period ending December 31, 2018, be, as they are hereby, noted and approved.”

The Chairman of the Meeting directed the Corporate Secretary to have the minutes reflect a tabulation of all votes cast, including proxies that had cast their votes in favor of the approval of the President's Annual Report and the Bank's Audited Financial Statements for 2018, and to note the proxies that had chosen to abstain on voting for, or had voted against, the approval of the Bank's Audited Financial Statements for 2018.

Based on P&A's tabulation, the votes cast and received on the approval of the President's Annual Report and the Bank's Audited Financial Statements for 2018 were as follows:

Total Outstanding Shares	Total Votes Cast	Votes in Favor	Votes Against *	Abstentions *
4,890,009,369	3,913,518,182	3,693,103,777	19,631,634	200,782,771

** Proxy votes cast prior to the Stockholders' Meeting*

Accordingly, stockholders owning 3,693,103,777 voting shares or 94.37% of the total number of voting shares represented at the meeting noted and approved the President's Annual Report and the Bank's Audited Financial Statements for the period ending December 31, 2018, while stockholders owning 19,631,634 voting shares or 0.50% voted against, and stockholders owning 200,782,771 voting shares or 5.13% of the total number of votes cast abstained.

V. Approval and Ratification of All Acts of the Board of Directors, Board Committees, and Management during their respective Terms of Offices

The next item in the agenda taken up was the ratification of all acts, transactions and contracts entered into, as well as resolutions made and adopted by the Board of Directors, its duly constituted Board Committees and of Management from the date of the Annual Stockholders' Meeting in 2018 up to the Bank's 2019 Annual Stockholders' Meeting, as described in the Definitive Information Statement provided to the stockholders, including significant related party transactions.

Upon motion duly made and seconded, all acts of the Board, its Committees and Management were approved, confirmed, and ratified, and the following resolution was passed and adopted:

Stockholders' Resolution No. 03-2019

“RESOLVED, That all of the resolutions, acts and proceedings of the Board of Directors of BDO Unibank, Inc. (“BDO Unibank”), its Committees, and Management, heretofore adopted and taken up at the meetings of the Board of Directors, its Committees, and Management, since the Annual Stockholders' Meeting of BDO Unibank in 2018 to the

Bank's 2019 Annual Stockholders' Meeting, as described in the Definitive Information Statement provided to the stockholders, including all actions and proceedings, criteria and process for the Board of Directors' evaluation as published in the Bank's website, significant related party transactions, be, as they are hereby, approved, confirmed, and ratified."

The Chairman of the Meeting instructed the Corporate Secretary to have the minutes reflect a tabulation of votes to include proxies that had cast their votes in favor of the ratification of all acts of the Board of Directors, its Committees and Management, and to note the proxies that had voted against or had chosen to abstain.

Based on P&A's tabulation, the votes cast and received on the ratification of all acts of the Board of Directors, its Committees and Management during their respective terms of offices were as follows:

Total Outstanding Shares	Total Votes Cast	Votes in Favor	Votes Against *	Abstentions *
4,890,009,369	3,913,518,182	3,686,403,319	1,878,570	225,236,293

** Proxy votes cast prior to the Stockholders' Meeting*

Accordingly, stockholders owning 3,686,403,319 voting shares or 94.20% of the total number of voting shares represented at the meeting approved, confirmed and ratified all acts of the Board of Directors, its duly constituted Committees, and Management during their respective terms of offices, while stockholders owning 1,878,570 voting shares or 0.05% voted against, and stockholders owning 225,236,293 voting shares or 5.75% of the total number of votes cast abstained.

VI. Election of the Board of Directors

The Chairman of the Meeting announced the election of members of the Board of Directors of the Bank for 2019 as the next item in the agenda. In accordance with the Bank's By-Laws, the Nominations Committee has pre-screened and short-listed all candidates nominated to the Board of Directors. He called on Independent Director Jimmy T. Tang, Chairman of the Nominations Committee, to announce the nominees for the election of the Bank's Board of Directors for the year 2019-2020.

Director Tang stated that as of the close of the nomination period pursuant to the Bank's By-Laws, there were only eleven (11) persons nominated and qualified to fill up the eleven (11) seats in the Board. He announced that the Nominations Committee of the Bank had determined at a meeting held for the purpose that the following had all the qualifications and none of the disqualifications to be directors of the Bank for the year 2019-2020:

Teresita T. Sy
 Jesus A. Jacinto, Jr.
 Nestor V. Tan
 Josefina N. Tan
 Christopher A. Bell-Knight

Independent Directors

George T. Barcelon
 Jose F. Buenaventura
 Jones M. Castro, Jr.
 Vicente S. Pérez, Jr.
 Dioscoro I. Ramos
 Gilberto C. Teodoro, Jr.

Considering that there were only eleven (11) persons nominated to, and qualified for, the eleven (11) seats in the Board, Proxyholder Florence N. Contreras moved that all unqualified votes be cast in favor of the five (5) regular directors and six (6) independent directors who were nominated as members of the Board of Directors of the Bank for the year 2019-2020. Thus, upon motion duly made and seconded, the following resolution was passed and adopted:

Stockholders' Resolution No. 04-2019

“RESOLVED, That the following persons are hereby elected directors of BDO Unibank, Inc. for a period of one (1) year and until their successors shall have been duly elected and qualified:

Teresita T. Sy
Jesus A. Jacinto, Jr.
Nestor V. Tan
Josefina N. Tan
Christopher A. Bell-Knight

Independent Directors

George T. Barcelon
Jose F. Buenaventura
Jones M. Castro, Jr.
Vicente S. Pérez, Jr.
Dioscoro I. Ramos
Gilberto C. Teodoro, Jr.”

The Chairman of the Meeting directed the Corporate Secretary that the minutes of the meeting reflect a tabulation of all votes cast, including proxies that had cast their votes in favor of the election of each director and to note the proxies that voted against each director, or abstained. Based on the tally made by P&A, the votes cast and received, by nominees were as follows:

VII. Appointment of External Auditor

The Chairman of the Meeting then announced that the next item in the agenda was the appointment of the Bank's external auditor for the year 2019. He said that the Board Audit Committee had accepted nominations and pre-screened these nominees for external auditor. The current external auditor, Punongbayan & Araullo, Grant Thornton (P&A) has been recommended for re-appointment as the Bank's external auditor for the year 2019.

Upon motion duly made and seconded, and there being no objection, P&A was re-appointed external auditor of the Bank for the year 2019, and the following resolution was passed and adopted:

Stockholders' Resolution No. 05-2019

“RESOLVED, That the Stockholders approve, as they hereby approve, the re-appointment of PUNONGBAYAN & ARAULLO, GRANT THORNTON as external auditor of BDO Unibank, Inc. for the year 2019 under such terms and conditions of engagement as may be approved by the Board of Directors.”

The Chairman of the Meeting directed the Corporate Secretary to have the minutes reflect a tabulation of all votes cast, including proxies that had cast their votes in favor of re-appointment of P&A as external auditor, and to note those proxies that had voted against the re-appointment of the external auditor, or had chosen to abstain.

Based on P&A's tabulation, the votes cast and received on the re-appointment of external auditor for the year 2019 were as follows:

Total Outstanding Shares	Total Votes Cast	Votes in Favor	Votes Against *	Abstentions *
4,890,009,369	3,913,518,182	3,698,184,314	20,903,182	194,430,686

** Proxy votes cast prior to the Stockholders' Meeting*

Accordingly, stockholders owning 3,698,184,314 voting shares or 94.50% of the total number of voting shares represented at the meeting approved the re-appointment of P&A as the Bank's external auditor for 2019, while stockholders owning 20,903,182 voting shares or 0.53% voted against, and stockholders owning 194,430,686 voting shares or 4.97% of the total number of votes cast abstained.

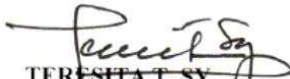

VIII. Adjournment

There being no further business to transact, and upon motion duly made and seconded, the meeting was adjourned at 3:05 o'clock in the afternoon.

EDMUNDO L. TAN
