KEY FEATURES

Increasing life insurance protection

Guaranteed Lifestyle Cash Benefit

Income Subsidy Benefit if the Insured passes away

Cash Continuity Guarantee ensures beneficiaries receive all scheduled cash benefits in case of Insured's death

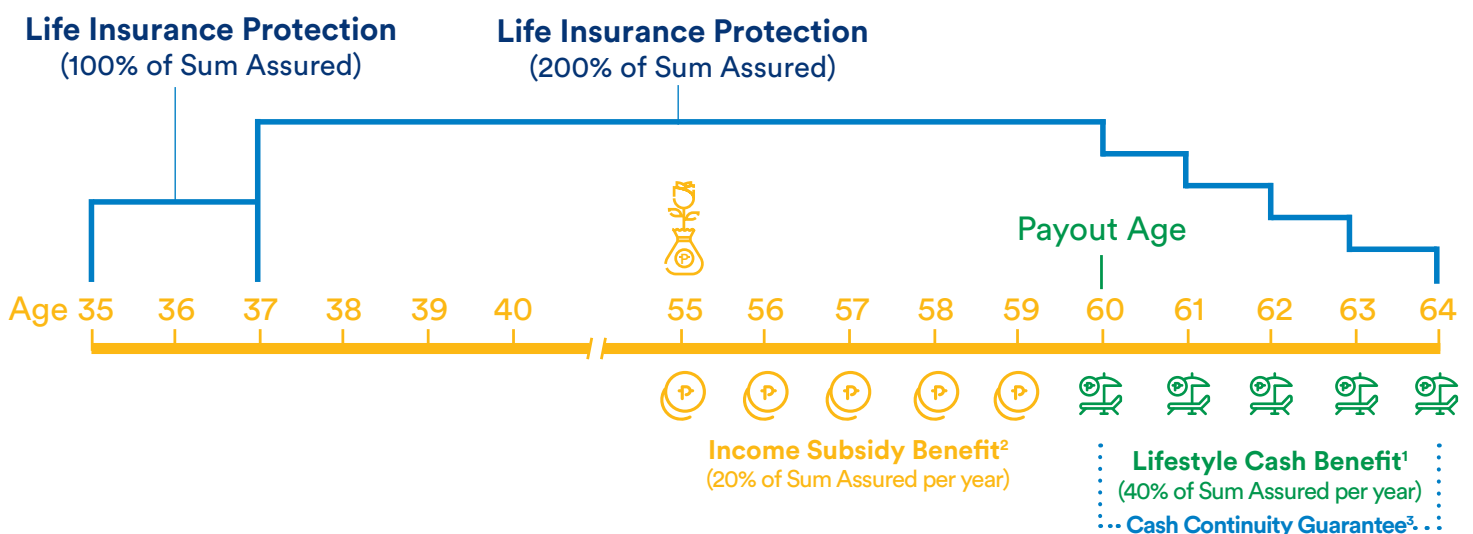

Flexible premium payment options of 5 or 10 years

Option to enhance plan through the Variable Life Insurance Rider

HOW IT WORKS

The illustration above is based on a 35-year-old male with a chosen Lifestyle Cash Benefit Payout Age of 60. Assuming the Insured passes away at age 55 (5 years before his Lifestyle Cash Benefit begins), his beneficiaries will receive: (1) the life insurance protection; (2) the Income Subsidy Benefit as scheduled, and (3) the Lifestyle Cash Benefit as scheduled.

Notes

- ¹The Lifestyle Cash Benefit provides an annual cash payout equal to 40% of the Sum Assured. Each payout reduces the life insurance protection benefit by 40% per year.
- ²The Income Subsidy Benefit, equal to 20% of the Sum Assured per year, is paid out to beneficiaries starting on the policy anniversary after the Insured's death, until the year before the Lifestyle Cash Benefit is scheduled to be paid.
- ³Cash Continuity Guarantee ensures that the Lifestyle Cash Benefit will continue to be paid to the beneficiaries as originally scheduled, even if the Insured is no longer around.

Things to remember

- Lifestyle Secure is available in both PHP and USD values.
- Enjoy the flexibility of choosing your plan's Payout Age (45, 50, 55, 60, 65, or 70). This allows you to determine when you will start receiving the Lifestyle Cash Benefit.
- Enhance your plan with the Variable Life Insurance (VLI) Rider. Talk to your Financial Advisor to learn more about how the VLI Rider can boost both the savings and protection components of your plan.
