Our Fees

BDO Securities makes investing affordable with our low commission structure.

Here is an example of BDO Securities' fees and commissions for buying and selling P10,000 of stock— inclusive of broker commission, VAT, SCCP* Fee, and Sales Tax.

Tip #1: BDO Securities charges 0.25% or P20.00 (whichever is higher). When buying and selling stock with BDO Securities, the commission percentage charged will be lowest when making trades of P8,000 or more. This is because single trades less than P8,000 will be charged the P20.00 minimum.

Tip #2: You can also take advantage of Daily Gross Trades if you are an active trader (see next page).
